I have the honour to be,
Sir,
Your most obedient, humble Servant,

The Officer administering
The Government of Canada.

Extract from the London Gazette of Friday, 11th May, 1894.

EXTRADITION TREATY WITH ROUMANIA.

WINDSOR, 30th April, 1894.

AT the Court at Windsor, the 30th day of April, 1894.

PRESENT:

The QUEEN'S Most Excellent Majesty.
Lord President.
Lord Steward.
Earl of Chesterfield.
Lord Chamberlain.
Sir Charles Russell.
Sir Frank Lascelles.

WHEREAS by the Extradition Acts, 1870 and 1873, it was amongst other things enacted that, where an arrangement has been made with any foreign State with respect to the surrender to such State of any fugitive criminals, Her Majesty may, by Order in Council, direct that the said Acts shall apply in the case of such foreign State; and that Her Majesty may, by the same or any subsequent Order, limit the operation of the Order, and restrict the same to fugitive criminals who are in or suspected of being in the part of Her Majesty's dominions specified in the Order, and render the operation thereof subject to such conditions, exceptions and qualifications as may be deemed expedient; and that if, by any law made after the passing of the Act of 1870 by the Legislature of any British possession, provision is made for carrying into effect within such possession the surrender of fugitive criminals who are in or suspected of being in such British possession, Her Majesty may, by the Order in Council applying the said Acts in the case of any foreign State, or by any subsequent Order, suspend the operation within any such British possession of the said Acts, or of any part thereof, so far as it relates to such foreign State, and so long as such law continues in force there, and no longer:

And whereas by an Act of the Parliament of Canada passed in 1886, and entitled "An Act respecting the Extradition of Fugitive Criminals," provision is made for carrying into effect within the Dominion the surrender of fugitive criminals:

And whereas by an Order of Her Majesty the Queen in Council, dated the seventeenth day of November, one thousand eight hundred and eighty-eight, it was directed that the operation of the Extradition Acts, 1870 and 1873, should be suspended within the Dominion of Canada so long as the provision of the said Act of the Parliament of Canada of 1886 should continue in force, and no longer:

And whereas a Treaty was concluded on the twenty-first day of March, one thousand eight hundred and ninety-three, between Her Majesty and His Majesty the King of Roumania for the mutual extradition of fugitive criminals, which Treaty is in the terms following:—

Her Majesty the Queen of the United Kingdom of Great Britain and Ireland, Empress of India, and His Majesty the King of Roumania, having judged it expedient, with a view to the better administration of justice and to the prevention of crime within their respective territories, that persons charged with or convicted of the crimes hereinafter enumerated and being fugitives from justice, should, under certain circumstances, be reciprocally delivered up, the said high contracting parties have named as their Plenipotentiaries to conclude a Treaty for this purpose, that is to say:

"If the person claimed should be under examination, or is undergoing sentence under a conviction, for any other crime within the territories of the two high contracting parties respectively, his extradition shall be deferred until after he has been discharged, whether by acquittal or on expiration of his sentence, or otherwise.

"ARTICLE V.

"The extradition shall not take place if, subsequently to the commission of the crime, or the institution of penal prosecution, or the conviction thereon, exemption from prosecution or punishment has been acquired by lapse of time, according to the laws of the State applied to.

"The requisition for extradition shall be made through the Diplomatic Agents of the high contracting parties respectively.

"The requisition for the extradition of the accused person must be accompanied by a warrant of arrest issued by competent authority of the State requiring the extradition, and by such evidence as, according to the laws of the place where the accused is found, would justify his arrest if the crime had been committed there.

"If the requisition relates to a person already convicted, it must be accompanied by the sentence of condemnation passed against the convicted person by the competent Court of the State that makes the requisition for extradition.

"A sentence passed in contumaciam is not to be deemed a conviction, but a person so sentenced may be dealt with as an accused person.

"ARTICLE IX.

"If the requisition for extradition be in accordance with the foregoing stipulations, the competent authorities of the State applied to shall proceed to the arrest of the fugitive.

"ARTICLE X.

"If the fugitive has been arrested in the British dominions, he shall forthwith be brought before a competent Magistrate, who is to examine him and to conduct the preliminary investigation of the case, just as if the apprehension had taken place for a crime committed in the British dominions.

"In the examination which they have to make in accordance with the foregoing stipulations, the authorities of the British dominions shall admit as valid evidence the sworn depositions or the affirmations of witnesses taken in Roumania, or copies thereof, and likewise the warrants and sentences issued therein, and certificates of, or judicial documents stating the fact of, a conviction, provided the same are authenticated as follows :—

"1. A warrant must purport to be signed by a Judge, Magistrate, or Judicial Officer of Police of Roumania.

"2. Depositions or affirmations, or the copies thereof, must purport to be certified under the hand of a Judge, Magistrate, or Judicial Officer of Police of Roumania, to be the original depositions or affirmations, or to be the true copies thereof, as the case may require.

"3. A certificate of or judicial document stating the fact of a conviction must purport to be certified by a Judge, Magistrate, or Judicial Officer of Police of Roumania.

"4. In every case such warrant, deposition, affirmation, copy, certificate, or judicial document must be authenticated either by the oath of some witness, or by being sealed with the official seal of the Minister of Justice, or of Foreign Affairs of Roumania : but any other mode of authentication for the time being permitted by the law in that part of the British dominions where the examination is taken, may be substituted for the foregoing.

ARTICLE XI.

"On the part of the Roumanian Government, the extradition shall take place as follows in Roumania :—

"The Minister, or other Diplomatic Agent of Her Britannic Majesty in Roumania, shall send to the Minister of Foreign Affairs, in support of each demand for extradition, an authentic and duly legalized copy either of a certificate of condemnation, or of arrest against an incriminated or accused person, showing clearly the nature of the crime or offense on account of which proceedings are being taken against the fugitive. The judicial document so produced shall be accompanied by a description and other particulars serving to establish the identity of the person whose extradition is claimed.

"In case the documents produced by the British Government to establish the identity, and the particulars gathered by the Roumanian police authorities for the same purpose, should be deemed to be sufficient, notice thereof shall forthwith be given to the Minister or other Diplomatic Agent of Her Britannic Majesty in Roumania, and the individual whose extradition is desired, if he has been arrested, shall remain in detention until the British Government has produced new elements of proof to establish his identity, or to clear up any other difficulties arising in the examination.

"ARTICLE XII.

"The extradition shall not take place unless the evidence be found sufficient, according to the laws of the State applied to, either to justify the committal of the prisoner for trial, in case the crime has been committed in the territory of the said State, or to prove that the prisoner is the identical person convicted by the Courts of the State which makes the requisition, and that the crime of which he has been convicted is one in respect of which extradition could, at the time of such conviction, have been granted by the State applied to. In Her Britannic Majesty's dominions the fugitive criminal shall not be surrendered until the expiration of fifteen days from the date of his being committed to prison to await surrender.

"ARTICLE XIII.

"If the individual claimed by one of the two High Contracting Parties in pursuance of the present Treaty should be also claimed by one or several other Powers, on account of other crimes or offences committed upon their respective territories, his extradition shall be granted to that State whose demand is earliest in date.

"ARTICLE XIV.

"If sufficient evidence for the extradition be not produced within two months from the date of the apprehension of the fugitive, or within such further time as the State applied to, or the proper Tribunal thereof shall direct, the fugitive shall be set at liberty.

"ARTICLE XV.

"All articles seized which were in the possession of the person to be surrendered, at the time of his apprehension, shall, if the competent authority of the State applied to for the extradition has ordered the delivery thereof, be given up when the extradition takes place, and the said delivery shall extend not merely to the stolen articles, but to everything that may serve as a proof of the crime.

"ARTICLE XVI.

"All expenses connected with extradition shall be borne by the demanding State.

"ARTICLE XVII.

"The stipulations of the present Treaty shall be applicable to the Colonies and foreign possessions of Her Britannic Majesty, so far as the laws for the time being in force in such Colonies and foreign possessions respectively will allow.

"The requisition for the surrender of a fugitive criminal who has taken refuge in any of such Colonies or foreign possessions may be made to the Governor or chief authority of such Colony or possession by any person authorized to act in such Colony or possession as a Consular officer of Roumania.

"Such requisitions may be disposed of, subject always, as nearly as may be, and so far as the law of such Colony or foreign possession will allow, to the provisions of this Treaty, by the said Governor or chief authority, who, however, shall be at liberty either to grant the surrender or to refer the matter to his Government.

"Her Britannic Majesty shall, however, be at liberty to make special arrangements in the British Colonies and foreign possessions for the surrender of criminals from Roumania who may take refuge within such Colonies and foreign possessions, on the basis, as nearly as may be and so far as the law of such Colony or foreign possession will allow, of the provisions of the present Treaty.

"Requisitions for the surrender of a fugitive criminal emanating from any Colony or foreign possession of Her Britannic Majesty shall be governed by the rules laid down in the preceding Articles of the present Treaty.

"ARTICLE XVIII.

"The present Treaty shall come into force ten days after its publication, in conformity with the forms prescribed by the laws of the high contracting parties. It may be terminated by either of the high contracting parties at any time on giving to the other six months' notice of its intention to do so.

"The Treaty shall be ratified, and the ratifications shall be exchanged at Bucharest as soon as possible.

"In witness whereof the respective Plenipotentiaries have signed the same, and have affixed thereto the seal of their arms.

"Done in duplicate at Bucharest, the twenty-first (ninth) day of March, in the year of Our Lord one thousand eight hundred and ninety-three.

"[L.S.] CHARLES HARDINGE."

"The Roumanian Government may in its absolute discretion refuse to deliver up any person charged with a crime punishable with death.

"This Protocol shall have the same force and the same duration as the Treaty of Extradition signed today.

"In witness whereof the respective Plenipotentiaries have signed the same, and have affixed thereto the seal of their arms.

"Done in duplicate at Bucharest, the 21st (9th) March, 1893.

"[L.S.] CHARLES HARDINGE."
"[L.S.] AL. LAHOVARI."

And whereas a Protocol explanatory of Section twenty-one of Article II of the aforesaid Treaty was signed at Bucharest on the thirteenth day of March one thousand eight hundred and ninety-four, which Protocol is in the terms following :—

"In order to avoid the possibility of any misunderstanding arising from the present text of § 21 of Article II of the Treaty of Extradition concluded between Great Britain and Roumania on the 21st (9th) of March, 1893, the undersigned Plenipotentiaries, duly authorized thereto by their respective Governments, have agreed as follows :—

"The fact of having kidnapped or falsely imprisoned one or more persons will not admit of a requisition for extradition being made unless the act shall have been committed by private individuals. No such requisition can be made as against public functionaries who may have been guilty of the act in question while in the performance of their duties.

"The present Protocol shall be considered as approved and sanctioned by the respective Governments without any special ratification, by the sole fact of the exchange of the ratifications of the Treaty to which it refers.

"Done in duplicate at Bucharest thirteenth (first) day of March, in the year of Our Lord one thousand eight hundred and ninety-four.

"[L.S.] JOHN WALSHAM."
"[L.S.] AL. LAHOVARI."

And whereas the ratifications of the said Treaty and Protocol of the twenty-first day of March one thousand eight hundred and ninety-three were exchanged at Bucharest on the thirteenth day of March, one thousand eight hundred and ninety-four.

Now, therefore, Her Majesty, by and with the advice of Her Privy Council, and in virtue of the authority committed to Her by the said recited Acts, doth order, and it is hereby ordered, that from and after the twenty-first day of May, one thousand eight hundred and ninety-four, the said Acts shall apply in the case of Roumania, and of the said Treaty and Protocol of the twenty-first of March one thousand eight hundred and ninety-three and of the Protocol of the thirteenth of March one thousand eight hundred and ninety-four with the King of Roumania.

Provided always, and it is hereby further ordered, that the operation of the said Extradition Acts, 1870 and 1873, shall be suspended within the Dominion of Canada so far as relates to Roumania and to the said Treaty and Protocol, and so long as the provisions of the Canadian Act aforesaid of 1886 continue in force, and no longer.

ORDERS IN COUNCIL.

[1793]

AT THE GOVERNMENT HOUSE AT OTTAWA.

Saturday, the 16th day of June, 1894.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

On a Report dated 8th June, 1894, from the Minister of Marine and Fisheries, calling attention, with reference to the Order in Council of the 18th April last, approving By-laws of the Pilotage Authority of the District of Pugwash, to section 24, chapter 83 of the Consolidated Orders in Council of the 12th June, 1889, defining the limits of the District referred to and stating that by Order in Council of the 2nd February, 1877, the limits of the District when established were defined as being bounded on the east by Cape Cliff, and on the west or north-west by Lewis Head, both in the County of Cumberland.

The Minister further states that it would appear that the by-laws passed by the Commissioners and approved by Order in Council of the 15th of June, 1877, enlarged the limits of the District so as to embrace all the navigable waters between Cape Cliff and the Provincial dividing line between Nova Scotia and New Brunswick, and this change has been incorporated in the Consolidated Orders in Council of the 12th of June, 1889, above referred to.

That by Order in Council of the 30th May, 1883, a Pilotage District was established for the Port of Tidnish, in the County of Cumberland, and the limits of this district were defined by this order as extending from Lewis Head to the division line between the Provinces of Nova Scotia and New Brunswick, a portion of the limits given in the Consolidated Orders as pertaining to the Pilotage District of Pugwash. It consequently becomes necessary in order that pilots of Pugwash may be confined to the waters of their proper district, that the Consolidated Order be amended, and the limits of the Pilotage District of Pugwash be defined as stated in the Order in Council of the 2nd February, 1877, establishing the district, viz. :—as being bounded on the east by Cape Cliff and on the west or north-west by Lewis Head, both in the County of Cumberland, and he, the Minister recommends accordingly.

The Minister also recommends that Rule 12 of the By-laws of the Pilotage District of Pugwash approved by the Order in Council of the 18th April, 1894, which by-law defines the limits of the district, be amended in accordance with the provisions of the Order in Council of the 2nd of February, 1877.

The Committee submit the above recommendation for Your Excellency's approval.

JOHN J. McGEE,
53-4 Clerk of the Privy Council.

The Committee submit the above for Your Excellency's approval.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

On a Report dated 30th May, 1894, from the Minister of Marine and Fisheries, stating that application has been made in writing for permission to change the name of the yacht "Titania" to "Tit Willow."

The Minister recommends, as the vessel is a pleasure yacht, and not engaged in trade or commerce, and her present name is difficult to pronounce, as likewise distasteful to her owner and his family, that permission be granted to change the name to "Tit Willow" under the authority contained in the 21st section of chapter 72 of the Revised Statutes, and that notice of the change be published in the *Canada Gazette.*

The Committee submit the same for Your Excellency's approval.

JOHN J. McGEE,

AT THE GOVERNMENT HOUSE AT OTTAWA.

Tuesday, the 19th day of June, 1894.

PRESENT:

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a Memorandum, dated 7th June, 1894, from the Minister of Justice, stating that for the reasons hereinafter mentioned, it appears to him to be advisable and in the public interest, in cases where a charter of incorporation is to be granted under the provisions of "The Companies Act" (Revised Statutes of Canada, chapter 119) that the prefix "The" should form part of the corporate name to be given to the company.

The Minister further states that it may be assumed that one of the chief purposes of obtaining Letters Patent under the Act before referred to, would be the obtaining of that freedom from liability attaching to persons ordinarily engaged in business or trade, and he therefore is of opinion that it is essential that the name of the company to be incorporated should be such as would be a constant notice to anyone dealing with the company, that it is incorporated, and as such, subject to statutory limitation as to liability.

The Minister therefore recommends that in all cases where Letters Patent of incorporation are granted under the provisions of the Act in question, the prefix "The" shall form a part of the corporate name to be given to such company.

The Committee submit the above recommendation for Your Excellency's approval, and recommend that this Minute, if approved, be published in the *Canada Gazette.*

The new signal is a cotton powder cartridge exploded from a derrick erected on the roof of the gun-shed or close to the point from which the gun was previously fired.

The explosions should give loud reports, sharper than those from pieces of ordnance.

Until the supply of gunpowder at the several stations is exhausted the guns will be used when the weather conditions are most favourable for the transmission of sound, but when used will be used with intervals of 20 minutes instead of 30 minutes as formerly.

II. HAND FOG HORN AT BATTERY POINT.

A hand fog horn has been supplied to the light station at Battery Point, Lunenburg, on the Atlantic coast of Nova Scotia.

Lat. N. 44° 21' 45"
Long. W. 64° 17' 35"

The horn will be sounded in thick weather in answer to signals from vessels.

This notice affects Canadian List of Lights and Fog Signals No. 175.

DÉPÊCHES.

Extrait de la Gazette de Londres de vendredi le 11 *de mai* 1894.

TRAITÉ D'EXTRADITION AVEC LA ROUMANIE.

WINDSOR, 30 avril 1894.

AU Château de Windsor, le 30e jour d'avril 1894.

PRÉSENTS :

Sa Très-Excellente Majesté la REINE.
Le Lord Président.
Le Lord Intendant.
Le Comte de Chesterfield.
Le Lord Chambellan.
Sir Charles Russell.
Sir Frank Lascelles.

CONSIDÉRANT que par les *Actes d'Extradition*, 1870 et 1873, il est statué, entre autres choses, que chaque fois qu'un arrangement aura été conclu avec un Etat étranger au sujet de la reddition à cet Etat de criminels fugitifs, Sa Majesté pourra ordonner par arrêté en conseil que les dits actes s'appliqueront à l'égard de l'Etat étranger en question ; et que Sa Majesté pourra, par le même ou par un arrêté subséquent, restreindre l'opération du dit arrêté et limiter son application aux criminels fugitifs qui se trouvent ou sont supposés se trouver dans la partie des possessions de Sa Majesté spécifiées dans l'arrêté, et en rendre l'exécution sujette aux conditions, exceptions et restrictions qui pourront être jugées convenables ; et que si, par quelque loi adoptée après la sanction de l'Acte de 1870 par la législature de toute possession britannique, il est pourvu à l'extradition de criminels fugitifs qui se trouvent ou sont soupçonnés se trouver dans cette possession britannique, Sa Majesté pourra, par un arrêté en conseil, appliquer les dits actes à l'égard de tout Etat étranger, ou par tout arrêté subséquent suspendre la mise en opération, dans toute telle possession britannique, des dits actes ou de toute partie de ces actes, en tant qu'ils se rapportent à cette puissance étrangère, et aussi longtemps que ces lois continueront d'y être en vigueur, mais pas plus longtemps ;

Et considérant que dans un acte du parlement du Canada, passé en 1886, intitulé "Acte concernant l'extradition de criminels fugitifs," il est pourvu à la reddition des criminels fugitifs qui se trouvent ou pourront se trouver au Canada ;

Et considérant que par un arrêté de Sa Majesté en conseil, en date du dix-septième jour de novembre mil huit cent quatre-vingt-huit, il est décrété que l'opération des Actes d'extradition de 1870 et 1873 sera suspendue au Canada tant que les dispositions du dit acte du parlement du Canada de 1886 continueront en vigueur et pas plus longtemps ;

Et considérant qu'un traité a été conclu le vingt-unième jour de mars mil huit cent quatre-vingt-treize entre Sa Majesté et Sa Majesté le Roi de Roumanie, pour l'extradition mutuelle de criminels fugitifs, lequel est rédigé comme suit :—

"Sa Majesté la Reine du Royaume-Uni de la Grande-Bretagne et d'Irlande, Impératrice de l'Inde, et Sa Majesté le Roi de Roumanie, ayant jugé convenable, en vue d'une meilleure administration de la justice, et pour prévenir les crimes dans leurs territoires respectifs, que les individus accusés ou convaincus des crimes ci-après énumérés, et qui se seraient soustraits par la fuite aux poursuites de la justice fussent, dans certaines circonstances, réciproquement extradés, ont nommé pour leurs plénipotentiaires, à l'effet de conclure un traité dans ce but, savoir :

"Sa Majesté la Reine du Royaume-Uni de la Grande-Bretagne et d'Irlande, Impératrice de l'Inde, l'Honorable Charles Hardinge, chargé d'affaires de Sa Majesté Britannique à Bucharest, etc., etc. ;

"Et Sa Majesté le Roi de Roumanie, M. Alexandre N. Lahovari, grand-croix de Son Ordre de la Couronne de Roumanie, etc., etc., Son Ministre-Secrétaire d'Etat pour les affaires étrangères ; et

"ARTICLE III.

"Chacun des deux gouvernements aura liberté pleine et entière de refuser à l'autre l'extradition de ses propres sujets.

"ARTICLE IV.

"L'extradition ne sera pas accordée si l'individu réclamé a déjà été jugé, acquitté ou puni, ou se trouve encore sous jugement dans les territoires des deux hautes parties contractantes respectivement, pour le crime à raison duquel l'extradition est demandée.

"Si la personne réclamée est en état de prévention dans les territoires des deux hautes parties contractantes respectivement, pour un autre crime, son extradition sera différée jusqu'à la conclusion de son procès, et qu'elle ait purgé la peine qui lui aura été infligée.

"La demande d'extradition d'un prévenu devra être accompagnée d'un mandat d'arrêt décerné par l'autorité compétente de l'Etat requérant, et des preuves qui, d'après les lois de l'endroit où le prévenu a été trouvé, justifieraient son arrestation si l'acte punissable y avait été commis.

"Si la demande d'extradition concerne une personne déjà condamnée, elle doit être accompagnée de l'arrêt de condamnation qui a été rendu contre le coupable par le tribunal compétent de l'Etat requérant.

"ARTICLE XI.

"De la part du gouvernement roumanien, l'extradition aura lieu comme suit en Roumanie :—

"Le ministre, ou autre agent diplomatique de Sa Majesté Britannique en Roumanie, enverra au Ministre des Affaires étrangères, à l'appui de chaque demande d'extradition, une copie authentique et dûment certifiée soit d'un certificat de condamnation, ou d'arrestation contre une personne incriminée ou accusée, indiquant clairement la nature du crime ou du délit qui a fait instituer des poursuites contre le fugitif. Le document judiciaire ainsi produit sera accompagné d'une description et autres détails servant à établir l'identité de la personne dont l'extradition est demandée.

"Si les documents produits par le gouvernement britannique à l'effet d'établir l'identité, et les détails recueillis par la police roumanienne au même effet, sont trouvés suffisants, avis en sera immédiatement donné au ministre ou autre agent diplomatique de Sa Majesté Britannique en Roumanie, et l'individu dont l'extradition est demandée, s'il a été arrêté, restera en détention jusqu'à ce que le gouvernement britannique ait produit de nouveaux éléments de preuve pour établir son identité, ou pour dissiper toute autre difficulté survenant dans l'instruction de la cause.

"ARTICLE XII.

"L'extradition n'aura lieu que dans le cas où les preuves fournies auront été trouvées suffisantes d'après les lois de l'Etat requis, soit pour justifier la mise sous jugement du prisonnier, dans le cas où le crime aurait été commis sur le territoire du même Etat, soit pour constater l'identité du prisonnier avec l'individu condamné par les tribunaux de l'Etat requérant, et prouver que le crime dont il a été reconnu coupable aurait pu causer son extradition par l'Etat requis à l'époque de sa condamnation. Dans les possessions de Sa Majesté Britannique l'extradition d'un criminel n'aura lieu qu'à l'expiration d'un terme de quinze jours à dater de son emprisonnement en vue de l'extradition.

"ARTICLE XIII.

"Si l'individu réclamé par l'une des deux hautes parties contractantes, en exécution du présent traité, est aussi réclamé par une ou plusieurs autres puissances, du chef d'autres crimes ou délits commis sur leurs territoires respectifs, son extradition sera accordée à l'Etat dont la demande est la plus ancienne en date.

“ARTICLE XIV.

“Le fugitif sera mis en liberté si les preuves suffisantes à l'appui de la demande en extradition ne sont pas produites dans l'espace de deux mois, à partir du jour de l'arrestation ou de tel autre terme plus éloigné qui aura été indiqué par l'Etat requis ou le tribunal compétent de cet Etat.

“ARTICLE XV.

“Tous les objets saisis en la possession de l'individu réclamé au moment de son arrestation seront, si l'autorité compétente de l'Etat requis en a ordonné la remise, livrés lorsque l'extradition aura lieu ; cette remise ne comprendra pas seulement les objets volés, mais encore tout ce qui peut servir de pièce de conviction.

“ARTICLE XVI.

“Toutes les dépenses occasionnées par une demande d'extradition seront à la charge de l'Etat requérant.

“ARTICLE XVII.

“Les stipulations du présent traité seront applicables aux colonies et possessions étrangères de Sa Majesté Britannique, pour autant que faire se pourra d'après les lois en vigueur dans ces colonies et possessions étrangères respectivement.

“La demande d'extradition d'un criminel qui s'est réfugié dans une de ces colonies ou possessions étrangères pourra être faite au Gouverneur ou à l'autorité supérieure de cette colonie ou possession, par toute personne autorisée à agir dans toute colonie ou possession comme officier consulaire de Roumanie.

“Le Gouverneur ou l'autorité supérieure mentionné ci-dessus décidera à l'égard de telles demandes, en se conformant autant que faire se pourra, d'après les lois de ces colonies ou possessions étrangères, aux stipulations du présent traité. Il sera toutefois libre d'accorder l'extradition ou de soumettre le cas à son gouvernement.

“Il est réservé toutefois à Sa Majesté Britannique de faire, en se conformant autant que faire se pourra d'après les lois de ces colonies ou possessions étrangères, aux stipulations du présent traité, des arrangements spéciaux dans les colonies britanniques et possessions étrangères pour l'extradition de criminels de Roumanie qui auraient trouvé un refuge dans ces colonies et possessions étrangères.

“Les demandes concernant l'extradition de criminels qui se sont échappés d'une des colonies ou possessions étrangères de Sa Majesté Britannique seront traités suivant les dispositions des articles précédents du présent traité.

“ARTICLE XVIII.

“Le présent traité sera exécutoire à dater du dixième jour après sa promulgation, dans les formes prescrites par les lois des deux pays. Chacune des hautes parties contractantes pourra en tout temps mettre fin au traité en donnant à l'autre un avis de six mois.

“Le traité sera ratifié, et les ratifications seront échangées à Bucharest aussitôt que faire se pourra.

“En foi de quoi les plénipotentiaires respectifs ont signé le présent traité et y ont apposé le cachet de leurs armes.

“Fait à Bucharest, le vingt-unième (neuvième) jour de mars mil huit cent quatre-vingt-treize.

“[L.S.] CHARLES HARDINGE.
“[L.S.] AL. LAHOVARI.”

Et considérant qu'un protocole relatif au susdit traité a été signé à Bucharest le vingt-unième jour de mars mil huit cent quatre-vingt-treize, lequel protocole est dans les termes ci-dessous :—

“Au moment de procéder à la signature du traité d'extradition conclu ce jour, les plénipotentiaires soussignés de Sa Majesté la Reine du Royaume-Uni de la Grande-Bretagne et d'Irlande, Impératrice de l'Inde, et de Sa Majesté le Roi de Roumanie, sont convenus de la déclaration suivante :—

“Le gouvernement roumanien pourra à sa discrétion absolue refuser de livrer une personne accusée d'un crime punissable de mort.

“Ce protocole aura la même force et la même durée que le traité d'extradition signé aujourd'hui.

“En foi de quoi les plénipotentiaires respectifs ont signé le présent protocole et y ont apposé le cachet de leurs armes.

“Fait en double à Bucharest le 21 (9) de mars 1893.

“[L.S.] CHARLES HARDINGE.
“[L.S.] AL. LAHOVARI.”

Et considérant qu'un protocole explicatif de la section vingt et un de l'article II du susdit traité a été signé à Bucharest le treizième jour de mars mil huit cent quatre-vingt-quatorze, lequel protocole est dans les termes suivants :—

“Afin d'éviter la possibilité qu'un malentendu survienne du texte actuel de la § 21 de l'article II du traité d'extradition conclu entre la Grande-Bretagne et la Roumanie le 21 (9) de mars 1893, les plénipotentiaires soussignés, dûment autorisés à cet effet par leurs gouvernements respectifs, sont convenus comme suit :—

“Le fait d'avoir séquestré ou emprisonné illégalement une ou plusieurs personnes ne donnera pas droit à une demande d'extradition, à moins que l'acte n'ait été commis par des individus particuliers. Nulle telle requisition ne peut être faite contre des fonctionnaires publics qui auraient pu se rendre coupables de l'acte en question dans l'exercice de leurs devoirs.

“Le présent protocole sera censé être approuvé et sanctionné par les gouvernements respectifs sans aucune ratification spéciale, par le seul fait de l'échange des ratifications du traité auquel il réfère.

“Fait en double à Bucharest, le treizième (premier) jour de mars, dans l'année de Notre-Seigneur mil huit cent quatre-vingt-quatorze.

“[L.S.] JOHN WALSHAM.
“[L.S.] AL. LAHOVARI.”

Et attendu que les ratifications des dits traité et protocole du vingt-unième jour de mars mil huit cent quatre-vingt-treize ont été échangées à Bucharest le treizième jour de mars mil huit cent quatre-vingt-quatorze.

C'est pourquoi Sa Majesté, par et de l'avis de son Conseil privé, et en vertu de l'autorité que lui confèrent les dits actes cités, ordonne et il est par le présent ordonné, que le et après le vingt-unième jour de mai mil huit cent quatre-vingt-quatorze, les dits actes s'appliqueront dans le cas de Roumanie, et des dits traité et protocole du vingt-unième jours de mars mil huit cent quatre-vingt-treize, et du protocole du treizième jour de mars mil huit cent quatre-vingt-quatorze avec le Roi de Roumanie.

Pourvu, toujours, et il est par le présent ordonné que l'opération des dits Actes d'extradition 1870 et 1873 sera suspendue dans la Puissance du Canada, en tant qu'il s'agit de Roumanie et des dits traité et protocole, et tant que les dispositions de l'acte canadien de 1886 resteront en vigueur, et pas plus longtemps.

ARRÊTÉS EN CONSEIL.

[1688]

HOTEL DU GOUVERNEMENT A OTTAWA.

Samedi, le 9e jour de juin 1894.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

CONSIDÉRANT que de petits moutons sont amenés à Montréal des Etats de l'Ouest, pour de là être expédiés en dehors du Canada, et qu'il est jugé à propos d'augmenter de neuf à dix le nombre maximum de moutons alloués dans un espace,

Il plaît à Son Excellence, en vertu des pouvoirs qui lui sont conférés par le 3e article de l'Acte 54-55 Victoria, chapitre 36, intitulé “Acte concernent l'expédition du bétail,” et par et avec l'avis du Conseil privé de la Reine pour le Canada, d'ordonner que le deuxième article des règles et règlements établis pour réglementer l'expédition du bétail du Canada à l'autre côté de l'Atlantique, soit et il est par le présent abrogé, et remplacé par le suivant :—

Espace.—No. 2. Le bétail gras porté sur le pont supérieur ou faux pont ou tout autre pont devra avoir un espace de 2 pieds 8 pouces pleins de largeur sur 8 pieds pleins de longueur, chacun, et pas moins que 6 pieds 3 pouces de hauteur (mais les parcs à moutons auront pas moins que 7 pieds de hauteur, divisés en deux compartiments de 3 pieds 6 pouces de hauteur chacun), et il ne sera jamais alloué plus qne quatre têtes de bétail dans un parc, sauf au bout d'une rangée, alors que l'on pourra en mettre cinq ensemble ; pourvu toutefois, que cinq animaux pesant chacun 1,000 livres ou moins, communément appelés "animaux d'engraissement" pourront être mis dans un parc au lieu de quatre animaux gras. Quant à l'espace pour les moutons, pas plus que 8 ou 10 moutons ne seront comptés équivaloir un bœuf gras, à la discrétion de l'inspecteur. Les vaches pleines auront le même espace que les bœufs gras.

HOTEL DU GOUVERNEMENT A OTTAWA.

Samedi, le 2e jour de juin 1894.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

IL plaît à Son Excellence, en vertu des dispositions du chapitre 97 des Statuts Revisés du Canada, intitulé "Acte concernant les passages d'eau," et par et avec l'avis du Conseil privé de la Reine pour le Canada, d'établir, et il établit par le présent les règlements ci-joints pour la régie du passage d'eau sur la rivière Niagara, entre Shisler's Point, dans le township de Humberstone dans le comté de Welland à l'est, et le village de Port Colborne dans le comté de Welland à l'ouest, sur la rive nord du Lac Erié, et un point dans la cité de Buffalo, dans l'Etat de New-York.

JOHN J. McGEE,
Greffier du Conseil privé.

RÈGLEMENTS.

1. Les limites du passage d'eau seront entre Shisler's Point, dans le township de Humberstone dans le comté de Welland à l'est, et le village de Port Colborne dans le comté de Welland à l'ouest, sur la rive nord du Lac Erié, et un point dans la cité de Buffalo, dans l'Etat de New-York.

2. Il sera fourni et constamment entretenu des embarcadères ou quais convenables, qui devront être solides et sûrs, et pouvoir servir en tout état de la rivière, et seront assujétis à l'approbation du ministre du Revenu de l'Intérieur.

3. Le bateau qui sera placé sur la route sera un bon vapeur solide et en état de navigabilité, ayant au moins 100 pieds de quille et 20 pieds de bau, d'une vitesse d'au moins 10 milles à l'heure, ayant une machine d'une force de 60 chevaux au moins, à haute pression, et sera sujet à l'inspection et approbation de l'inspecteur fédéral des bateaux à vapeur. Le bateau devra être muni d'appareils de sauvetage et parfaitement équipé et commandé par un homme capable et respectable ; et le ministre du Revenu de l'Intérieur se réserve le droit de refuser tout bateau qui pourra en aucun temps être placé sur cette voie pour faire le service, ou son capitaine, ou le quai ou débarcadère, s'il les jugeait impropres au service, ou dangereux, ou insuffisants pour répondre aux besoins du public.

4. L'adjudicataire devra en tout temps, pendant la durée du bail, transporter sur le bac, sans honoraire, péage ou rémunération, les malles de Sa Majesté, et, sur demande du Maître général des Postes du Canada, celles des Etats-Unis d'Amérique.

5. L'adjudicataire ne transportera, ni ne permettra ni ne tolérera en aucun temps qu'il soit transporté sur le dit bateau, aucun article ou effet de contrebande.

6. L'adjudicataire observera les lois de douane et du revenu du Canada et des Etats-Unis d'Amérique.

7. A partir du 15e jour de juin jusqu'au 15e jour de septembre de toute et chaque année, le bateau fera au moins deux voyages aller et retour par jour entre sept heures du matin et dix heures du soir, à moins que ces traversées ne soient impossibles à cause du mauvais temps.

8. Le tarif des péages et prix de passage sur le bateau ne sera jamais plus élevé que le suivant, savoir :—

Piétons, adultes, en chaque sens	25 cts.
" aller et retour, le même jour.	35 "
Enfants, à pied, en chaque sens.........	15 "
" aller et retour, le même jour.	20 "
Chaque 100 livres de fret.................	15 "

9. Une pancarte contenant le prix de passage et le tarif des péages sera affichée et maintenue en tout temps dans un endroit bien en vue sur ou près le quai ou l'embarcadère, ainsi que sur le bac ou vapeur faisant le service.

10. Le Gouverneur en conseil aura le droit de changer et modifier le tarif et les prix ci-dessus établis, s'il le juge à propos dans l'intérêt du public ; et après que le tarif aura été ainsi modifié, l'adjudicataire ne pourra demander ou recevoir aucun péage ou prix de passage plus élevés que ceux prescrits par le tarif ainsi modifié, tant qu'il restera en existence.

11. Le Gouverneur en conseil aura toujours le droit, lorsqu'il lui sera prouvé que l'adjudicataire ne remplit pas les conditions ci-dessus ou celles stipulées dans son bail, de déclarer le bail résilié et nul, et alors ce dernier deviendra nul et non avenu à toutes fins et intentions, comme s'il n'eût jamais été consenti, sans indemnité pour l'adjudicataire.

12. L'adjudicataire ne devra en aucun temps pendant l'existence du bail, sciemment ou volontairement enfreindre aucune des lois ou aucun des statuts ou règlements des Etats-Unis d'Amérique ou de l'Etat de New-York ou de la cité de Buffalo, au sujet du service du bac, qui peuvent s'appliquer au passage d'eau ou à quelque partie de ce passage qui peut se trouver sous la juridiction soit des Etats-Unis d'Amérique, soit de l'Etat de New-York ou de la cité de Buffalo, ni ne permettra ou ne souffrira que ses employés ou serviteurs le enfreignent.

13. Mais si les Etats-Unis d'Amérique, ou l'Etat de New-York, ou la cité de Buffalo, dans l'exercice de quelque pouvoir leur appartenant en aucun temps pendant la durée du bail, empêchaient ou entravaient le service du bac sur le passage d'eau, ou sur quelque partie de ce passage qui peut être sous leur juridiction, ou s'ils causaient à l'adjudicataire quelque perte, dépense, frais ou dommage à ce sujet, celui-ci n'aura droit à aucune indemnité ou compensation de la part du Canada.

14. Le bac sera placé sur la route pas plus tard que le 15e jour de juin 1894.

15. Le bail sera accordé pour une période de cinq (5) ans à compter du premier jour de juin 1894.

16. L'adjudicataire devra fournir deux cautions acceptées par le ministère du Revenu de l'Intérieur, lesquelles seront obligées conjointement et solidairement avec le principal en la somme de cinq mille piastres ($5,000), pour l'entier accomplissement de toutes les conditions du bail par l'adjudicataire.

17. Le bail ne pourra être ni cédé ni transféré. 51-4

AVIS AUX MARINS.

No. 20 de 1894.

I. CHANGEMENT DANS LES SIGNAUX DE BRUME DANS LE FLEUVE ET LE GOLFE SAINT-LAURENT.

Les changements suivants ont été apportés aux signaux de brume des stations de phare dans le fleuve et le golfe Saint-Laurent : les canons qui étaient tirés chaque demi-heure sont remplacés par des gargousses de fulmi-coton éclatant de vingt minutes en vingt minutes :—

Cap Gaspé,	No. 509,	Liste des phares canadiens.
Rochers aux Oiseaux,	No. 538,	"
Point Heath,	No. 545,	"
Pointe Ouest Anticosti,	No. 548,	"
Pointe de Monts,	No. 561,	"
Pointe-au-Père,	No. 571,	"
Ile Verte,	No. 575,	"

Le nouveau signal est une gargousse de fulmi-coton qui éclate d'une grue érigée sur le toit de l'abri à canon ou près de l'endroit où le canon était autrefois tiré.

Les explosions doivent être très fortes, plus fortes que celles de pièces d'artillerie.

Jusqu'à ce que l'approvisionnement de poudre aux diverses stations soit épuisée, les canons seront tirés lorsque l'état de la température sera le plus favorable pour la transmission du son, mais ce sera alors à des intervalles de 20 minutes au lieu de 30 comme autrefois.

DEMANDES AU PARLEMENT.

RÈGLES *in re* AVIS DE BILLS PRIVÉS.

Dans le cas de toute demande de bills privés, proprement du ressort législatif du Parlement du Canada suivant les dispositions de l'Acte de l'Amérique Britannique du Nord, 1867, ayant pour objet la concession à une ou plusieurs personnes de certains droits ou privilèges exclusifs ou particuliers, ou le pouvoir de faire quelque chose qui, dans ses effets, pourrait toucher aux droits ou à la propriété d'autrui, ou concerner une classe particulière de la société ; ou ayant pour objet quelque amendement à un acte antérieur,—un avis, énonçant d'une manière claire et intelligible la nature et l'objet de la demande (sauf s'il s'agit de corporations déjà existantes) par les pétitionnaires ou de leur part, est nécessaire et doit être publié comme il suit :—

Dans les provinces de Québec et du Manitoba.

Dans la *Gazette du Canada* en anglais et en français, ainsi que dans un journal anglais et un journal français, du district intéressé, ou en anglais et en français dans le même journal, s'il ne s'en publie qu'un seul dans ce district ; ou s'il n'y paraît pas de journal, alors la publication de l'avis en anglais et en français doit se faire dans un journal du district le plus voisin où il s'en publie.

Dans les autres provinces ou territoires.

Dans la *Gazette du Canada*, et dans un journal du comté, du district ou des comtés-unis intéressés, ou s'il n'y paraît pas de journal alors la publication doit se faire dans un journal du comté ou district le plus voisin où il s'en publie. La publication de ces avis durera, dans chaque cas, la période de deux mois au moins pendant l'intervalle de temps qui s'écoulera entre la clôture de la session précédente et la prise en considération de la pétition. Des exemplaires marqués des numéros des journaux reproduisant la première et la dernière insertion de l'avis, devront être transmis au greffier de chaque Chambre, et porter à l'endos "Demande de bill privé."

Si la pétition demande l'autorisation de présenter un bill privé ayant pour objet la construction d'un pont de péage, les pétitionnaires devront aussi, en même temps et de la même manière, donner avis du taux de péages projeté, de l'étendue du privilège, de la hauteur des arches, de l'espace à laisser libre entre les culées ou les piles pour le passage des radeaux et des navires ; et, si c'est un pont mobile, quelles en seront les dimensions.

Toute personne désirant obtenir un bill privé devra, dans les huit jours au moins qui précéderont l'ouverture du parlement, déposer au bureau du greffier de la Chambre dans laquelle le bill doit prendre naissance, une copie de ce bill en langue anglaise ou en langue française, avec une somme suffisante pour en payer la traduction et l'impression. Après la seconde lecture et avant la prise en considération du bill par tout comité, le pétitionnaire aura aussi à payer au greffier du Sénat, ou au comptable de la Chambre des Communes (selon le cas) un honoraire de $200, plus une somme suffisante pour défrayer le coût de l'impression de l'acte dans les Statuts, et remettra le reçu de ce paiement au greffier du comité auquel ce bill aura été renvoyé.

L'honoraire de $200 payable sur tout bill privé, ne sera payé que dans la Chambre où ce bill a pris naissance ; mais les frais de réimpression et de traduction nécessités par ce bill seront payés dans la Chambre où ces frais sont encourus.

Aucune pétition pour l'obtention d'un bill privé ne sera reçue par le Sénat après les dix premiers jours de la session ; ou par la Chambre des Communes, après les premières trois semaines de la session.

Aucun bill privé ne pourra être présenté au Sénat après les premières deux semaines de la session ; ou, à la Chambre des Communes après les premières quatre semaines de la session.

Extract from the London Gazette of Friday, 11th May, 1894.

EXTRADITION TREATY WITH ROUMANIA.

Windsor, 30th April, 1894.

At the Court at Windsor, the 30th day of April, 1894.

PRESENT:

The QUEEN'S Most Excellent Majesty.
Lord President.
Lord Steward.
Earl of Chesterfield.
Lord Chamberlain.
Sir Charles Russell.
Sir Frank Lascelles.

Whereas by the Extradition Acts, 1870 and 1873, it was amongst other things enacted that, where an arrangement has been made with any foreign State with respect to the surrender to such State of any fugitive criminals, Her Majesty may, by Order in Council, direct that the said Acts shall apply in the case of such foreign State; and that Her Majesty may, by the same or any subsequent Order, limit the operation of the Order, and restrict the same to fugitive criminals who are in or suspected of being in the part of Her Majesty's dominions specified in the Order, and render the operation thereof subject to such conditions, exceptions and qualifications as may be deemed expedient; and that if, by any law made after the passing of the Act of 1870 by the Legislature of any British possession, provision is made for carrying into effect within such possession the surrender of fugitive criminals who are in or suspected of being in such British possession, Her Majesty may, by the Order in Council applying the said Acts in the case of any foreign State, or by any subsequent Order, suspend the operation within any such British possession of the said Acts, or of any part thereof, so far as it relates to such foreign State, and so long as such law continues in force there, and no longer:

And whereas by an Act of the Parliament of Canada passed in 1886, and entitled "An Act respecting the Extradition of Fugitive Criminals," provision is made for carrying into effect within the Dominion the surrender of fugitive criminals:

And whereas by an Order of Her Majesty the Queen in Council, dated the seventeenth day of November, one thousand eight hundred and eighty-eight, it was directed that the operation of the Extradition Acts, 1870 and 1873, should be suspended within the Dominion of Canada so long as the provision of the said Act of the Parliament of Canada of 1886 should continue in force, and no longer:

And whereas a Treaty was concluded on the twenty-first day of March, one thousand eight hundred and ninety-three, between Her Majesty and His Majesty the King of Roumania for the mutual extradition of fugitive criminals, which Treaty is in the terms following:—

Her Majesty the Queen of the United Kingdom of Great Britain and Ireland, Empress of India, and His Majesty the King of Roumania, having judged it expedient, with a view to the better administration of justice and to the prevention of crime within their respective territories, that persons charged with or convicted of the crimes hereinafter enumerated and being fugitives from justice, should, under certain circumstances, be reciprocally delivered up, the said high contracting parties have named as their Plenipotentiaries to conclude a Treaty for this purpose, that is to say:

Her Majesty the Queen of the United Kingdom of Great Britain and Ireland, Empress of India, the Honourable Charles Hardinge, Her Britannic Majesty's Chargé d'Affaires at Bucharest, &c., &c.;

"And His Majesty the King of Roumania, M. Alexandre N. Lahovari, Grand Cross of His Order of the Crown of Roumania, &c., &c., His Minister-Secretary of State for Foreign Affairs;

Who, having communicated to each other their respective full powers, found in good and due form, have agreed upon and concluded the following Articles :—

"ARTICLE I.

"ARTICLE III.

"Either Government may, in its absolute discretion, refuse to deliver up its own subjects to the other Government.

"ARTICLE IV.

"The extradition shall not take place if the person claimed has already been tried and discharged or punished, or is still under trial, within the territories of the two high contracting parties respectively, for the crime for which his extradition is demanded.

"If the person claimed should be under examination, or is undergoing sentence under a conviction, for any other crime within the territories of the two high contracting parties respectively, his extradition shall be deferred until after he has been discharged, whether by acquittal or on expiration of his sentence, or otherwise.

"ARTICLE V.

"The extradition shall not take place if, subsequently to the commission of the crime, or the institution of penal prosecution, or the conviction thereon, exemption from prosecution or punishment has been acquired by lapse of time, according to the laws of the State applied to.

"ARTICLE VI.

"A fugitive criminal shall not be surrendered if the offence in respect of which his surrender is demanded is one of a political character, or if he prove that the requisition for his surrender has in fact been made with a view to try or punish him for an offence of a political character.

"ARTICLE VII.

"A person surrendered can in no case be kept in prison, or be brought to trial in the State to which the surrender has been made, for any other crime or on account of any other matters than those for which the extradition shall have taken place, until he has been restored or had an opportunity of returning to the State by which he has been surrendered.

"This stipulation does not apply to crimes committed after the extradition.

"ARTICLE VIII.

"The requisition for extradition shall be made through the Diplomatic Agents of the high contracting parties respectively.

"The requisition for the extradition of the accused person must be accompanied by a warrant of arrest issued by competent authority of the State requiring the extradition, and by such evidence as, according to the laws of the place where the accused is found, would justify his arrest if the crime had been committed there.

"If the requisition relates to a person already convicted, it must be accompanied by the sentence of condemnation passed against the convicted person by the competent Court of the State that makes the requisition for extradition.

"A sentence passed in contumaciam is not to be deemed a conviction, but a person so sentenced may be dealt with as an accused person.

"ARTICLE IX.

"If the requisition for extradition be in accordance with the foregoing stipulations, the competent authorities of the State applied to shall proceed to the arrest of the fugitive.

"ARTICLE X.

"If the fugitive has been arrested in the British dominions, he shall forthwith be brought before a competent Magistrate, who is to examine him and to conduct the preliminary investigation of the case, just as if the apprehension had taken place for a crime committed in the British dominions.

"In the examination which they have to make in accordance with the foregoing stipulations, the authorities of the British dominions shall admit as valid evidence the sworn depositions or the affirmations of witnesses taken in Roumania, or copies thereof, and likewise the warrants and sentences issued therein, and certificates of, or judicial documents stating the fact of, a conviction, provided the same are authenticated as follows :—

"The Minister, or other Diplomatic Agent of Her Britannic Majesty in Roumania, shall send to the Minister of Foreign Affairs, in support of each demand for extradition, an authentic and duly legalized copy either of a certificate of condemnation, or of arrest against an incriminated or accused person, showing clearly the nature of the crime or offense on account of which proceedings are being taken against the fugitive. The judicial document so produced shall be accompanied by a description and other particulars serving to establish the identity of the person whose extradition is claimed.

"In case the documents produced by the British Government to establish the identity, and the particulars gathered by the Roumanian police authorities for the same purpose, should be deemed to be sufficient, notice thereof shall forthwith be given to the Minister or other Diplomatic Agent of Her Britannic Majesty in Roumania, and the individual whose extradition is desired, if he has been arrested, shall remain in detention until the British Government has produced new elements of proof to establish his identity, or to clear up any other difficulties arising in the examination.

"ARTICLE XII.

"The extradition shall not take place unless the evidence be found sufficient, according to the laws of the State applied to, either to justify the committal of the prisoner for trial, in case the crime has been committed in the territory of the said State, or to prove that the prisoner is the identical person convicted by the Courts of the State which makes the requisition, and that the crime of which he has been convicted is one in respect of which extradition could, at the time of such conviction, have been granted by the State applied to. In Her Britannic Majesty's dominions the fugitive criminal shall not be surrendered until the expiration of fifteen days from the date of his being committed to prison to await surrender.

"ARTICLE XIII.

"If the individual claimed by one of the two High Contracting Parties in pursuance of the present Treaty should be also claimed by one or several other Powers, on account of other crimes or offences committed upon their respective territories, his extradition shall be granted to that State whose demand is earliest in date.

"ARTICLE XIV.

"If sufficient evidence for the extradition be not produced within two months from the date of the apprehension of the fugitive, or within such further time as the State applied to, or the proper Tribunal thereof shall direct, the fugitive shall be set at liberty.

"ARTICLE XV.

"All articles seized which were in the possession of the person to be surrendered, at the time of his apprehension, shall, if the competent authority of the State applied to for the extradition has ordered the delivery thereof, be given up when the extradition takes place, and the said delivery shall extend not merely to the stolen articles, but to everything that may serve as a proof of the crime.

"ARTICLE XVI.

"All expenses connected with extradition shall be borne by the demanding State.

"ARTICLE XVII.

"The stipulations of the present Treaty shall be applicable to the Colonies and foreign possessions of Her Britannic Majesty, so far as the laws for the time being in force in such Colonies and foreign possessions respectively will allow.

"The requisition for the surrender of a fugitive criminal who has taken refuge in any of such Colonies or foreign possessions may be made to the Governor or chief authority of such Colony or possession by any person authorized to act in such Colony or possession as a Consular officer of Roumania.

"Such requisitions may be disposed of, subject always, as nearly as may be, and so far as the law of such Colony or foreign possession will allow, to the provisions of this Treaty, by the said Governor or chief authority, who, however, shall be at liberty either to grant the surrender or to refer the matter to his Government.

"Her Britannic Majesty shall, however, be at liberty to make special arrangements in the British Colonies and foreign possessions for the surrender of criminals from Roumania who may take refuge within such Colonies and foreign possessions, on the basis, as nearly as may be and so far as the law of such Colony or foreign possession will allow, of the provisions of the present Treaty.

"Requisitions for the surrender of a fugitive criminal emanating from any Colony or foreign possession of Her Britannic Majesty shall be governed by the rules laid down in the preceding Articles of the present Treaty.

"ARTICLE XVIII.

"The present Treaty shall come into force ten days after its publication, in conformity with the forms prescribed by the laws of the high contracting parties. It may be terminated by either of the high contracting parties at any time on giving to the other six months' notice of its intention to do so.

"The Treaty shall be ratified, and the ratifications shall be exchanged at Bucharest as soon as possible.

"In witness whereof the respective Plenipotentiaries have signed the same, and have affixed thereto the seal of their arms.

"Done in duplicate at Bucharest, the twenty-first (ninth) day of March, in the year of Our Lord one thousand eight hundred and ninety-three.

"This Protocol shall have the same force and the same duration as the Treaty of Extradition signed today.

"Done in duplicate at Bucharest, the 21st (9th) March, 1893.

"[L.S.] CHARLES HARDINGE."
"[L.S.] AL. LAHOVARI."

And whereas a Protocol explanatory of Section twenty-one of Article II of the aforesaid Treaty was signed at Bucharest on the thirteenth day of March one thousand eight hundred and ninety-four, which Protocol is in the terms following:—

"In order to avoid the possibility of any misunderstanding arising from the present text of § 21 of Article II of the Treaty of Extradition concluded between Great Britain and Roumania on the 21st

(9th) of March, 1893, the undersigned Plenipotentiaries, duly authorized thereto by their respective Governments, have agreed as follows :—

"The fact of having kidnapped or falsely imprisoned one or more persons will not admit of a requisition for extradition being made unless the act shall have been committed by private individuals. No such requisition can be made as against public functionaries who may have been guilty of the act in question while in the performance of their duties.

"The present Protocol shall be considered as approved and sanctioned by the respective Governments without any special ratification, by the sole fact of the exchange of the ratifications of the Treaty to which it refers.

"Done in duplicate at Bucharest thirteenth (first) day of March, in the year of Our Lord one thousand eight hundred and ninety-four.

"[L.S.] JOHN WALSHAM."
"[L.S.] AL. LAHOVARI."

And whereas the ratifications of the said Treaty and Protocol of the twenty-first day of March one thousand eight hundred and ninety-three were exchanged at Bucharest on the thirteenth day of March, one thousand eight hundred and ninety-four.

Now, therefore, Her Majesty, by and with the advice of Her Privy Council, and in virtue of the authority committed to Her by the said recited Acts, doth order, and it is hereby ordered, that from and after the twenty-first day of May, one thousand eight hundred and ninety-four, the said Acts shall apply in the case of Roumania, and of the said Treaty and Protocol of the twenty-first of March one thousand eight hundred and ninety-three and of the Protocol of the thirteenth of March one thousand eight hundred and ninety-four with the King of Roumania.

Provided always, and it is hereby further ordered, that the operation of the said Extradition Acts, 1870 and 1873, shall be suspended within the Dominion of Canada so far as relates to Roumania and to the said Treaty and Protocol, and so long as the provisions of the Canadian Act aforesaid of 1886 continue in force, and no longer.

[1793]

AT THE GOVERNMENT HOUSE AT OTTAWA.

Saturday, the 16th day of June, 1894.

PRESENT:

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a Report dated 8th June, 1894, from the Minister of Marine and Fisheries, calling attention, with reference to the Order in Council of the 18th April last, approving By-laws of the Pilotage Authority of the District of Pugwash, to section 24, chapter 83 of the Consolidated Orders in Council of the 12th June, 1889, defining the limits of the District referred to and stating that by Order in Council of the 2nd February, 1877, the limits of the District when established were defined as being bounded on the east by Cape Cliff, and on the west or north-west by Lewis Head, both in the County of Cumberland.

The Minister further states that it would appear that the by-laws passed by the Commissioners and approved by Order in Council of the 15th of June, 1877, enlarged the limits of the District so as to embrace all the navigable waters between Cape Cliff and the Provincial dividing line between Nova Scotia and New Brunswick, and this change has been incorporated in the Consolidated Orders in Council of the 12th of June, 1889, above referred to.

That by Order in Council of the 30th May, 1883, a Pilotage District was established for the Port of Tidnish, in the County of Cumberland, and the limits of this district were defined by this order as extending from Lewis Head to the division line between the Provinces of Nova Scotia and New Brunswick, a portion of the limits given in the Consolidated Orders as pertaining to the Pilotage District of Pugwash. It consequently becomes necessary in order that pilots of Pugwash may be confined to the waters of their proper district, that the Consolidated Order be amended, and the limits of the Pilotage District of Pugwash be defined as stated in the Order in Council of the 2nd February, 1877, establishing the district, viz.:—as being bounded on the east by Cape Cliff and on the west or north-west by Lewis Head, both in the County of Cumberland, and he, the Minister recommends accordingly.

The Minister also recommends that Rule 12 of the By-laws of the Pilotage District of Pugwash approved by the Order in Council of the 18th April, 1894, which by-law defines the limits of the district, be amended in accordance with the provisions of the Order in Council of the 2nd of February, 1877.

The Committee submit the above recommendation for Your Excellency's approval.

JOHN J. McGEE,
53–4 Clerk of the Privy Council.

[1801]

AT THE GOVERNMENT HOUSE AT OTTAWA.

Tuesday, the 19th day of June, 1894.

PRESENT:

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a Memorandum, dated 7th June, 1894, from the Minister of Justice, stating that for the reasons hereinafter mentioned, it appears to him to be advisable and in the public interest, in cases where a charter of incorporation is to be granted under the provisions of "The Companies Act" (Revised Statutes of Canada, chapter 119) that the prefix "The" should form part of the corporate name to be given to the company.

The Minister further states that it may be assumed that one of the chief purposes of obtaining Letters Patent under the Act before referred to, would be the obtaining of that freedom from liability attaching to persons ordinarily engaged in business or trade, and he therefore is of opinion that it is essential that the name of the company to be incorporated should be such as would be a constant notice to anyone dealing with the company, that it is incorporated, and as such, subject to statutory limitation as to liability.

The Minister therefore recommends that in all cases where Letters Patent of incorporation are granted under the provisions of the Act in question, the prefix "The" shall form a part of the corporate name to be given to such company.

The Committee submit the above recommendation for Your Excellency's approval, and recommend that this Minute, if approved, be published in the *Canada Gazette.*

52–4 Clerk of the Privy Council.

J'ai l'honneur d'être, Milord,
Votre obéissant serviteur,

Extrait de la Gazette de Londres de vendredi le 11 *de mai* 1894.

TRAITÉ D'EXTRADITION AVEC LA ROUMANIE.

WINDSOR, 30 avril 1894.

AU Château de Windsor, le 30e jour d'avril 1894.

PRÉSENTS :

Sa Très-Excellente Majesté la REINE.
Le Lord Président.
Le Lord Intendant.
Le Comte de Chesterfield.
Le Lord Chambellan.
Sir Charles Russell.
Sir Frank Lascelles.

CONSIDÉRANT que par les *Actes d'Extradition*, 1870 et 1873, il est statué, entre autres choses, que chaque fois qu'un arrangement aura été conclu avec un Etat étranger au sujet de la reddition à cet Etat de criminels fugitifs, Sa Majesté pourra ordonner par arrêté en conseil que les dits actes s'appliqueront à l'égard de l'Etat étranger en question ; et que Sa Majesté pourra, par le même ou par un arrêté subséquent, restreindre l'opération du dit arrêté et limiter son application aux criminels fugitifs qui se trouvent ou sont supposés se trouver dans la partie des possessions de Sa Majesté spécifiées dans l'arrêté, et en rendre l'exécution sujette aux conditions, exceptions et restrictions qui pourront être jugées convenables ; et que si, par quelque loi adoptée après la sanction de l'Acte de 1870 par la législature de toute possession britannique, il est pourvu à l'extradition de criminels fugitifs qui se trouvent ou sont soupçonnés se trouver dans cette possession britannique, Sa Majesté pourra, par un arrêté en conseil, appliquer les dits actes à l'égard de tout Etat étranger, ou par tout arrêté subséquent suspendre la mise en opération, dans toute telle possession britannique, des dits actes ou de toute partie de ces actes, en tant qu'ils se rapportent à cette puissance étrangère, et aussi longtemps que ces lois continueront d'y être en vigueur, mais pas plus longtemps ;

Et considérant que dans un acte du parlement du Canada, passé en 1886, intitulé "Acte concernant l'extradition de criminels fugitifs," il est pourvu à la reddition des criminels fugitifs qui se trouvent ou pourront se trouver au Canada ;

Et considérant que par un arrêté de Sa Majesté en conseil, en date du dix-septième jour de novembre mil huit cent quatre-vingt-huit, il est décrété que l'opération des Actes d'extradition de 1870 et 1873 sera suspendue au Canada tant que les dispositions du dit acte du parlement du Canada de 1886 continueront en vigueur et pas plus longtemps ;

Et considérant qu'un traité a été conclu le vingt-unième jour de mars mil huit cent quatre-vingt-treize entre Sa Majesté et Sa Majesté le Roi de Roumanie, pour l'extradition mutuelle de criminels fugitifs, lequel est rédigé comme suit :—

"Sa Majesté la Reine du Royaume-Uni de la Grande-Bretagne et d'Irlande, Impératrice de l'Inde, et Sa Majesté le Roi de Roumanie, ayant jugé convenable, en vue d'une meilleure administration de la justice, et pour prévenir les crimes dans leurs territoires respectifs, que les individus accusés ou convaincus des crimes ci-après énumérés, et qui se seraient soustraits par la fuite aux poursuites de la justice fussent, dans certaines circonstances, réciproquement extradés, ont nommé pour leurs plénipotentiaires, à l'effet de conclure un traité dans ce but, savoir :

"Sa Majesté la Reine du Royaume-Uni de la Grande-Bretagne et d'Irlande, Impératrice de l'Inde, l'Honorable Charles Hardinge, chargé d'affaires de Sa Majesté Britannique à Bucharest, etc., etc. ;

"Et Sa Majesté le Roi de Roumanie, M. Alexandre N. Lahovari, grand-croix de Son Ordre de la Couronne de Roumanie, etc., etc., Son Ministre-Secrétaire d'Etat pour les affaires étrangères ; et

"Lesquels, après s'être communiqués leurs pleins pouvoirs respectifs, trouvés en bonne et due forme, ont arrêté et conclu les articles suivants :—

"ARTICLE I.

"Les hautes parties contractantes s'engagent à se livrer réciproquement, dans les circonstances et sous les conditions prévues par le présent traité, les individus qui, poursuivis ou condamnés pour aucun des crimes ou délits commis sur le territoire de l'une des parties, seraient trouvés sur le territoire de l'autre.

“11. Banqueroute frauduleuse et fraudes commises dans les faillites.

“30. Révolte, ou conspiration de révolte, par deux personnes ou plus à bord d’un navire en mer, contre l’autorité du capitaine.

“31. Traite des esclaves.

“L’extradition aura également lieu pour complicité d’un des crimes ci-dessus mentionnés, pourvu que la complicité soit punissable par les lois des deux parties contractantes.

“ARTICLE III.

“Chacun des deux gouvernements aura liberté pleine et entière de refuser à l’autre l’extradition de ses propres sujets.

“ARTICLE IV.

“L’extradition ne sera pas accordée si l’individu réclamé a déjà été jugé, acquitté ou puni, ou se trouve encore sous jugement dans les territoires des deux hautes parties contractantes respectivement, pour le crime à raison duquel l’extradition est demandée.

“Si la personne réclamée est en état de prévention dans les territoires des deux hautes parties contractantes respectivement, pour un autre crime, son extradition sera différée jusqu’à la conclusion de son procès, et qu’elle ait purgé la peine qui lui aura été infligée.

“ARTICLE V.

“L’extradition n’aura pas lieu si depuis la perpétration du crime, les poursuites ou la condamnation, la prescription des poursuites ou de la peine est acquise d’après les lois du pays auquel la demande est adressée.

“ARTICLE VI.

“Le criminel fugitif ne sera pas extradé si le délit pour lequel l’extradition est demandée est considéré comme un délit politique, ou si l’individu prouve que la demande d’extradition a été faite en réalité dans le but de le poursuivre ou de le punir pour un délit d’un caractère politique.

“ARTICLE VII.

“L’individu qui aura été livré ne pourra, en aucun cas, dans le pays auquel l’extradition a été accordée, être maintenu en état d’arrestation ou poursuivi pour aucun crime ou faits autres que ceux qui avaient motivé l’extradition, à moins qu’il n’ait été réintégré, ou n’ait eu l’occasion de retourner de lui-même dans l’Etat qui l’avait extradé. Cette stipulation n’est pas applicable aux crimes commis après l’extradition.

“ARTICLE VIII.

“L’extradition sera demandée par la voie des agents diplomatiques des hautes parties contractantes respectivement.

“La demande d’extradition d’un prévenu devra être accompagnée d’un mandat d’arrêt décerné par l’autorité compétente de l’Etat requérant, et des preuves qui, d’après les lois de l’endroit où le prévenu a été trouvé, justifieraient son arrestation si l’acte punissable y avait été commis.

“Si la demande d’extradition concerne une personne déjà condamnée, elle doit être accompagnée de l’arrêt de condamnation qui a été rendu contre le coupable par le tribunal compétent de l’Etat requérant.

“Un arrêt rendu par contumace ne sera pas considéré comme une condamnation, mais une personne ainsi condamnée pourra être traitée comme une personne accusée.

“ARTICLE IX.

“Si la demande d’extradition s’accorde avec les stipulations précédentes, les autorités compétentes de l’Etat requis procèderont à l’arrestation du fugitif.

“ARTICLE X.

“Si le fugitif a été arrêté dans les possessions britanniques il sera de suite traduit devant un magistrat compétent, qui l’interrogera et conduira l’enquête préliminaire de la cause de la même manière que si l’arrestation avait eu lieu pour un crime commis dans les possessions britanniques.

“Les autorités des possessions britanniques, quand elles procèderont à l’examen établi par les stipulations précédentes, devront admettre comme preuves entièrement valables les dépositions assermentées ou les affirmations faites dans la Roumanie, ou les copies de ces pièces, de même que les mandats d’arrêt et les sentences rendues dans ce pays, ainsi que les certificats de condamnation ou les pièces judiciaires constatant le fait d’une condamnation, pourvu que ces documents soient rendus authentiques de la manière suivante :—

“1. Un mandat doit être signé par un juge, magistrat, ou officier judiciaire de police de Roumanie.

“2. Les dépositions ou affirmations ou les copies de ces pièces doivent porter la signature d’un juge, magistrat, ou officier judiciaire de police de Roumanie, constatant que ces dépositions ou ces affirmations se trouvent être en expédition originale ou en copie vidimée, selon le cas.

“3. Un certificat de condamnation ou un document judiciaire constatant le fait d’une condamnation doit être certifié par un juge, magistrat, ou officier judiciaire de police de Roumanie.

“4. Ces mandats, dépositions, affirmations, copies, certificats ou documents judiciaires doivent être rendus authentiques dans chaque cas, soit par le serment d’un témoin, soit par l’apposition du sceau officiel et la légalisation du ministre de la Justice, ou des affaires étrangères de Roumanie ; cependant, les pièces susénoncées pourront être rendues authentiques de toute autre manière qui serait reconnue par la loi en vigueur dans la partie des possessions britanniques où l’examen de l’affaire aura lieu.

“ARTICLE XI.

“De la part du gouvernement roumanien, l’extradition aura lieu comme suit en Roumanie :—

“Le ministre, ou autre agent diplomatique de Sa Majesté Britannique en Roumanie, enverra au Ministre des Affaires étrangères, à l’appui de chaque demande d’extradition, une copie authentique et dûment certifiée soit d’un certificat de condamnation, ou d’arrestation contre une personne incriminée ou accusée, indiquant clairement la nature du crime ou du délit qui a fait instituer des poursuites contre le fugitif. Le document judiciaire ainsi produit sera accompagné d’une description et autres détails servant à établir l’identité de la personne dont l’extradition est demandée.

“Si les documents produits par le gouvernement britannique à l’effet d’établir l’identité, et les détails recueillis par la police roumanienne au même effet, sont trouvés suffisants, avis en sera immédiatement donné au ministre ou autre agent diplomatique de Sa Majesté Britannique en Roumanie, et l’individu dont l'extradition est demandée, s'il a été arrêté, restera en détention jusqu'à ce que le gouvernement britannique ait produit de nouveaux éléments de preuve pour établir son identité, ou pour dissiper toute autre difficulté survenant dans l'instruction de la cause.

"ARTICLE XII.

"L'extradition n'aura lieu que dans le cas où les preuves fournies auront été trouvées suffisantes d'après les lois de l'Etat requis, soit pour justifier la mise sous jugement du prisonnier, dans le cas où le crime aurait été commis sur le territoire du même Etat, soit pour constater l'identité du prisonnier avec l'individu condamné par les tribunaux de l'Etat requérant, et prouver que le crime dont il a été reconnu coupable aurait pu causer son extradition par l'Etat requis à l'époque de sa condamnation. Dans les possessions de Sa Majesté Britannique l'extradition d'un criminel n'aura lieu qu'à l'expiration d'un terme de quinze jours à dater de son emprisonnement en vue de l'extradition.

"ARTICLE XIII.

"Si l'individu réclamé par l'une des deux hautes parties contractantes, en exécution du présent traité, est aussi réclamé par une ou plusieurs autres puissances, du chef d'autres crimes ou délits commis sur leurs territoires respectifs, son extradition sera accordée à l'Etat dont la demande est la plus ancienne en date.

"ARTICLE XIV.

"Le fugitif sera mis en liberté si les preuves suffisantes à l'appui de la demande en extradition ne sont pas produites dans l'espace de deux mois, à partir du jour de l'arrestation ou de tel autre terme plus éloigné qui aura été indiqué par l'Etat requis ou le tribunal compétent de cet Etat.

"ARTICLE XV.

"Tous les objets saisis en la possession de l'individu réclamé au moment de son arrestation seront, si l'autorité compétente de l'Etat requis en a ordonné la remise, livrés lorsque l'extradition aura lieu ; cette remise ne comprendra pas seulement les objets volés, mais encore tout ce qui peut servir de pièce de conviction.

"ARTICLE XVI.

"Toutes les dépenses occasionnées par une demande d'extradition seront à la charge de l'Etat requérant.

"ARTICLE XVII.

"Les stipulations du présent traité seront applicables aux colonies et possessions étrangères de Sa Majesté Britannique, pour autant que faire se pourra d'après les lois en vigueur dans ces colonies et possessions étrangères respectivement.

"La demande d'extradition d'un criminel qui s'est réfugié dans une de ces colonies ou possessions étrangères pourra être faite au Gouverneur ou à l'autorité supérieure de cette colonie ou possession, par toute personne autorisée à agir dans toute colonie ou possession comme officier consulaire de Roumanie.

"Le Gouverneur ou l'autorité supérieure mentionné ci-dessus décidera à l'égard de telles demandes, en se conformant autant que faire se pourra, d'après les lois de ces colonies ou possessions étrangères, aux stipulations du présent traité. Il sera toutefois libre d'accorder l'extradition ou de soumettre le cas à son gouvernement.

"Il est réservé toutefois à Sa Majesté Britannique de faire, en se conformant autant que faire se pourra d'après les lois de ces colonies ou possessions étrangères, aux stipulations du présent traité, des arrangements spéciaux dans les colonies britanniques et possessions étrangères pour l'extradition de criminels de Roumanie qui auraient trouvé un refuge dans ces colonies et possessions étrangères.

"Les demandes concernant l'extradition de criminels qui se sont échappés d'une des colonies ou possessions étrangères de Sa Majesté Britannique seront traités suivant les dispositions des articles précédents du présent traité.

"ARTICLE XVIII.

"Le présent traité sera exécutoire à dater du dixième jour après sa promulgation, dans les formes prescrites par les lois des deux pays. Chacune des hautes parties contractantes pourra en tout temps mettre fin au traité en donnant à l'autre un avis de six mois.

"Le traité sera ratifié, et les ratifications seront échangées à Bucharest aussitôt que faire se pourra.

"En foi de quoi les plénipotentiaires respectifs ont signé le présent traité et y ont apposé le cachet de leurs armes.

"Fait à Bucharest, le vingt-unième (neuvième) jour de mars mil huit cent quatre-vingt-treize.

"[L.S.] CHARLES HARDINGE.
"[L.S.] AL. LAHOVARI."

Et considérant qu'un protocole relatif au susdit traité a été signé à Bucharest le vingt-unième jour de mars mil huit cent quatre-vingt-treize, lequel protocole est dans les termes ci-dessous :—

"Au moment de procéder à la signature du traité d'extradition conclu ce jour, les plénipotentiaires soussignés de Sa Majesté la Reine du Royaume-Uni de la Grande-Bretagne et d'Irlande, Impératrice de l'Inde, et de Sa Majesté le Roi de Roumanie, sont convenus de la déclaration suivante :—

"Le gouvernement roumanien pourra à sa discrétion absolue refuser de livrer une personne accusée d'un crime punissable de mort.

"Ce protocole aura la même force et la même durée que le traité d'extradition signé aujourd'hui.

"En foi de quoi les plénipotentiaires respectifs ont signé le présent protocole et y ont apposé le cachet de leurs armes.

"Fait en double à Bucharest le 21 (9) de mars 1893.

"[L.S.] CHARLES HARDINGE.
"[L.S.] AL. LAHOVARI."

Et considérant qu'un protocole explicatif de la section vingt et un de l'article II du susdit traité a été signé à Bucharest le treizième jour de mars mil huit cent quatre-vingt-quatorze, lequel protocole est dans les termes suivants :—

"Afin d'éviter la possibilité qu'un malentendu survienne du texte actuel de la § 21 de l'article II du traité d'extradition conclu entre la Grande-Bretagne et la Roumanie le 21 (9) de mars 1893, les plénipotentiaires soussignés, dûment autorisés à cet effet par leurs gouvernements respectifs, sont convenus comme suit :—

"Le fait d'avoir séquestré ou emprisonné illégalement une ou plusieurs personnes ne donnera pas droit à une demande d'extradition, à moins que l'acte n'ait été commis par des individus particuliers. Nulle telle requisition ne peut être faite contre des fonctionnaires publics qui auraient pu se rendre coupables de l'acte en question dans l'exercice de leurs devoirs.

"Le présent protocole sera censé être approuvé et sanctionné par les gouvernements respectifs sans aucune ratification spéciale, par le seul fait de l'échange des ratifications du traité auquel il réfère.

"Fait en double à Bucharest, le treizième (premier) jour de mars, dans l'année de Notre-Seigneur mil huit cent quatre-vingt-quatorze.

"[L.S.] JOHN WALSHAM.
"[L.S.] AL. LAHOVARI."

Et attendu que les ratifications des dits traité et protocole du vingt-unième jour de mars mil huit cent quatre-vingt-treize ont été échangées à Bucharest le treizième jour de mars mil huit cent quatre-vingt-quatorze.

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

LE Ministre de la Marine et des Pêcheries soumet pour approbation, un règlement des Commissaires du Havre de Québec, passé en vertu de 12 Victoria, chapitre 14, réglant le passage des vapeurs océaniques dans le havre de Québec.

Le Ministre observe que les agents des principales lignes de vapeur ont été consultés au sujet de ces règlements, et ils ont exprimé l'opinion que la limitation proposée de vitesse, est raisonnable et ne peut sérieusement affecter les vapeurs.

Le comité recommande l'adoption du dit règlement des Commissaires du Havre de Québec.

Greffier du Conseil privé.

AVIS AUX MARINS.

No. 20 de 1894.

I. CHANGEMENT DANS LES SIGNAUX DE BRUME DANS LE FLEUVE ET LE GOLFE SAINT-LAURENT.

Les changements suivants ont été apportés aux signaux de brume des stations de phare dans le fleuve et le golfe Saint-Laurent : les canons qui étaient tirés chaque demi-heure sont remplacés par des gargousses de fulmi-coton éclatant de vingt minutes en vingt minutes :—

Cap Gaspé,	No. 509,	Liste des phares canadiens.
Rochers aux Oiseaux,	No. 538,	“
Point Heath,	No. 545,	“
Pointe Ouest Anticosti,	No. 548,	“
Pointe de Monts,	No. 561,	“
Pointe-au-Père,	No. 571,	“
Ile Verte,	No. 575,	“

Le nouveau signal est une gargousse de fulmi-coton qui éclate d'une grue érigée sur le toit de l'abri à canon ou près de l'endroit où le canon était autrefois tiré.

Les explosions doivent être très fortes, plus fortes que celles de pièces d'artillerie.

Jusqu'à ce que l'approvisionnement de poudre aux diverses stations soit épuisée, les canons seront tirés lorsque l'état de la température sera le plus favorable pour la transmission du son, mais ce sera alors à des intervalles de 20 minutes au lieu de 30 comme autrefois.

DEMANDES AU PARLEMENT.

RÈGLES *in re* AVIS DE BILLS PRIVÉS.

Dans le cas de toute demande de bills privés, proprement du ressort législatif du Parlement du Canada suivant les dispositions de l'Acte de l'Amérique Britannique du Nord, 1867, ayant pour objet la concession à une ou plusieurs personnes de certains droits ou privilèges exclusifs ou particuliers, ou le pouvoir de faire quelque chose qui, dans ses effets, pourrait toucher aux droits ou à la propriété d'autrui, ou concerner une classe particulière de la société ; ou ayant pour objet quelque amendement à un acte antérieur,—un avis, énonçant d'une manière claire et intelligible la nature et l'objet de la demande (sauf s'il s'agit de corporations déjà existantes) par les pétitionnaires ou de leur part, est nécessaire et doit être publié comme il suit :—

Dans les provinces de Québec et du Manitoba.

Dans la *Gazette du Canada* en anglais et en français, ainsi que dans un journal anglais et un journal français, du district intéressé, ou en anglais et en français dans le même journal, s'il ne s'en publie qu'un seul dans ce district ; ou s'il n'y paraît pas de journal, alors la publication de l'avis en anglais et en français doit se faire dans un journal du district le plus voisin où il s'en publie.

Dans les autres provinces ou territoires.

Dans la *Gazette du Canada*, et dans un journal du comté, du district ou des comtés-unis intéressés, ou s'il n'y paraît pas de journal alors la publication doit se faire dans un journal du comté ou district le plus voisin où il s'en publie. La publication de ces avis durera, dans chaque cas, la période de deux mois au moins pendant l'intervalle de temps qui s'écoulera entre la clôture de la session précédente et la prise en considération de la pétition. Des exemplaires marqués des numéros des journaux reproduisant la première et la dernière insertion de l'avis, devront être transmis au greffier de chaque Chambre, et porter à l'endos "Demande de bill privé."

Si la pétition demande l'autorisation de présenter un bill privé ayant pour objet la construction d'un pont de péage, les pétitionnaires devront aussi, en même temps et de la même manière, donner avis du taux de péages projeté, de l'étendue du privilège, de la hauteur des arches, de l'espace à laisser libre entre les culées ou les piles pour le passage des radeaux et des navires ; et, si c'est un pont mobile, quelles en seront les dimensions.

Toute personne désirant obtenir un bill privé devra, dans les huit jours au moins qui précéderont l'ouverture du parlement, déposer au bureau du greffier de la Chambre dans laquelle le bill doit prendre naissance, une copie de ce bill en langue anglaise ou en langue française, avec une somme suffisante pour en payer la traduction et l'impression. Après la seconde lecture et avant la prise en considération du bill par tout comité, le pétitionnaire aura aussi à payer au greffier du Sénat, ou au comptable de la Chambre des Communes (selon le cas) un honoraire de $200, plus une somme suffisante pour défrayer le coût de l'impression de l'acte dans les Statuts, et remettra le reçu de ce paiement au greffier du comité auquel ce bill aura été renvoyé.

L'honoraire de $200 payable sur tout bill privé, ne sera payé que dans la Chambre où ce bill a pris naissance ; mais les frais de réimpression et de traduction nécessités par ce bill seront payés dans la Chambre où ces frais sont encourus.

Aucune pétition pour l'obtention d'un bill privé ne sera reçue par le Sénat après les dix premiers jours de la session ; ou par la Chambre des Communes, après les premières trois semaines de la session.

Aucun bill privé ne pourra être présenté au Sénat après les premières deux semaines de la session ; ou, à la Chambre des Communes après les premières quatre semaines de la session.

EDOUARD J. LANGEVIN,
Greffier du Sénat.
JOHN GEORGE BOURINOT,
Greffier des Communes.

RÈGLES ADDITIONNELLES DE LA CHAMBRE DES COMMUNES CONCERNANT LES BILLS PRIVÉS.

Tous les bills privés demandant des actes constitutifs devront être rédigés de manière à y incorporer, en les spécifiant, les *clauses* des Actes généraux concernant les détails qui font l'objet de ces bills ; des raisons spéciales seront données chaque fois que l'on aura l'intention de se départir de ce principe, ou que l'on voudra y introduire d'autres dispositions touchant ces détails ; et une note sera annexée au bill indiquant les dispositions au sujet desquelles l'on entend s'écarter de l'Acte général ; les bills qui ne seront pas rédigés conformément à cette Règle, devront être remodelés par les auteurs et réimprimés à leurs frais, avant qu'aucun comité en examine les clauses.

51*a*. Tous les bills privés pour chartes ou pour modification de chartes de compagnies de chemins de fer seront rédigés conformément au bill-modèle dont copie peut être obtenue du greffier de la Chambre ;

(*a*.) Les dispositions contenues dans un bill quelconque qui ne seront pas conformes au bill-modèle, seront insérées entre crochets, et après avoir été revisées par l'officier compétent, elles seront imprimées ainsi ; et les bills qui ne seront pas rédigés en conformité de cette règle seront renvoyés aux auteurs pour être remodelés avant leur revision et impression ;

2–4

[1793]

AT THE GOVERNMENT HOUSE AT OTTAWA.

Saturday, the 16th day of June, 1894.

PRESENT:

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a Report dated 8th June, 1894, from the Minister of Marine and Fisheries, calling attention, with reference to the Order in Council of the 18th April last, approving By-laws of the Pilotage Authority of the District of Pugwash, to section 24, chapter 83 of the Consolidated Orders in Council of the 12th June, 1889, defining the limits of the District referred to and stating that by Order in Council of the 2nd February, 1877, the limits of the District when established were defined as being bounded on the east by Cape Cliff, and on the west or north-west by Lewis Head, both in the County of Cumberland.

The Minister further states that it would appear that the by-laws passed by the Commissioners and approved by Order in Council of the 15th of June, 1877, enlarged the limits of the District so as to embrace all the navigable waters between Cape Cliff and the Provincial dividing line between Nova Scotia and New Brunswick, and this change has been incorporated in the Consolidated Orders in Council of the 12th of June, 1889, above referred to.

That by Order in Council of the 30th May, 1883, a Pilotage District was established for the Port of Tidnish, in the County of Cumberland, and the limits of this district were defined by this order as extending from Lewis Head to the division line between the Provinces of Nova Scotia and New Brunswick, a portion of the limits given in the Consolidated Orders as pertaining to the Pilotage District of Pugwash. It consequently becomes necessary in order that pilots of Pugwash may be confined to the waters of their proper district, that the Consolidated Order be amended, and the limits of the Pilotage District of Pugwash be defined as stated in the Order in Council of the 2nd February, 1877, establishing the district, viz. :—as being bounded on the east by Cape Cliff and on the west or north-west by Lewis Head, both in the County of Cumberland, and he, the Minister recommends accordingly.

The Minister also recommends that Rule 12 of the By-laws of the Pilotage District of Pugwash approved by the Order in Council of the 18th April, 1894, which by-law defines the limits of the district, be amended in accordance with the provisions of the Order in Council of the 2nd of February, 1877.

The Committee submit the above recommendation for Your Excellency's approval.

JOHN J. McGEE,
53–4 Clerk of the Privy Council.

NOTICE TO MARINERS.

No. 21 of 1894.

NIGGER ISLAND SHOAL LIGHT.

A lighthouse established by the Government of Canada on a pier on Nigger Island Shoal, in the Bay of Quinte, between the West Riding of Hastings and the County of Prince Edward, Ontario, was put in operation on the 6th instant.

The geographical position as calculated from the survey of the Bay of Quinte made in 1893 is approximately:—

Lat. N. 44° 6' 57"
Long. W. 77° 28' 31"

The geographical position as taken from Admiralty Chart No. 1,152, is approximately:—

Lat. N. 44° 6' 15"
Long. W. 77° 29' 30"

The light is fixed white, elevated 27 feet above the level of the bay, and should be visible 10 miles from all points of approach. The illuminating apparatus is dioptric, of the 7th order.

The lighthouse is a square wooden tower, surmounted by a square wooden lantern, the whole painted white. It is 27 feet in height from the deck of the pier to the top of the lantern. It stands upon a cribwork pier sunk in 11 feet of water on the north side of the steamboat channel, and near the western extremity of the shoal running south-westwardly from Nigger Island towards Potters Island.

Vessels upon leaving the swing of Belleville bridge, bound up, can steer directly for the light on a course W. by S. $\frac{3}{8}$ S. (S. 67° 43' W. true), and should pass the light leaving it about 300 feet on the north side, or starboard hand. Vessels leaving the Murray canal, bound down, after passing the red buoy off Onderdonk shoal, can also steer directly for the light, on a course N.E. $\frac{5}{8}$ E. (N. 45° 20' E. true). When within 4,000 feet of it they should open it half a point on the starboard bow, so as to clear the north extreme of the shoal extending from Potters Island. At 2,000 feet distant they should change their course so as to pass it, leaving it 300 feet to the northward, or on the port hand, and after passing the most easterly black buoy on Potters Island shoal can shape their course directly for the swing of Belleville bridge.

This notice affects Admiralty Charts Nos. 797 and 1,152 and the substance of it should be entered in the Canadian List of Lights and Fog Signals under the No. 890.

II. DISCONTINUANCE OF POTTERS ISLAND LIGHT.

In consequence of the establishment of the light on Nigger Island shoal, as above described, the mast light temporarily maintained on the north point of Potters Island, as described in Part II of Notice to Mariners No. 29 of 1892, is no longer required and has been discontinued.

This notice affects Admiralty Charts Nos. 797 and 1,152, and Canadian List of Lights and Fog Signals No. 890.

WM. SMITH,
Deputy-Minister of Marine and Fisheries.
Department of Marine and Fisheries,
Ottawa, Canada, 1st June, 1894.

☞ All bearings, unless otherwise noted, are magnetic and are given from seaward, miles are nautical miles, heights are above high water, and all depths are at mean low water.

Pilots, masters or others interested are earnestly requested to send information of dangers, changes in aids to navigation, notice of new shoals or channels, errors in publications, or any other facts affecting the navigation of Canadian waters, to the Deputy-Minister of Marine and Fisheries, Ottawa, Canada. 3-3

I. REMOVAL OF BUOY IN GASPÉ HARBOUR.

The black can buoy heretofore maintained at the extremity of Lourde Spit, off Point Lourde, or Adams

Point, at the entrance to Gaspé Basin, on the west shore of the Gulf of St. Lawrence, in the County of Gaspé and Province of Quebec, has been removed and will not hereafter be maintained.

This notice affects Admiralty charts Nos. 1163 and 1621.

II. HARBOUR GRACE ISLAND LIGHT.

Notice is given by the Secretary of the Newfoundland Board of Works that it is intendnd to alter the Light at Harbour Grace Island. Dangerous founders of the cliffs being of frequent occurrence, thus more and more circumscribing the small area around the buildings, it is considered unsafe to continue resident keepers on the Island, and it being desirable that a light should still be continued there, it has been determined to remove the Revolving Light and to substitute an Occulting Light capable of continuous operation without constant attendance.

The work will be commenced July 1st, and the new light will be exhibited as quickly as possible, of which further notice will be issued. While the work is being done, a Red Duplex Light will be exhibited nightly.

Deputy-Minister of Marine and Fisheries.

No. 23 of 1894.

ADDITIONAL RANGE LIGHTS IN CRAPAUD HARBOUR.

Three range lights, in addition to the two previously maintained, have been established by the Government of Canada in Crapaud Harbour, on the south-west side of Prince Edward Island. These lights were first put in operation on the 15th ultimo.

One of these lights is located on the south side of Paul Bluff west of the dredged cut from the Road or anchorage to the wharves.

Lat. N. 46° 12' 28"
Long. W. 63° 29' 42"

The light is a fixed red catoptric light, shown from a lantern hoisted on a mast. It is elevated about 30 feet above high water mark and should be visible about three miles over a small arc on each side of the line of range. The mast rises from a square tower with a shed roof and at the top of the mast is a triangular slatted beacon, the whole painted white.

Another light to be used as the back light of a range in conjunction with that above described, the two lights together to be known as "Wright's Range," is located on Mr. Charles L. Wright's farm, 150 feet south of his dwelling house in the corner of an orchard. It is distant about 3½ cables N.W. ¼ N. from the front light on Paul Bluff. It is a fixed red catoptric light, elevated about 50 feet above high water mark and should be visible 3 miles over a small arc on each side of the line of range.

The building is a square open framed wooden tower with the side facing the line of range, slatted, painted white, and surmounted by a lantern painted red. The height of the building from the ground to the top of the lantern is about 27 feet.

The third light is located on Palmer's Wharf in such a position that, in range with the front light of the old range standing near the north end of the bridge, it leads to the black buoy at the entrance to the dredged cut between the road and the wharves, and through the dredged cut on a N.N.E. course.

It is a fixed red catoptric light, shown from a lantern attached to a post at an elevation of 10 feet above high water mark and should be visible 2 miles in the line of range.

To enter Crapaud Harbour from the Strait of Northumberland, vessels should bring the two old lights (which will be known hereafter as "Leard's Range" and which are both fixed white) into alignment and keep them in one on a north course until the lights of Wright's Range are in alignment when they should follow this range N. W. ¼ N. until the red light on Palmer's Wharf is in alignment with the front light on Leard's Range. These two in one will lead in from the black buoy at the entrance to the dredged cut, through the cut, to the wharves, N.N.E., but strangers entering at night are advised to anchor in the Road at this last described turning point near the black buoy, as they will be in good anchorage inside the shelter of Tryon Shoals, while it is not safe to attempt the dredged cut at night.

This notice affects Admiralty Charts Nos. 1651, 2000 and 2034, and the substance of it should be entered in the Canadian List of Lights and Fog Signals next after 274.

Deputy-Minister of Marine and Fisheries.

NOTICE TO MARINERS.

No. 20 of 1894.

I. CHANGE IN FOG ALARMS IN THE RIVER AND GULF OF ST. LAWRENCE.

The fog alarms at the following light stations in the River and Gulf of St. Lawrence have been changed from guns fired every half hour to cotton powder cartridges exploded every twenty minutes:—

Cape Gaspé,	No. 509,	in Canadian List of Lights;
Bird Rocks,	No. 538,	do
Heath Point,	No. 545,	do
West Point Anticosti,	No. 548,	do
Point de Monts,	No. 561,	do
Father Point,	No. 571,	do
Green Island,	No. 575,	do

The new signal is a cotton powder cartridge exploded from a derrick erected on the roof of the gun-shed or close to the point from which the gun was previously fired.

The explosions should give loud reports, sharper than those from pieces of ordnance.

Until the supply of gunpowder at the several stations is exhausted the guns will be used when the weather conditions are most favourable for the transmission of sound, but when used will be used with intervals of 20 minutes instead of 30 minutes as formerly.

II. HAND FOG HORN AT BATTERY POINT.

A hand fog horn has been supplied to the light station at Battery Point, Lunenburg, on the Atlantic coast of Nova Scotia.

Lat. N. 44° 21' 45"
Long. W. 64° 17' 35"

The horn will be sounded in thick weather in answer to signals from vessels.

This notice affects Canadian List of Lights and Fog Signals No. 175.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

Le Ministre de la Marine et des Pêcheries soumet pour approbation, un règlement des Commissaires du Havre de Québec, passé en vertu de 12 Victoria, chapitre 14, réglant le passage des vapeurs océaniques dans le havre de Québec.

Le Ministre observe que les agents des principales lignes de vapeur ont été consultés au sujet de ces règlements, et ils ont exprimé l'opinion que la limitation proposée de vitesse, est raisonnable et ne peut sérieusement affecter les vapeurs.

Le comité recommande l'adoption du dit règlement des Commissaires du Havre de Québec.

Greffier du Conseil privé.

AVIS AUX MARINS.

No. 22 de 1894.

I. ENLÈVEMENT D'UNE BOUÉE DANS LE HAVRE DE GASPÉ.

La bouée-boîte noire autrefois entretenue à l'extrémité de l'Ecueil Lourde, au large de la Pointe Lourde, ou Pointe Adams, à l'entrée du Bassin de Gaspé, sur la rive ouest du golfe Saint-Laurent, dans le comté de Gaspé et province de Québec, a été enlevée et ne sera plus entretenue à l'avenir.

Cet avis affecte les cartes de l'Amirauté Nos 1163 et 1621.

Sous-ministre de la Marine et des Pêcheries.

AVIS AUX MARINS.

No. 20 de 1894.

I. CHANGEMENT DANS LES SIGNAUX DE BRUME DANS LE FLEUVE ET LE GOLFE SAINT-LAURENT.

Les changements suivants ont été apportés aux signaux de brume des stations de phare dans le fleuve et le golfe Saint-Laurent : les canons qui étaient tirés chaque demi-heure sont remplacés par des gargousses de fulmi-coton éclatant de vingt minutes en vingt minutes :—

Cap Gaspé,	No. 509,	Liste des phares canadiens.
Rochers aux Oiseaux,	No. 538,	"
Point Heath,	No. 545,	"
Pointe Ouest Anticosti,	No. 548,	"
Pointe de Monts,	No. 561,	"
Pointe-au-Père,	No. 571,	"
Ile Verte,	No. 575,	"

Le nouveau signal est une gargousse de fulmi-coton qui éclate d'une grue érigée sur le toit de l'abri à canon ou près de l'endroit où le canon était autrefois tiré.

Les explosions doivent être très fortes, plus fortes que celles de pièces d'artillerie.

Jusqu'à ce que l'approvisionnement de poudre aux diverses stations soit épuisée, les canons seront tirés lorsque l'état de la température sera le plus favorable pour la transmission du son, mais ce sera alors à des intervalles de 20 minutes au lieu de 30 comme autrefois.

WM. SMITH,
Sous-ministre de la Marine et des Pêcheries.
Ministère de la Marine et des Pêcheries,
Ottawa, Canada, 15 juin 1894.

☞Tous les relèvements, à moins d'avis contraire, sont magnétiques et sont donnés venant de la mer, les milles sont des milles marins, les hauteurs sont au-dessus des hautes eaux, et toutes les profondeurs sont à l'eau basse moyenne.

Les pilotes, capitaines et autres intéressés sont instamment priés d'envoyer tous renseignements quant aux dangers, changements aux aides à la navigation, avis de nouvelles battures ou de nouveaux chenaux, erreurs dans les publications, ou autres faits touchant la navigation dans les eaux canadiennes, au "Sous-ministre de la Marine et des Pêcheries, Ottawa, Canada."

DEMANDES AU PARLEMENT.

RÈGLES *in re* AVIS DE BILLS PRIVÉS.

Dans le cas de toute demande de bills privés, proprement du ressort législatif du Parlement du Canada suivant les dispositions de l'Acte de l'Amérique Britannique du Nord, 1867, ayant pour objet la concession à une ou plusieurs personnes de certains droits ou privilèges exclusifs ou particuliers, ou le pouvoir de faire quelque chose qui, dans ses effets, pourrait toucher aux droits ou à la propriété d'autrui, ou concerner une classe particulière de la société ; ou ayant pour objet quelque amendement à un acte antérieur,—un avis, énonçant d'une manière claire et intelligible la nature et l'objet de la demande (sauf s'il s'agit de corporations déjà existantes) par les pétitionnaires ou de leur part, est nécessaire et doit être publié comme il suit :—

Dans les provinces de Québec et du Manitoba.

Dans la *Gazette du Canada* en anglais et en français, ainsi que dans un journal anglais et un journal français, du district intéressé, ou en anglais et en français dans le même journal, s'il ne s'en publie qu'un seul dans ce district ; ou s'il n'y paraît pas de journal, alors la publication de l'avis en anglais et en français doit se faire dans un journal du district le plus voisin où il s'en publie.

Dans les autres provinces ou territoires.

Dans la *Gazette du Canada*, et dans un journal du comté, du district ou des comtés-unis intéressés, ou s'il n'y paraît pas de journal alors la publication doit se faire dans un journal du comté ou district le plus voisin où il s'en publie. La publication de ces avis durera, dans chaque cas, la période de deux mois au moins pendant l'intervalle de temps qui s'écoulera entre la clôture de la session précédente et la prise en considération de la pétition. Des exemplaires marqués des numéros des journaux reproduisant la première et la dernière insertion de l'avis, devront être transmis au greffier de chaque Chambre, et porter à l'endos "Demande de bill privé."

Si la pétition demande l'autorisation de présenter un bill privé ayant pour objet la construction d'un pont de péage, les pétitionnaires devront aussi, en même temps et de la même manière, donner avis du taux de péages projeté, de l'étendue du privilège, de la hauteur des arches, de l'espace à laisser libre entre les culées ou les piles pour le passage des radeaux et des navires ; et, si c'est un pont mobile, quelles en seront les dimensions.

Toute personne désirant obtenir un bill privé devra, dans les huit jours au moins qui précéderont l'ouverture du parlement, déposer au bureau du greffier de la Chambre dans laquelle le bill doit prendre naissance, une copie de ce bill en langue anglaise ou en langue française, avec une somme suffisante pour en payer la traduction et l'impression. SPEECH :

Honourable Gentlemen of the Senate :

Gentlemen of the House of Commons :

In bringing to a conclusion this laborious session of Parliament, I have to thank you for the assiduity and zeal with which you have attended to the various matters which have been brought before you.

I congratulate you upon the notable fact that the invitation which my Government extended to the Governments of the other Colonies to send representatives to Canada to confer on matters affecting their mutual interests was so promptly accepted ; and that Her Majesty's Government also enhanced the dignity and usefulness of the Conference by sending a representative to assist at its deliberations. It is confidently hoped that the results of the Conference will be found beneficial to the Colonies and to the Empire generally.

The ratification of the Treaty of Commerce with France will lead, I hope, to a large increase in our exports and an extension of friendly relations with that country.

I trust that the arduous work which has engaged you in readjusting the Duties of Customs will accomplish the desired result of adapting the tariff to the present conditions of the various classes of our population.

The Statutes of the session will show that the laws affecting many public interests have been revised and greatly improved by your efforts, and I observe that you have likewise made generous provision for public improvements which are designed to increase the facilities for travel and transportation throughout the country.

Gentlemen of the House of Commons:

I thank you for the liberal provision which you have made for the services of the current year.

Alors l'Honorable Orateur de la Chambre des Communes a adressé la parole à Son Excellence le Gouverneur Général comme suit :

"Qu'il Plaise à Votre Excellence :

"Les Communes du Canada ont voté certains subsides nécessaires pour permettre au gouvernement de faire face aux dépenses du service public.

"Au nom des Communes, je présente à Votre Excellence le bill suivant :

> 'Acte pour accorder à Sa Majesté certaines sommes nécessaires pour subvenir à certaines dépenses du service public, pour les exercices expirant respectivement le 30e jour de juin 1894 et le 30e jour de juin 1895, et pour d'autres objets liés au service public.'

que je prie humblement Votre Excellence de sanctionner."

A ce bill la sanction royale a été donnée dans les termes suivants :

"Au nom de Sa Majesté, Son Excellence le Gouverneur Général remercie ses loyaux sujets, accepte leur bienveillance et sanctionne ce bill."

Après quoi il a plu à Son Excellence le Gouverneur Général de clore la Quatrième session du septième Parlement de la Puissance par le discours suivant :

Honorables Messieurs du Sénat :

Messieurs de la Chambre des Communes :

En terminant cette laborieuse session du parlement, je dois vous remercier pour l'assiduité et le zèle avec lesquels vous vous êtes occupés des diverses mesures qui vous ont été soumises.

Je vous félicite sur le fait notable que l'invitation transmise par mon gouvernement aux gouvernements des autres colonies d'envoyer des représentants au Canada dans le but de conférer sur des matières touchant leurs intérêts mutuels, a été si promptement acceptée ; et que le gouvernement de Sa Majesté a aussi rehaussé la dignité et l'utilité de la Conférence en envoyant un représentant pour prendre part à ses délibérations. On a grand espoir que les résultats de la Conférence seront avantageux aux colonies et à l'empire généralement.

La ratification du Traité de commerce avec la France aura l'effet, je l'espère, d'accroître considérablement nos exportations, et d'étendre les relations amicales entre les deux pays.

J'ai confiance que le travail ardu que vous a imposé le rajustement des droits de douane, aura le résultat tant désiré, celui d'adapter le tarif aux conditions actuelles des diverses classes de notre population.

Les statuts de la session feront voir que, grâce à vos efforts, les lois touchant un grand nombre d'intérêts publics ont été revisées et grandement améliorées ; et j'observe que vous avez aussi pourvu généreusement aux améliorations publiques qui sont destinées à augmenter les facilités de voyage et de transport par tout le pays.

Messieurs de la Chambre des Communes:

Je vous remercie des prévisions libérales que vous avez faites pour les services de l'année courante.

Honourable Gentlemen of the Senate :

Gentlemen of the House of Commons :

In relieving you from your present duties I pray that your labours may be fruitful of benefit to the country and that on returning to your homes you will find that a generous harvest is about to reward the toil of our farmers and that the blessing of Providence has been likewise bestowed abundantly on all the other interests of the people whom you represent.

THE SPEAKER of the Senate then said :

Honourable Gentlemen of the Senate, and Gentlemen of the House of Commons :

It is HIS EXCELLENCY THE GOVERNOR GENERAL'S will and pleasure, that this Parliament be prorogued until Saturday, the first day of September next, to be here held, and this Parliament is accordingly prorogued until the first day of September next.

Honorables Messieurs du Sénat :

Messieurs de la Chambre des Communes :

En vous relevant de vos devoirs, je fais des vœux pour que vos travaux soient une source de bien pour le pays, et que de retour dans vos foyers vous constatiez qu'une abondante moisson va récompenser le labeur de nos cultivateurs, et que les bénédictions de la Providence ont aussi été abondamment répandues sur tous les autres intérêts de la population que vous représentez.

L'ORATEUR du Sénat alors dit :

Honorables Messieurs du Sénat et Messieurs de la Chambre des Communes,

C'est le plaisir de SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL, que ce parlement soit prorogé jusqu'à samedi, le premier jour de septembre prochain, pour être tenu en ce lieu, et ce parlement est, en conséquence, prorogé jusqu'à samedi, le premier jour de septembre prochain.

Section 9.—The Collector of Slide Dues, or any person or persons duly authorized by him in that behalf, shall, at all hours during the day, have free access, and full power and permission to enter and remain as long as he or they may see fit upon any raft or parcel of timber for the purpose of examining the same, and every facility shall be afforded him or them for ascertaining the number of cribs or the number of pieces and description of timber of which the same is composed, and any person obstructing the Collector of Slide Dues, Slide Master or other persons duly authorized, as aforesaid, in the execution of his or their duty, shall incur a penalty of not less than fifty dollars and not more than two hundred dollars.

Section 10.—The owner or owners as well as the person or persons in charge of any raft or parcel of timber shall be held jointly and severally responsible for any injury or damage done to the slides, booms, piers, or other works connected therewith, by any of the parties in their employment; and it shall and may be lawful for the Superintendent of the works or officer acting in his behalf, to seize and detain such raft or parcel of timber until the injury so done shall be repaired, or until security to the satisfaction of the said Superintendent or such other officer shall have been given for such amount as shall be awarded on account of such damage; and any and every person interfering with the management or supply of water, or with any of the duties of the said Superintendent, Slide Master, Boom Master or other officer in charge of said works or any of them without having been duly authorized in writing so to do by the said officers in charge and any and every person doing injury or damage, as aforesaid, to any of the Government works on the River Ottawa or its tributaries or to the booms, slides, gates, piers or other works connected therewith, or aiding or assisting in doing such injury or damage, shall, for the first offence, incur a penalty of not less than fifty dollars and not more than one hundred dollars, over and above payment of the amount which may be awarded for such damages; and, for the second and every subsequent offence, shall incur a penalty of not less than one hundred dollars and not more than two hundred dollars, over and above payment of such damage, the amount of which damage shall, in each case, be ascertained and determined by the Superintendent or person acting in his behalf.

Section 11.—It shall be competent for the Collector of Slide Dues, his deputy or deputies, assistant or assistants, or person duly authorized by him, to enter upon, seize and detain at the risk, costs and charges of the owner or owners thereof, any raft or parcel of timber which shall have been removed away from any of the Government slides, booms or works, without the slide dues thereof, the amount awarded for damages, or the fines or penalties, if any, being first paid or secured to his satisfaction, and any and every person obstructing the Collector of Slide Dues, or other person or persons duly authorized, as aforesaid, in the execution of his or their duty, shall incur a penalty of not less than twenty dollars and not more than two hundred dollars.

Section 12.—Rafts, cribs and every description of timber shall be held liable for the dues, damages and penalties imposed under these regulations; and the Superintendent or other duly appointed officer is hereby authorized and required to seize and detain any such raft, crib or parcel of timber until payment of such dues, damages and penalties is made, or until the owner or person in charge shall have given satisfactory security for the payment thereof, within thirty days after the same shall have been declared to be incurred, or shall have been demanded; and, in default of such payment being made within the said term of thirty days, then the Superintendent or other duly appointed officer, may proceed to sell by public auction any such raft, crib or parcel of timber, but at least two weeks' notice of the day of the intended sale by auction shall in the mean time, have been given and have been duly inserted in one or more of the public newspapers published at the nearest place from the said works, and a copy of such notice shall also have been placarded during the same time (two weeks before the intended sale) in a public and conspicuous place at or near the said works where the raft, crib or timber is lying; and if the costs attendant on such auction sale, as well as all other costs, damages and penalties imposed or awarded, cannot be realized from the timber so seized and sold, the same shall be recoverable from the owner of said raft, crib or parcel of timber.

Section 13.—No rafts of round, square or flatted timber, or saw-logs, shall be allowed to be banded up, retained or held within the sheet of water bounded by the Ottawa Slide and the south shore of Victoria Island to the eastern extremity of the same, and extending easterly to a mark on the south side of Pine Tree Island, thence in a southerly direction to a mark at the water's edge of the River Ottawa, opposite the centre of Kent Street, in the City of Ottawa; thence along the south shore of the said river to the foot of the slide aforesaid.

Section 14.—But in case of cribs of timber or saw-logs being damaged or broken up in passing the slide they may be repaired or re-rafted within the aforesaid limits, if, in the opinion of the Superintendent of the works, such repairing or re-rafting be necessary. But in no case shall they be allowed to remain within the said limits longer than 48 hours after passing the slide.

Section 15.—Every violation of the preceding section or encroachment on said limits, shall subject the owner, person or persons in charge of such raft to a penalty of not less than twenty-five dollars and not exceeding fifty dollars.

Section 16.—No steamboat, barge or other craft, or boat-house, during the season of running timber shall be allowed to moor within the said limits in a position that obstructs a free outlet from the slide; and in all cases vessels loading or unloading, must be brought to the wharves or landing places and lie parallel with the current, but in no case shall there be more than two vessels abreast of each other, under a penalty, for every offence, of not less than fifteen dollars nor more than fifty dollars.

Section 17.—Rafts, vessels or other craft, or boat-house, as aforesaid, shall be held liable for the penalty imposed under these regulations; and the Superintendent of the works is authorized and required to seize and detain any such raft, vessel, barge, boat, or boat-house, until payment of such penalty, or until the owner or person in charge shall give satisfactory security for the payment thereof, within thirty days after such penalties shall have been declared or demanded; and in default of such payment being made within such specified time, then the said Superintendent may proceed to sell by public auction any such raft, vessel, boat, or boat-house, after having first given two weeks' notice of the day of such intended sale; such notice to be inserted in one or more of the public newspapers published in the City of Ottawa at least two clear weeks prior to the day of sale levying the cost attendant thereon, as well as the fine so imposed, upon the owner or owners or person or persons claiming such property.

Section 18.—Persons engaged in "driving" timber down the Gatineau River, in the Ottawa district aforesaid, shall not deposit on the banks of the main stream, or any of its tributaries, any saw-logs or square timber, within reach of the spring floods, nor float any timber down the river aforesaid until the ice has left the pond near the mouth of the Gatineau River, the said pond being a receptacle for lumber, and connected with the main boom on said Gatineau River by a canal; and whereas during the season of low water, steamers, barges, or other river craft or rafts of square timber or sawed lumber, cannot pass through the "trip" boom forming the upper portion of the Gatinean Boom in the north channel of the Gatineau River, but have to be passed through the main guide boom in that river by a more southerly channel, the said boom shall be kept clear of logs or timber, and the owners or persons in charge having any logs or timber obstructing the said boom, during the said season of low water, when steamers, barges, or other river craft or rafts of square timber or sawed lumber cannot pass through the "trip" boom aforesaid, shall be held liable for all damages that may be caused to the owners or persons in charge of steamers, or other river craft, or rafts of any description of timber, on account of detention, or otherwise, by such obstruction, over and above the penalty hereinafter mentioned; and during the season of high water in the said river the owners or persons in charge of rafts or timber shall not allow more than fifteen thousand pieces of saw-logs or square or other timber to accumulate or be in the main guide boom leading to the canal at the same time; every violation of this regulation shall subject the owners or persons in charge of such logs or timber to a penalty of not less than twenty-five dollars and not more than fifty dollars for each and every day during which the present regulation shall be violated, over and above the amount that may be awarded by the Superintendent of the "Ottawa River Works"; for any damage that may be done to the booms or works in consequence of such violation.

Section 19.—The gaps at the Upper and Lower Boom of the Gatineau works during the season for running timber and logs shall be open at five o'clock in the morning and close at seven o'clock in the evening if so directed by the Superintendent or officer in charge or at an earlier or later hour, if found necessary by the said Superintendent, Boom Master, or person in charge of the said gaps. And the said gaps shall be continually kept open for running between the hours named with the exception of two hours for meals.

Section 20.—When any timber, logs or other lumber arrive at the Sorting Gaps on the Gatineau River aforesaid, the owner of such timber, logs or other lumber shall at once cause the removal thereof. In the case of neglect or delay on the part of the owner or owners or persons in charge thereof to comply with this regulation, whereby the passage of the timber, logs or other lumber of other owner or owners might or should be impeded, the Superintendent, Boom Master, or his assistant at the Gatineau or Upper Gap, or the person appointed to carry out these regulations at the outlet of the Gatineau Pond, in the Ottawa River or Lower Gap, respectively, is hereby empowered to turn adrift the timber or logs causing the impediment, and the loss resulting therefrom shall fall upon its owner or owners.

Section 21.—The officers hereinbefore mentioned shall have full power to enforce these regulations at their respective stations; and the Superintendent of the "Ottawa River Works" or officer acting in his behalf in any case of damages on account of breakages or overcrowding the timber of any description, shall determine what damages shall be paid on account thereof, and in what proportions such damages shall be paid at either the Upper or Lower Gap.

Section 29.—When pulp wood or wood intended for manufacturing purposes other than sawn lumber is driven loose, ten (10) pieces of nine inches and under at the small end and thirteen feet in length shall be held to equal one cord, but to permit such wood to be treated and charged by the cord, specifications must be furnished to the Collector of Slide and Boom Dues showing the number of pieces of each length and diameter, and failing such specifications ten pieces shall be charged as one thousand feet B.M.; such specifications shall be accompanied by an affidavit stating the purpose for which the wood is intended and that the sizes and lengths are according to their Culler's books of measurement.

NOTICE TO MARINERS.

No. 22 of 1894.

I. REMOVAL OF BUOY IN GASPÉ HARBOUR.

The black can buoy heretofore maintained at the extremity of Lourde Spit, off Point Lourde, or Adams Point, at the entrance to Gaspé Basin, on the west shore of the Gulf of St. Lawrence, in the County of Gaspé and Province of Quebec, has been removed and will not hereafter be maintained.

This notice affects Admiralty charts Nos. 1163 and 1621.

II. HARBOUR GRACE ISLAND LIGHT.

Notice is given by the Secretary of the Newfoundland Board of Works that it is intendnd to alter the

Light at Harbour Grace Island. Dangerous founders of the cliffs being of frequent occurrence, thus more and more circumscribing the small area around the buildings, it is considered unsafe to continue resident keepers on the Island, and it being desirable that a light should still be continued there, it has been determined to remove the Revolving Light and to substitute an Occulting Light capable of continuous operation without constant attendance.

The work will be commenced July 1st, and the new light will be exhibited as quickly as possible, of which further notice will be issued. While the work is being done, a Red Duplex Light will be exhibited nightly.

ADDITIONAL RANGE LIGHTS IN CRAPAUD HARBOUR.

Three range lights, in addition to the two previously maintained, have been established by the Government of Canada in Crapaud Harbour, on the south-west side of Prince Edward Island. These lights were first put in operation on the 15th ultimo.

One of these lights is located on the south side of Paul Bluff west of the dredged cut from the Road or anchorage to the wharves.

Lat. N. 46° 12' 28"
Long. W. 63° 29' 42"

The light is a fixed red catoptric light, shown from a lantern hoisted on a mast. It is elevated about 30 feet above high water mark and should be visible about three miles over a small arc on each side of the line of range. The mast rises from a square tower with a shed roof and at the top of the mast is a triangular slatted beacon, the whole painted white.

Another light to be used as the back light of a range in conjunction with that above described, the two lights together to be known as "Wright's Range," is located on Mr. Charles L. Wright's farm, 150 feet south of his dwelling house in the corner of an orchard. It is distant about 3½ cables N.W. ¼ N. from the front light on Paul Bluff. It is a fixed red catoptric light, elevated about 50 feet above high water mark and should be visible 3 miles over a small arc on each side of the line of range.

The building is a square open framed wooden tower with the side facing the line of range, slatted, painted white, and surmounted by a lantern painted red. The height of the building from the ground to the top of the lantern is about 27 feet.

The third light is located on Palmer's Wharf in such a position that, in range with the front light of the old range standing near the north end of the bridge, it leads to the black buoy at the entrance to the dredged cut between the road and the wharves, and through the dredged cut on a N.N.E. course.

It is a fixed red catoptric light, shown from a lantern attached to a post at an elevation of 10 feet above high water mark and should be visible 2 miles in the line of range.

To enter Crapaud Harbour from the Strait of Northumberland, vessels should bring the two old lights (which will be known hereafter as "Leard's Range" and which are both fixed white) into alignment and keep them in one on a north course until the lights of Wright's Range are in alignment when they should follow this range N. W. ¼ N. until the red light on Palmer's Wharf is in alignment with the front light on Leard's Range. These two in one will lead in from the black buoy at the entrance to the dredged cut, through the cut, to the wharves, N.N.E., but strangers entering at night are advised to anchor in the Road at this last described turning point near the black buoy, as they will be in good anchorage inside the shelter of Tryon Shoals, while it is not safe to attempt the dredged cut at night.

This notice affects Admiralty Charts Nos. 1651, 2000 and 2034, and the substance of it should be entered in the Canadian List of Lights and Fog Signals next after 274.

Deputy-Minister of Marine and Fisheries.

☞ All bearings, unless otherwise noted, are magnetic and are given from seaward, miles are nautical miles, heights are above high water, and all depths are at mean low water.

NIGGER ISLAND SHOAL LIGHT.

A lighthouse established by the Government of Canada on a pier on Nigger Island Shoal, in the Bay of Quinte, between the West Riding of Hastings and the County of Prince Edward, Ontario, was put in operation on the 6th instant.

The geographical position as calculated from the survey of the Bay of Quinte made in 1893 is approximately :—

Lat. N. 44° 6' 57"
Long. W. 77° 28' 31"

The geographical position as taken from Admiralty Chart No. 1,152, is approximately :—

Lat. N. 44° 6' 15"
Long. W. 77° 29' 30"

The light is fixed white, elevated 27 feet above the level of the bay, and should be visible 10 miles from all points of approach. The illuminating apparatus is dioptric, of the 7th order.

The lighthouse is a square wooden tower, surmounted by a square wooden lantern, the whole painted white. It is 27 feet in height from the deck of the pier to the top of the lantern. It stands upon a cribwork pier sunk in 11 feet of water on the north side of the steamboat channel, and near the western extremity of the shoal running south-westwardly from Nigger Island towards Potters Island.

Vessels upon leaving the swing of Belleville bridge, bound up, can steer directly for the light on a course W. by S. ⅜ S. (S. 67° 43' W. true), and should pass the light leaving it about 300 feet on the north side, or starboard hand. Vessels leaving the Murray canal, bound down, after passing the red buoy off Onderdonk shoal, can also steer directly for the light, on a course N.E. ⅝ E. (N. 45° 20' E. true). When within 4,000 feet of it they should open it half a point on the starboard bow, so as to clear the north extreme of the shoal extending from Potters Island. At 2,000 feet distant they should change their course so as to pass it, leaving it 300 feet to the northward, or on the port hand, and after passing the most easterly black buoy on Potters Island shoal can shape their course directly for the swing of Belleville bridge.

This notice affects Admiralty Charts Nos. 797 and 1,152 and the substance of it should be entered in the Canadian List of Lights and Fog Signals under the No. 890.

2. Except as hereinafter provided, the lists of voters shall be prepared, revised and completed for the present year, one thousand eight hundred and ninety-four, and for any subsequent year previous to the dissolution of the present Parliament, as if the Redistribution Act were in force, and for and with reference to the electoral districts as they will be constituted when that Act comes into force.

3. Après quoi il a plu à Son Excellence le Gouverneur Général de clore la QUATRIÈME SESSION DU SEPTIÈME PARLEMENT de la PUISSANCE par le discours suivant :

Honorables Messieurs du Sénat :

Messieurs de la Chambre des Communes :

En terminant cette laborieuse session du parlement, je dois vous remercier pour l'assiduité et le zèle avec lesquels vous vous êtes occupés des diverses mesures qui vous ont été soumises.

Je vous félicite sur le fait notable que l'invitation transmise par mon gouvernement aux gouvernements des autres colonies d'envoyer des représentants au Canada dans le but de conférer sur des matières touchant leurs intérêts mutuels, a été si promptement acceptée ; et que le gouvernement de Sa Majesté a aussi rehaussé la dignité et l'utilité de la Conférence en envoyant un représentant pour prendre part à ses délibérations. On a grand espoir que les résultats de la Conférence seront avantageux aux colonies et à l'empire généralement.

La ratification du Traité de commerce avec la France aura l'effet, je l'espère, d'accroître considérablement nos exportations, et d'étendre les relations amicales entre les deux pays.

J'ai confiance que le travail ardu que vous a imposé le rajustement des droits de douane, aura le résultat tant désiré, celui d'adapter le tarif aux conditions actuelles des diverses classes de notre population.

Les statuts de la session feront voir que, grâce à vos efforts, les lois touchant un grand nombre d'intérêts publics ont été revisées et grandement améliorées ; et j'observe que vous avez aussi pourvu généreusement aux améliorations publiques qui sont destinées à augmenter les facilités de voyage et de transport par tout le pays.

Messieurs de la Chambre des Communes:

Je vous remercie des prévisions libérales que vous avez faites pour les services de l'année courante.

Honorables Messieurs du Sénat :

Messieurs de la Chambre des Communes :

En vous relevant de vos devoirs, je fais des vœux pour que vos travaux soient une source de bien pour le pays, et que de retour dans vos foyers vous constatiez qu'une abondante moisson va récompenser le labeur de nos cultivateurs, et que les bénédictions de la Providence ont aussi été abondamment répandues sur tous les autres intérêts de la population que vous représentez.

L'ORATEUR du Sénat alors dit :

Honorables Messieurs du Sénat et Messieurs de la Chambre des Communes,

C'est le plaisir de SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL, que ce parlement soit prorogé jusqu'à samedi, le premier jour de septembre prochain, pour être tenu en ce lieu, et ce parlement est, en conséquence, prorogé jusqu'à samedi, le premier jour de septembre prochain.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

LE Ministre de la Marine et des Pêcheries soumet pour approbation, un règlement des Commissaires du Havre de Québec, passé en vertu de 12 Victoria, chapitre 14, réglant le passage des vapeurs océaniques dans le havre de Québec.

Le Ministre observe que les agents des principales lignes de vapeur ont été consultés au sujet de ces règlements, et ils ont exprimé l'opinion que la limitation proposée de vitesse, est raisonnable et ne peut sérieusement affecter les vapeurs.

Le comité recommande l'adoption du dit règlement des Commissaires du Havre de Québec.

DEMANDES AU PARLEMENT.

RÈGLES *in re* AVIS DE BILLS PRIVÉS.

Dans le cas de toute demande de bills privés, proprement du ressort législatif du Parlement du Canada suivant les dispositions de l'Acte de l'Amérique Britannique du Nord, 1867, ayant pour objet la concession à une ou plusieurs personnes de certains droits ou privilèges exclusifs ou particuliers, ou le pouvoir de faire quelque chose qui, dans ses effets, pourrait toucher aux droits ou à la propriété d'autrui, ou concerner une classe particulière de la société ; ou ayant pour objet quelque amendement à un acte antérieur,—un avis, énonçant d'une manière claire et intelligible la nature et l'objet de la demande (sauf s'il s'agit de corporations déjà existantes) par les pétitionnaires ou de leur part, est nécessaire et doit être publié comme il suit :—

Dans les provinces de Québec et du Manitoba.

Dans la *Gazette du Canada* en anglais et en français, ainsi que dans un journal anglais et un journal français, du district intéressé, ou en anglais et en français dans le même journal, s'il ne s'en publie qu'un seul dans ce district ; ou s'il n'y paraît pas de journal, alors la publication de l'avis en anglais et en français doit se faire dans un journal du district le plus voisin où il s'en publie.

Dans les autres provinces ou territoires.

Dans la *Gazette du Canada*, et dans un journal du comté, du district ou des comtés-unis intéressés, ou s'il n'y paraît pas de journal alors la publication doit se faire dans un journal du comté ou district le plus voisin où il s'en publie. La publication de ces avis durera, dans chaque cas, la période de deux mois au moins pendant l'intervalle de temps qui s'écoulera entre la clôture de la session précédente et la prise en considération de la pétition. Des exemplaires marqués des numéros des journaux reproduisant la première et la dernière insertion de l'avis, devront être transmis au greffier de chaque Chambre, et porter à l'endo " Demande de bill privé."

Si la pétition demande l'autorisation de présenter un bill privé ayant pour objet la construction d'un pont de péage, les pétitionnaires devront aussi, en même temps et de la même manière, donner avis du taux de péages projeté, de l'étendue du privilège, de la hauteur des arches, de l'espace à laisser libre entre les culées ou les piles pour le passage des radeaux et des navires ; et, si c'est un pont mobile, quelles en seront les dimensions.

Toute personne désirant obtenir un bill privé devra, dans les huit jours au moins qui précéderont l'ouverture du parlement, déposer au bureau du greffier de la Chambre dans laquelle le bill doit prendre naissance, une copie de ce bill en langue anglaise ou en langue française, avec une somme suffisante pour en payer la traduction et l'impression. Après la seconde lecture et avant la prise en considération du bill par tout comité, le pétitionnaire aura aussi à payer au greffier du Sénat, ou au comptable de la Chambre des Communes (selon le cas) un honoraire de $200, plus une somme suffisante pour défrayer le coût de l'impression de l'acte dans les Statuts, et remettra le reçu de ce paiement au greffier du comité auquel ce bill aura été renvoyé.

L'honoraire de $200 payable sur tout bill privé, ne sera payé que dans la Chambre où ce bill a pris naissance ; mais les frais de réimpression et de traduction nécessités par ce bill seront payés dans la Chambre où ces frais sont encourus.

Aucune pétition pour l'obtention d'un bill privé ne sera reçue par le Sénat après les dix premiers jours de la session ; ou par la Chambre des Communes, après les premières trois semaines de la session.

Aucun bill privé ne pourra être présenté au Sénat après les premières deux semaines de la session ; ou, à la Chambre des Communes après les premières quatre semaines de la session.

EDOUARD J. LANGEVIN,
Greffier du Sénat.

JOHN GEORGE BOURINOT,
Greffier des Communes.

RÈGLES ADDITIONNELLES DE LA CHAMBRE DES COMMUNES CONCERNANT LES BILLS PRIVÉS.

Tous les bills privés demandant des actes constitutifs devront être rédigés de manière à y incorporer, en les spécifiant, les *clauses* des Actes généraux concernant les détails qui font l'objet de ces bills ; des raisons spéciales seront données chaque fois que l'on aura l'intention de se départir de ce principe, ou que l'on voudra y introduire d'autres dispositions touchant ces détails ; et une note sera annexée au bill indiquant les dispositions au sujet desquelles l'on entend s'écarter de l'Acte général ; les bills qui ne seront pas rédigés conformément à cette Règle, devront être remodelés par les auteurs et réimprimés à leurs frais, avant qu'aucun comité en examine les clauses.

51*a*. Tous les bills privés pour chartes ou pour modification de chartes de compagnies de chemins de fer seront rédigés conformément au bill-modèle dont copie peut être obtenue du greffier de la Chambre ;

(*a*.) Les dispositions contenues dans un bill quelconque qui ne seront pas conformes au bill-modèle, seront insérées entre crochets, et après avoir été revisées par l'officier compétent, elles seront imprimées ainsi ; et les bills qui ne seront pas rédigés en conformité de cette règle seront renvoyés aux auteurs pour être remodelés avant leur revision et impression ;

(*b*.) Toutes clauses d'actes existants que l'on proposera de modifier, seront imprimées en entier, avec les amendements insérés en leur lieu et place, et entre crochets ;

(*c*.) Toutes dispositions exceptionnelles que l'on proposera d'insérer dans un bill quelconque, seront imprimées dans l'avis publié.

51*b*. Nul bill pour la constitution légale d'une compagnie de chemin de fer ou pour changer le tracé du chemin de fer d'une compagnie déjà constituée ne sera pris en considération par le comité des chemins de fer à moins qu'il n'ait été donné au comité, au moins une semaine avant la prise en considération du bill—

(*a*.) Une carte ou plan à l'échelle de pas moins d'un demi-pouce au mille, indiquant le territoire sur lequel l'on se propose de construire les travaux projetés, ainsi que les lignes de travaux analogues existants ou autorisés, dans les limites du district, ou partie du district que la ligne projetée doit desservir, ou affectant le dit district en aucune manière ; cette carte ou plan devra être signé par l'ingénieur ou toute autre personne qui l'aura fait ;

(*b*.) Un exhibit faisant connaître le montant total du capital que l'on se propose de prélever pour les fins de l'entreprise, et la manière dont on se propose de le prélever, soit au moyen d'actions ordinaires, obligations, débentures ou autres garanties, et le montant respectif de chacune.

JOHN GEORGE BOURINOT,
Greffier des Communes.

ORDRE SPÉCIAL DE LA CHAMBRE DES COMMUNES.

Résolu,—Que le greffier de la Chambre adresse une copie de la Règle 49 modifiée aux personnes qui signifient dans la *Gazette du Canada* leur intention de s'adresser au parlement pour la passation d'un bill privé, ainsi qu'un avis portant que la dite Règle sera strictement appliquée à l'avenir :—

"49. Les pétitions pour bills privés ne seront reçues par la Chambre que pendant les trois premières semaines de la session, et les bills privés ne pourront être présentés à la Chambre que pendant les quatre premières semaines de la session ; et tout comité auquel aura été renvoyé un bill privé devra le prendre en considération et en faire rapport à la Chambre avec toute la diligence convenable.

2. Qu'il soit enjoint à tous les comités sur bills privés, dans le cas où les promoteurs ne seraient point prêts à procéder avec leurs mesures quand celles-ci auront été appelées deux fois en deux occasions différentes devant le comité pour y être considérées, de rapporter ces mesures à la Chambre sans délai, faisant connaître les faits, et avec la recommandation que ces bills soient retirés."

JOHN GEORGE BOURINOT,
Greffier des Communes.

SUBSTANCE DES RÈGLES ET FORMES DE PROCÉDER DU SÉNAT CONCERNANT LES BILLS DE DIVORCE.

L'époux qui a l'intention de demander un bill de divorce doit faire connaître cette intention, ainsi que les noms de l'autre époux et la cause du divorce, par avis inséré durant six mois avant la présentation de sa pétition pour obtenir le bill, dans la *Gazette du Canada* et dans deux journaux du district où il avait sa résidence habituelle à l'époque de séparation d'avec son conjoint, s'il résidait alors dans la province de Québec, le Manitoba, la Colombie-Britannique, ou les Territoires du Nord-Ouest,—ou du comté ou des comtés-unis, s'il résidait dans une autre province ; mais si ce nombre de journaux ne s'y trouve pas, l'avis sera publié dans le district, le comté ou les comtés-unis voisins. Dans les provinces de Québec et de Manitoba, les insertions seront faites dans un journal anglais et un journal français, s'il en existe des deux langues dans le district : autrement, elles se feront en anglais et en français au même journal.

Il doit être signifié, à la diligence de l'époux pétitionnaire, un mois au moins avant la présentation de la pétition, une copie de cet avis à l'autre époux en personne, si cela est possible.

Aucune pétition en divorce n'est reçue après l'expiration des trente premiers jours de la session.

Toute pétition en divorce devra être écrite lisiblement et porter la signature du pétitionnaire. Elle énoncera sommairement le fait du mariage, le lieu et l'époque de sa célébration, les noms du célébrant, les griefs qui donnent lieu à la demande de redressement et la nature du redressement demandé, et en outre contiendra assurance qu'il n'y a pas eu réconciliation, collusion ni connivence. Les allégations de la pétition seront appuyées de la déclaration du pétitionnaire, faite en vertu de "l'Acte concernant les serments extra-judiciaires."

ORDERS IN COUNCIL.

[2238]

AT THE GOVERNMENT HOUSE AT OTTAWA.

Thursday, the 26th day of July, 1894.

PRESENT:

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

WHEREAS complaints have been made that a great destruction of fish occurs in the Chiputneticook or Schoodie Lakes, a chain of lakes on the Chiputneticook River, a branch of the Ste. Croix, forming the boundary between the State of Maine and the Province of New Brunswick; and that these waters, which are said to be frequented by pickerel, speckled trout, salmon, "toag" (a species of salmon) and other fish are unmercifully netted.

And whereas under Section 52 of the Fishery and Game Laws for the State of Maine, any one fishing with nets in the above waters is liable to a fine of $25 for the offence, and of $10 for each salmon or land-locked salmon, and of $1 for each and every other fish so taken; but as no adequate provisions exist on the Canadian side of the Lakes, the local fishery officers find themselves at a disadvantage, and the beneficial effects resulting from a total prohibition of netting in United States waters are thus nullified,—

His Excellency, in virtue of the powers conferred upon him by Section 16 of Chapter 95 of the Revised Statutes of Canada, intituled "The Fisheries Act," and by and with the advice of the Queen's Privy Council for Canada, is pleased to make the following regulations:—

"Fishing by means of nets of any kind, without lease or license from the Minister of Marine and Fisheries, is prohibited in the waters of Chiputneticook or Schoodie Lakes in the Province of New Brunswick."

JOHN J. McGEE,
Clerk of the Privy Council.

Tuesday, the 17th day of July, 1894.

PRESENT:

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a Memorandum dated 12th July, 1894, from the Minister of Marine and Fisheries, stating, with reference to the Order in Council of the 9th June 1877, establishing a pilotage district for the Port of Summerside, P.E.I., that representations have been made by merchants and others of Summerside in the district referred to, that there is no necessity now for compulsory pilotage within the district, owing to the efficient system of Lights and Buoys which has been established, and that compulsory pilotage is an unnecessary tax upon the trade of the port.

The Minister, in view of these representations, recommends that the Order in Council of the 9th June, 1877, so far as it relates to making pilotage compulsory within the limits of the district of Summerside, be cancelled, and that the payment of pilotage dues within the district be made non-compulsory.

The Committee submit the above recommendation for Your Excellency's approval.

Clerk of the Privy Council.

Saturday, the 30th day of June, 1894.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a Report dated 22nd June, 1894, from the Minister of Marine and Fisheries, stating with reference to the application in writing received from the owner of the sailing vessel "A. Boody" to change the name of the vessel to "E. A. Fulton," that from the evidence furnished it appears that the ship was an American bottom, 31 years old, and was purchased by her present owner, at a Maritime Court sale in the City of Toronto; that the vessel has been repaired and made thoroughly seaworthy, and that her present name is a family name.

The Minister therefore recommends that authority be given to register the vessel at the port of Toronto, under the name of "E. A. Fulton," when compliance is made with the law relating to the registry of ships.

The Committee submit the above recommendation for Your Excellency's approval.

REGULATIONS.

Section 1.—The Government slides, booms and other works connected therewith in the Ottawa district shall be under the control and management of the Superintendent of the works for that district, or in case there should be no Superintendent, or in the absence of such an officer, under the control and management of the Slide Master, Deputy Slide Master, Boom Master or other officer in charge for the time being at any of the stations; and these officers, and no others, shall have the power of regulating the supply of water required for the passage of timber, of allotting the space for rafting or mooring timber, of determining the quantity of timber that may pass daily through the slides or booms, of awarding the amount that may be due by the owner or owners of timber or persons in charge thereof for damages that may have been done to any of the works, of imposing fines or penalties for any violation of the slide regulations, of seizing the timber, and of detaining or selling the same at public auction, as hereinafter provided, and of recovering the said dues, penalties or damages when the owners of timber or persons in charge thereof refuse or neglect to pay the same; and the orders of the said Superintendent of the works, Slide Master, Deputy Slide Master or other officer in charge of the works as aforesaid, must in all cases be obeyed by the owners of timber or their employees, who in case of refusal or neglect to obey such orders, shall be subject to the fines or penalties hereinafter imposed, as the case may be.

Section 2.—No raft or parcel of timber shall be permitted to enter any Government slide or boom for the purpose of passing through, without the owner or person in charge of such raft or parcel of timber first giving notice thereof to and obtaining permission from the Superintendent, Slide Master, Deputy Slide Master, Boom Master or other officer in charge of the station as aforesaid, under a penalty of not less than four dollars and not more than twenty dollars.

Section 3.—The owner or person in charge of any raft or parcel of timber, previous to entering any of the Government crib slides, for the purpose of passing such raft or parcel of timber through the same, shall make a full and complete report to the Slide Master or person acting in that capacity of such raft or parcel of timber, containing an account of the number of cribs and the description of timber composing the raft or parcel of timber, the name and designation of the owner or owners, together with marks and all other particulars relating thereto, under a penalty of not less than twenty dollars and not more than two hundred dollars, for refusing or neglecting to make such report.

Section 4.—On the arrival of any description of timber at or near any of the Government Slides, Booms or works, the owner thereof or person in charge of the same shall immediately send a sufficient number of men to pass said timber through the said slides, booms or works, and shall not allow the timber to accumulate at the head of the said slides, booms or works, or to obstruct the passage of other timber to or from the said slides, booms or works, and shall not change the position of any boom or work without the permission of the Superintendent or other officer in charge of the works being first had in writing, and any person so doing without such authority shall be liable to a penalty of not less than one hundred or more than two hundred dollars for each offence, and if a "jam" of any description of timber takes place in any of the said slides, booms or works, or near the same, the owner or person in charge shall at once remove the "jam" or obstruction under the direction of the Slide Master, Boom Master, or officer acting in that capacity; and in case the owner or person in charge of said timber should refuse or neglect to remove the same within twenty-four hours, the said Slide Master, Boom Master or officer or person by him authorized in that behalf, shall have the power of removing the same at the proper costs, risks, and expenses of the owners thereof, who shall be subject to a penalty of not less than fifty dollars and not more than two hundred dollars for every day during which their timber shall obstruct the passage of other timber, over and above the amount that may be awarded by the Superintendent, Slide Master or other officer in charge of the work, as well for the expenses for removing the same as for any damages that may have been done in consequence of such refusal or neglect. And in no case shall the Government be liable for any damage or loss caused by the breaking away of any work whether through the weakness of the work itself, changing the position of booms, or from over-pressure of logs or timber in contravention of these regulations.

Section 5.—The number of men required at each station shall be regulated by the said Superintendent or other officer in charge of the station who are hereby empowered to employ at the cost and charges of the owners of the timber, saw-logs, etc., the number of men necessary to pass the same in safety over or through such station, when the owner or owners of such timber, saw-logs, etc., has refused or failed to supply such men at the time required by the Superintendent or other officer in charge of the station, and any owner or person in charge of such timber or logs who shall neglect or refuse to comply with this regulation shall incur a penalty of not less than fifty dollars and not exceeding two hundred dollars over and above the payment of the amount at which any injury or damage so done to the works may be estimated by the Superintendent.

Section 6.—Should the owner or person in charge of any parcel of timber, or saw-logs, fail, or neglect to provide the number of men indicated by the said Superintendent, or other duly authorized officer, under these regulations, the said Superintendent or other officer in charge of the station, may employ the required number of men at the expense of the owner or owners of the timber, saw-logs, &c., and the expense so incurred shall be a first lien on the said timber, saw-logs, &c., which may be seized and detained by the said Superintendent or other authorized officer until all such charges or expenses so incurred shall be paid, or they may be collected in the same manner as is provided by law for the collection of ordinary slide and boom dues.

Section 7.—No raft or parcel of timber shall be moored or banded up nearer to the entrance to or the outlet from any of the Government Slides, Booms or works than the berths pointed out by the Superintendent or other officer in charge or specially designated in these regulations; and when permission shall be granted to the owners or persons in charge of any raft or parcel of timber to place any raft or parcel of timber in or near the slides, booms or works, the owners or persons in charge of such rafts or timber shall not in any case take any more or other space or place than the berth or berths allotted by the said Superintendent or other officer in charge of the works, and shall at any time, when directed so to do, move the said rafts or timber from place to place, or remove the same entirely, as soon as required so to do by the said Superintendent or the Slide Master or other officer in charge of the works, under a penalty of not less than twenty-five dollars and not more than fifty dollars in case of refusal or neglect on the part of the said owners or persons in charge of such timber or rafts to comply with the requirements of this section.

Section 8.—The owner or owners, or person in charge of any raft or parcel of timber shall, before removing the same from any slide, boom or public work connected therewith, or beyond the limits prescribed by these regulations, subscribe and deliver to the said Superintendent, Slide Master, Deputy Slide Master, or other officer, as the case may be, duly appointed as aforesaid, an acknowledgment in duplicate, certifying the number and description of cribs or

of pieces of timber so passed, and the number and average dimensions of each class, if required, and shall pay the slide dues, or secure the same to the satisfaction of the Collector of Slide Dues, under a penalty of not less than twenty dollars and not more than two hundred dollars, and shall further pay double the amount of dues which would otherwise be payable, on any raft or parcel of timber passing such slide, boom or public work without such acknowledgment.

Section 9.—The Collector of Slide Dues, or any person or persons duly authorized by him in that behalf, shall, at all hours during the day, have free access, and full power and permission to enter and remain as long as he or they may see fit upon any raft or parcel of timber for the purpose of examining the same, and every facility shall be afforded him or them for ascertaining the number of cribs or the number of pieces and description of timber of which the same is composed, and any person obstructing the Collector of Slide Dues, Slide Master or other persons duly authorized, as aforesaid, in the execution of his or their duty, shall incur a penalty of not less than fifty dollars and not more than two hundred dollars.

Section 10.—The owner or owners as well as the person or persons in charge of any raft or parcel of timber shall be held jointly and severally responsible for any injury or damage done to the slides, booms, piers, or other works connected therewith, by any of the parties in their employment; and it shall and may be lawful for the Superintendent of the works or officer acting in his behalf, to seize and detain such raft or parcel of timber until the injury so done shall be repaired, or until security to the satisfaction of the said Superintendent or such other officer shall have been given for such amount as shall be awarded on account of such damage; and any and every person interfering with the management or supply of water, or with any of the duties of the said Superintendent Slide Master, Boom Master or other officer in charge of said works or any of them without having been duly authorized in writing so to do by the said officers in charge and any and every person doing injury or damage, as aforesaid, to any of the Government works on the River Ottawa or its tributaries or to the booms, slides, gates, piers or other works connected therewith, or aiding or assisting in doing such injury or damage, shall, for the first offence, incur a penalty of not less than fifty dollars and not more than one hundred dollars, over and above payment of the amount which may be awarded for such damages; and, for the second and every subsequent offence, shall incur a penalty of not less than one hundred dollars and not more than two hundred dollars, over and above payment of such damage, the amount of which damage shall, in each case, be ascertained and determined by the Superintendent or person acting in his behalf.

Section 11.—It shall be competent for the Collector of Slide Dues, his deputy or deputies, assistant or assistants, or person duly authorized by him, to enter upon, seize and detain at the risk, costs and charges of the owner or owners thereof, any raft or parcel of timber which shall have been removed away from any of the Government slides, booms or works, without the slide dues thereof, the amount awarded for damages, or the fines or penalties, if any, being first paid or secured to his satisfaction, and any and every person obstructing the Collector of Slide Dues, or other person or persons duly authorized, as aforesaid, in the execution of his or their duty, shall incur a penalty of not less than twenty dollars and not more than two hundred dollars.

Section 12.—Rafts, cribs and every description of timber shall be held liable for the dues, damages and penalties imposed under these regulations; and the Superintendent or other duly appointed officer is hereby authorized and required to seize and detain any such raft, crib or parcel of timber until payment of such dues, damages and penalties is made, or until the owner or person in charge shall have given satisfactory security for the payment thereof, within thirty days after the same shall have been declared to be incurred, or shall have been demanded; and, in default of such payment being made within the said term of thirty days, then the Superintendent or other duly appointed officer, may proceed to sell by public auction any such raft, crib or parcel of timber, but at least two weeks' notice of the day of the intended sale by auction shall in the meantime, have been given and have been duly inserted in one or more of the public newspapers published at the nearest place from the said works, and a copy of such notice shall also have been placarded during the same time (two weeks before the intended sale) in a public and conspicuous place at or near the said works where the raft, crib or timber is lying; and if the costs attendant on such auction sale, as well as all other costs, damages and penalties imposed or awarded, cannot be realized from the timber so seized and sold, the same shall be recoverable from the owner of said raft, crib or parcel of timber.

Section 13.—No rafts of round, square or flatted timber, or saw-logs, shall be allowed to be banded up, retained or held within the sheet of water bounded by the Ottawa Slide and the south shore of Victoria Island to the eastern extremity of the same, and extending easterly to a mark on the south side of Pine Tree Island, thence in a southerly direction to a mark at the water's edge of the River Ottawa, opposite the centre of Kent Street, in the City of Ottawa; thence along the south shore of the said river to the foot of the slide aforesaid.

Section 14.—But in case of cribs of timber or saw-logs being damaged or broken up in passing the slide they may be repaired or re-rafted within the aforesaid limits, if, in the opinion of the Superintendent of the works, such repairing or re-rafting be necessary. But in no case shall they be allowed to remain within the said limits longer than 48 hours after passing the slide.

Section 15.—Every violation of the preceding section or encroachment on said limits, shall subject the owner, person or persons in charge of such raft to a penalty of not less than twenty-five dollars and not exceeding fifty dollars.

Section 16.—No steamboat, barge or other craft, or boat-house, during the season of running timber shall be allowed to moor within the said limits in a position that obstructs a free outlet from the slide; and in all cases vessels loading or unloading, must be brought to the wharves or landing places and lie parallel with the current, but in no case shall there be more than two vessels abreast of each other, under a penalty, for every offence, of not less than fifteen dollars nor more than fifty dollars.

Section 17.—Rafts, vessels or other craft, or boat-house, as aforesaid, shall be held liable for the penalty imposed under these regulations; and the Superintendent of the works is authorized and required to seize and detain any such raft, vessel, barge, boat, or boat-house, until payment of such penalty, or until the owner or person in charge shall give satisfactory security for the payment thereof, within thirty days after such penalties shall have been declared or demanded; and in default of such payment being made within such specified time, then the said Superintendent may proceed to sell by public auction any such raft, vessel, boat, or boat-house, after having first given two weeks' notice of the day of such intended sale; such notice to be inserted in one or more of the public newspapers published in the City of Ottawa at least two clear weeks prior to the day of sale, levying the cost attendant thereon, as well as the fine so imposed, upon the owner or owners or person or persons claiming such property.

Section 18.—Persons engaged in "driving" timber down the Gatineau River, in the Ottawa district aforesaid, shall not deposit on the banks of the main stream, or any of its tributaries, any saw-logs or square timber, within reach of the spring floods, nor float any timber down the river aforesaid until the ice has left the pond near the mouth of the Gatineau River, the said pond being a receptacle for lumber, and connected with the main boom on said Gatineau River by a canal; and whereas during the season of low water, steamers, barges, or other river craft or rafts of square timber or sawed lumber, cannot pass through the "trip" boom forming the upper portion of the Gatineau Boom in the north channel of the Gatineau River, but have to be passed through the main guide boom in that river by a more southerly

channel, the said boom shall be kept clear of logs or timber, and the owners or persons in charge having any logs or timber obstructing the said boom, during the said season of low water, when steamers, barges, or other river craft or rafts of square timber or sawed lumber cannot pass through the "trip" boom aforesaid, shall be held liable for all damages that may be caused to the owners or persons in charge of steamers, or other river craft, or rafts of any description of timber, on account of detention, or otherwise, by such obstruction, over and above the penalty hereinafter mentioned ; and during the season of high water in the said river the owners or persons in charge of rafts or timber shall not allow more than fifteen thousand pieces of saw-logs or square or other timber to accumulate or be in the main guide boom leading to the canal at the same time ; every violation of this regulation shall subject the owners or persons in charge of such logs or timber to a penalty of not less than twenty-five dollars and not more than fifty dollars for each and every day during which the present regulation shall be violated, over and above the amount that may be awarded by the Superintendent of the "Ottawa River Works" ; for any damage that may be done to the booms or works in consequence of such violation.

Section 19.—The gaps at the Upper and Lower Boom of the Gatineau works during the season for running timber and logs shall be open at five o'clock in the morning and close at seven o'clock in the evening if so directed by the Superintendent or officer in charge or at an earlier or later hour, if found necessary by the said Superintendent, Boom Master, or person in charge of the said gaps. And the said gaps shall be continually kept open for running between the hours named with the exception of two hours for meals.

Section 20.—When any timber, logs or other lumber arrive at the Sorting Gaps on the Gatineau River aforesaid, the owner of such timber, logs or other lumber shall at once cause the removal thereof. In the case of neglect or delay on the part of the owner or owners or persons in charge thereof to comply with this regulation, whereby the passage of the timber, logs or other lumber of other owner or owners might or should be impeded, the Superintendent, Boom Master, or his assistant at the Gatineau or Upper Gap, or the person appointed to carry out these regulations at the outlet of the Gatineau Pond, in the Ottawa River or Lower Gap, respectively, is hereby empowered to turn adrift the timber or logs causing the impediment, and the loss resulting therefrom shall fall upon its owner or owners.

NOTICE TO MARINERS.

No. 22 of 1894.

I. REMOVAL OF BUOY IN GASPÉ HARBOUR.

The black can buoy heretofore maintained at the extremity of Lourde Spit, off Point Lourde, or Adams Point, at the entrance to Gaspé Basin, on the west shore of the Gulf of St. Lawrence, in the County of Gaspé and Province of Quebec, has been removed and will not hereafter be maintained.

This notice affects Admiralty charts Nos. 1163 and 1621.

II. HARBOUR GRACE ISLAND LIGHT.

Notice is given by the Secretary of the Newfoundland Board of Works that it is intendnd to alter the Light at Harbour Grace Island. Dangerous founders of the cliffs being of frequent occurrence, thus more and more circumscribing the small area around the buildings, it is considered unsafe to continue resident keepers on the Island, and it being desirable that a light should still be continued there, it has been determined to remove the Revolving Light and to substitute an Occulting Light capable of continuous operation without constant attendance.

The work will be commenced July 1st, and the new light will be exhibited as quickly as possible, of which further notice will be issued. While the work is being done, a Red Duplex Light will be exhibited nightly.

ADDITIONAL RANGE LIGHTS IN CRAPAUD HARBOUR.

Three range lights, in addition to the two previously maintained, have been established by the Government of Canada in Crapaud Harbour, on the south-west side of Prince Edward Island. These lights were first put in operation on the 15th ultimo.

One of these lights is located on the south side of Paul Bluff west of the dredged cut from the Road or anchorage to the wharves.

Lat. N. 46° 12' 28"
Long. W. 63° 29' 42"

The light is a fixed red catoptric light, shown from a lantern hoisted on a mast. It is elevated about 30 feet above high water mark and should be visible about three miles over a small arc on each side of the line of range. The mast rises from a square tower with a shed roof and at the top of the mast is a triangular slatted beacon, the whole painted white.

Another light to be used as the back light of a range in conjunction with that above described, the two lights together to be known as "Wright's Range," is located on Mr. Charles L. Wright's farm, 150 feet south of his dwelling house in the corner of an orchard. It is distant about 3½ cables N.W. ¼ N. from the front light on Paul Bluff. It is a fixed red catoptric light, elevated about 50 feet above high water mark and should be visible 3 miles over a small arc on each side of the line of range.

The building is a square open framed wooden tower with the side facing the line of range, slatted, painted white, and surmounted by a lantern painted red. The height of the building from the ground to the top of the lantern is about 27 feet.

The third light is located on Palmer's Wharf in such a position that, in range with the front light of the old range standing near the north end of the bridge, it leads to the black buoy at the entrance to the dredged cut between the road and the wharves, and through the dredged cut on a N.N.E. course.

It is a fixed red catoptric light, shown from a lantern attached to a post at an elevation of 10 feet above high water mark and should be visible 2 miles in the line of range.

To enter Crapaud Harbour from the Strait of Northumberland, vessels should bring the two old lights (which will be known hereafter as "Leard's Range" and which are both fixed white) into alignment and keep them in one on a north course until the lights of Wright's Range are in alignment when they should follow this range N. W. ¼ N. until the red light on Palmer's Wharf is in alignment with the front light on Leard's Range. These two in one will lead in from the black buoy at the entrance to the dredged cut, through the cut, to the wharves, N.N.E., but strangers entering at night are advised to anchor in the Road at this last described turning point near the black buoy, as they will be in good anchorage inside the shelter of Tryon Shoals, while it is not safe to attempt the dredged cut at night.

This notice affects Admiralty Charts Nos. 1651, 2000 and 2034, and the substance of it should be entered in the Canadian List of Lights and Fog Signals next after 274.

The geographical position as calculated from the survey of the Bay of Quinte made in 1893 is approximately :—

Lat. N. 44° 6' 57"
Long. W. 77° 28' 31"

The geographical position as taken from Admiralty Chart No. 1,152, is approximately :—

Lat. N. 44° 6' 15"
Long. W. 77° 29' 30"

The light is fixed white, elevated 27 feet above the level of the bay, and should be visible 10 miles from all points of approach. The illuminating apparatus is dioptric, of the 7th order.

The lighthouse is a square wooden tower, surmounted by a square wooden lantern, the whole painted white. It is 27 feet in height from the deck of the pier to the top of the lantern. It stands upon a cribwork pier sunk in 11 feet of water on the north side of the steamboat channel, and near the western extremity of the shoal running south-westwardly from Nigger Island towards Potters Island.

Vessels upon leaving the swing of Belleville bridge, bound up, can steer directly for the light on a course W. by S. ⅜ S. (S. 67° 43' W. true), and should pass the light leaving it about 300 feet on the north side, or starboard hand. Vessels leaving the Murray canal, bound down, after passing the red buoy off Onderdonk shoal, can also steer directly for the light, on a course N.E. ⅝ E. (N. 45° 20' E. true). When within 4,000 feet of it they should open it half a point on the starboard bow, so as to clear the north extreme of the shoal extending from Potters Island. At 2,000 feet distant they should change their course so as to pass it, leaving it 300 feet to the northward, or on the port hand, and after passing the most easterly black buoy on Potters Island shoal can shape their course directly for the swing of Belleville bridge.

This notice affects Admiralty Charts Nos. 797 and 1,152 and the substance of it should be entered in the Canadian List of Lights and Fog Signals under the No. 890.

II. DISCONTINUANCE OF POTTERS ISLAND LIGHT.

In consequence of the establishment of the light on Nigger Island shoal, as above described, the mast light temporarily maintained on the north point of Potters Island, as described in Part II of Notice to Mariners No. 29 of 1892, is no longer required and has been discontinued.

This notice affects Admiralty Charts Nos. 797 and 1,152, and Canadian List of Lights and Fog Signals No. 890.

RÈGLEMENTS.

Note.—Les mots "radeaux ou lot de bois" partout où ils se rencontrent dans les présents règlements, seront censés signifier les billots de sciage, traverses de chemin de fer et toutes autres espèces d'effets en bois, aussi bien que le bois équarri et méplat.

Article 1.—Les glissoires, estacades et autres constructions fédérales s'y rattachant dans le district de l'Ottawa, seront placés sous le contrôle et la régie du surintendant des travaux du district, ou, s'il n'y a pas de surintendant, ou en son absence, sous le contrôle et la régie du gardien de glissoire, sous-gardien de glissoire, gardien d'estacades ou autre officier alors en charge à aucune des stations ; et ces officiers, et nuls autres, auront le pouvoir de régler l'alimentation de l'eau nécessaire pour le passage des bois de construction, de répartir l'espace accordé pour la mise en radeau ou l'amarrage du bois, de déterminer la quantité de bois qui pourra passer chaque jour dans les glissoires ou les estacades, d'établir la somme qui pourra être due par les propriétaires de bois ou les personnes qui en ont la charge, pour les dommages qui pourraient être faits à quelqu'un des ouvrages, d'imposer des amendes ou pénalités pour infraction aux règlements des glissoires, de saisir le bois et de le détenir et vendre aux enchères publiques, tel que ci-dessous prescrit, et de recouvrer ces droits, amendes ou indemnités lorsque les propriétaires du bois ou les personnes qui en ont la charge refuseront ou négligeront de les payer ; et les ordres du dit surintendant des travaux, gardien de glissoire, sous-gardien de glissoire ou de tel autre officier autorisé comme susdit, devront toujours être suivis et exécutés par les propriétaires du bois, ou leurs employés, sous peine, en cas de refus ou négligence de ce conformer à ces ordres, des amendes et pénalités ci-dessous imposées suivant le cas.

Article 2.—Il ne sera permis à aucun radeau ou lot de bois d'entrer dans une glissoire ou estacade de l'Etat avec l'intention de la descendre, sans que le propriétaire ou la personne en charge de ce radeau ou lot de bois ait d'abord donné avis au surintendant, gardien de glissoire, sous-gardien de glissoire, gardien d'estacade ou autre officier en charge de la station comme susdit, et en ait obtenu la permission, sous peine d'une amende de pas moins de quatre piastres et n'excédant pas vingt piastres.

Article 3.—Le propriétaire ou la personne en charge d'un radeau ou lot de bois, avant d'entrer dans aucune des glissoires de l'Etat, avec l'intention de la descendre, devra faire un rapport exact au gardien de glissoire ou à la personne agissant en cette qualité, de ce radeau ou lot de bois, énonçant le nombre de coupons, et l'espèce de bois composant ce radeau ou lot de bois, ainsi que le nom et la désignation du propriétaire ou des propriétaires, et les marques et tous autres détails s'y rapportant sous peine d'une amende de pas moins de vingt piastres, et n'excédant pas deux cents piastres, pour refus ou négligence de faire ce rapport.

Article 4.—A l'arrivée de toute espèce de bois à ou près de quelque glissoire, estacade ou autre ouvrage de l'Etat, le propriétaire ou la personne qui en aura la charge enverra immédiatement un nombre d'hommes suffisant pour faire passer ce bois dans la dite glissoire, estacade ou autre voyage, et ne laissera pas accumuler ce bois à la tête de la dite glissoire, estacade ou autre ouvrage, et ne nuira pas au passage d'autre bois destiné à entrer ou sortir de la dite glissoire, estacade ou autre ouvrage, et ne changera pas la position d'aucune estacade ou ouvrage sans en avoir d'abord obtenu la permission par écrit du surintendant ou autre officier en charge des ouvrages, et toute personne qui fera un tel changement sans autorisation sera passible d'une amende de pas moins de cent piastres et n'excédant pas deux cents piastres pour chaque contravention ; et s'il survient un encombrement ou refoulement de bois dans quelque glissoire, estacade ou autre ouvrage, ou dans son voisinage, le propriétaire ou la personne qui en a la charge devra immédiatement défaire cet encombrement ou enlever l'obstacle, sous la direction du gardien de glissoire, gardien d'estacade, ou autre officier agissant en cette capacité ; et si le propriétaire ou la personne ayant la charge du bois refuse ou néglige de l'enlever ou défaire dans les vingt-quatre heures, le gardien de glissoire, gardien d'estacade ou officier, ou la personne autorisée par lui à cet effet, pourra le faire enlever ou défaire aux frais, risques et dépens des propriétaires du bois, qui seront passibles d'une amende de pas moins de cinquante piastres, ni de plus de deux cents piastres, pour chaque jour durant lequel leur bois empêchera le passage d'autre bois, en sus du montant qui pourra être taxé par le surintendant, gardien de glissoire ou autre officier en charge des travaux, tant pour les frais occasionnés par l'enlèvement de l'obstacle que pour tout dommage qui pourra avoir été causé par suite de ce refus ou de cette négligence. Et le gouvernement ne sera dans aucun cas responsable des dommages ou perte causés par la rupture de toute construction soit à cause de la faiblesse de l'ouvrage même, soit par le changement de position des estacades, ou de la trop grande pression des billots ou du bois en contravention des présents règlements.

Article 5.—Le nombre des hommes nécessaires à chaque station sera déterminé par le dit surintendant ou autre officier en charge de la station, qui sont par le présent autorisés à employer, aux frais et dépens des propriétaires du bois de construction, billots, etc., le nombre d'hommes nécessaire pour les passer en sûreté sur et par cette station, dans le cas où le propriétaire de ces bois, billots, etc., négligerait de fournir ces hommes au temps voulu par le surintendant ou autre officier en charge de la station ; et tout propriétaire ou personne en charge de ces bois ou billots qui négligera ou refusera de se conformer au présent règlement, encourra une amende de pas moins de cinquante piastres, ni de plus de deux cents piastres, en sus du paiement de tout montant auquel le dommage fait sera évalué par le surintendant.

Article 6.—Si le propriétaire ou personne en charge d'un lot de bois, ou de billots, manque ou néglige de fournir le nombre d'hommes voulu par le dit surintendant, ou autre officier dûment autorisé, en vertu des présents règlements, le dit surintendant ou autre officier en charge de la station, pourra employer le nombre voulu d'hommes aux frais du propriétaire du bois de construction, billots, etc., et les frais ainsi encourus seront une première charge sur le dit bois, billots, etc., lequel pourra être saisi et détenu par le dit surintendant ou autre officier autorisé jusqu'à ce que tous les frais et charges ainsi encourus soient payés, ou la perception pourra s'en faire de la manière établie par la loi pour la perception des droits de glissoire et d'estacade ordinaires.

Article 7.—Nul train ou lot de bois ne sera amarré ou assemblé plus près de l'entrée ou de la sortie d'aucune glissoire, estacade ou autre ouvrage de l'Etat que l'endroit indiqué par le surintendant ou autre officier en charge ou spécialement désigné dans les présents règlements ; et lorsqu'il sera donné permission aux propriétaires ou personnes ayant la charge d'un train ou lot de bois de placer un train ou lot de bois dans ou près des glissoires, estacades ou autres ouvrages, les propriétaires ou personnes ayant charge de ce train, ou lot de bois ne devront en aucun cas prendre plus d'espace, ou un autre espace, ou le prendre ailleurs, que l'espace ou l'endroit indiqué par le surintendant ou autre officier chargé de la régie des ouvrages, et devront en tout temps, lorsqu'ils en recevront l'ordre déplacer le dit train ou lot de bois, et les mettre ailleurs ou les enlever complètement aussitôt qu'ils en seront requis par le dit surintendant ou le gardien de glissoire ou autre officier chargé de la régie des ouvrages, à peine d'une amende de pas moins de vingt-cinq piastres, ni plus de cinquante piastres, en cas de refus ou négligence de la part des dits propriétaires ou personnes ayant charge du bois ou trains de bois, de se conformer aux dispositions du présent article.

Article 8.—Le propriétaire ou les propriétaires ou la personne ayant charge d'un train ou lot de bois devra, avant de le sortir d'une glissoire, estacade ou ouvrage public s'y rattachant, souscrire et remettre au surintendant, gardien de glissoire, sous-gardien de glissoire ou autre officier, selon le cas, dûment autorisé à cet effet, une déclaration en duplicata certifiant le nombre et la description des radeaux ou du bois ainsi passé, et le nombre et la dimension moyenne de chaque classe, s'il en est requis, et paiera les droits de glissoire, ou en garantira le paiement à la satisfaction du percepteur des droits de glissoire, à peine d'une amende de pas moins de vingt piastres, ni de plus de deux cents piastres, et paiera de plus le double du montant des droits qui autrement auraient été payables, sur tout train ou lot de bois qui passera dans la glissoire sans cette déclaration.

Article 9.—Le percepteur des droits de glissoire, ou toute personne dûment autorisée par lui à cet effet, aura, à toute heure du jour, libre accès et plein pouvoir et permission d'aller et rester aussi longtemps qu'il ou elle le jugera à propos, sur tout train ou lot de bois dans le but de l'inspecter, et toute facilité lui sera donnée pour constater le nombre de radeaux ou le nombre de morceaux et l'espèce de bois dont ils sont composés ; et toute personne qui entravera le percepteur des droits de glissoire, le gardien de glissoire ou autre officier dûment autorisés comme il est dit plus haut, dans l'exécution de leurs devoirs, encourra une amende de pas moins de cinquante piastres, ni de plus de deux cents piastres.

Article 10.—Le propriétaire ou les propriétaires, ainsi que la personne ou les personnes ayant charge d'un train ou lot de bois, seront responsables conjointement et séparément de tout dommage fait aux glissoires, estacades, piliers, jetées ou autres ouvrages s'y rattachant, par les hommes employés par lui ; et il sera loisible au surintendant des travaux ou à l'officier agissant en son nom, de saisir ou de détenir ce train ou lot de bois, jusqu'à ce que le dommage ainsi causé ait été réparé, ou jusqu'à ce qu'une garantie ait été donnée, à sa satisfaction, pour le montant qui sera taxé pour la réparation de ce dommage ; et quiconque entravera ou gênera la régie ou l'alimentation d'eau, ou l'exécution des devoirs des dits surintendant, gardien de glissoire, gardien d'estacade, ou autre officier en charge des dits travaux ou aucun d'eux, sans avoir été dûment autorisé par les dits officiers en charge à le faire, et quiconque fera ou causera quelque dommage, comme susdit, à quelque glissoire de l'Etat sur la rivière Ottawa ou ses tributaires, ou aux estacades, glissoires, portes ou piliers s'y rattachant, ou qui aidera à faire ou causer pareil dommage, encourra pour la première offense, une amende de pas moins de cinquante piastres, ni de plus de cent piastres, en sus du paiement du montant auquel sera taxé le dommage, et, pour chaque récidive, une amende de pas moins de cent piastres, ni de plus de deux cents piastres, en sus du paiement de l'indemnité de ce dommage, dont le montant sera, dans chaque cas, constaté et taxé par le surintendant ou la personne agissant en ses lieu et place.

Article 11.—Il sera loisible au percepteur des droits de glissoire, son adjoint ou son assistant, ou à la personne dûment autorisée par lui à cet effet, de se rendre sur tout train ou lot de bois qui aura été sorti de quelque glissoire, estacade ou autre ouvrage fédéral sans que les droits de glissoire sur ce bois, le montant taxé pour dommage, ou amendes ou pénalités, s'il en est, n'aient été préalablement payés ou garantis à sa satisfaction, et de le saisir et détenir aux risques, frais et dépens du ou des propriétaires ; et quiconque entravera le percepteur des droits de glissoire, ou autre personne dûment autorisée comme susdit, dans l'exécution de son devoir, encourra une amende de pas moins de vingt piastres, ni de plus de deux cents piastres.

Article 12.—Les trains, radeaux et toute espèce de bois seront tenus responsables des droits, indemnités de dommage et amendes imposés par ces règlements ; et le surintendant ou autre officier dûment nommé est par le présent autorisé et requis de saisir et détenir tout tel train, radeau ou lot de bois, jusqu'à parfait paiement des droits, indemnités de dommage ou amendes, ou jusqu'à ce que le propriétaire ou la personne qui a charge du bois en ait garanti le paiement d'une manière satisfaisante, dans les trente jours après qu'ils auront été déclarés encourus ou demandés ; et, si ce paiement n'est pas fait dans les trente jours, le dit surintendant ou autre officier dûment autorisé pourra alors procéder à la vente du train, radeau ou lot de bois, aux enchères publiques ; mais il sera donné au moins deux semaines d'avis de la date de la vente projetée, et cet avis sera publié dans l'un ou plusieurs des journaux publiés en l'endroit le plus rapproché des dits travaux, et une copie de cet avis sera aussi affichée pendant le même espace de temps (c'est-à-dire pendant deux semaines avant la vente projetée), dans un endroit public et apparent des dits travaux, ou auprès, où se trouve le train, radeau ou lot de bois ; et si les frais entraînés par cette vente ainsi que tous les autres frais, dommages et amendes imposés ou taxés, ne peuvent être réalisés sur le bois ainsi saisi et vendu, ils seront recouvrés du propriétaire du train, radeau ou lot de bois.

Article 13.—Nul train de bois rond, équarri, ou méplat, ou de billots de sciage ne sera assemblé, retenu ou gardé en dedans de la nappe d'eau bornée par la glissoire d'Ottawa et la rive sud de l'île Victoria jusqu'à son extrémité est, et s'étendant à l'est jusqu'à une marque sur le côté sud de l'île du Pin, de là dans une direction sud jusqu'à une marque sur le bord de l'eau de la rivière Ottawa, vis-à-vis le centre de la rue Kent, dans la cité d'Ottawa ; de là le long de la rive sud de la dite rivière jusqu'au pied de la glissoire susdite.

Article 14.—Mais dans le cas où des coupons de bois ou des billots de sciage seraient endommagés ou brisés en passant la glissoire, ils pourront être réparés ou rassemblés dans les susdites limites, si le surintendant des travaux est d'opinion que cette réparation ou assemblage est nécessaire. Mais ils ne pourront dans aucun cas rester dans les dites limites plus que 48 heures après avoir passé la glissoire.

Article 15.—Chaque violation de l'article qui précède, ou empiétement sur les dites limites, rendra le propriétaire, la personne ou les personnes en charge de ce radeau passible d'une amende de pas moins de vingt-cinq piastres et de pas plus de cinquante piastres.

Article 16.—Nul bateau à vapeur, barge ou autre embarcation, ou abri de chaloupe, pendant la saison de la descente du bois, ne pourra s'amarrer dans les dites limites de manière à obstruer la libre sortie de la glissoire ; et dans tous les cas les vaisseaux chargeant ou déchargeant devront être amenés aux quais ou débarcadères et prendront une position parallèle au courant, mais il ne devra jamais y avoir plus de deux vaisseaux de front, sous peine, pour chaque contravention, d'une amende de pas moins de quinze piastres ni de plus de cinquante piastres.

Article 17.—Les dits radeaux, vaisseaux ou autres embarcations, ou abris de chaloupe, seront tenus responsables des amendes imposées par ces règlements ; et le surintendant des travaux est par le présent autorisé et requis de saisir et détenir tout tel radeau, vaisseau, barge, chaloupe ou abri de chaloupe jusqu'à parfait paiement des amendes, ou jusqu'à ce que le propriétaire ou la personne qui a charge en ait garanti le paiement d'une manière satisfaisante, dans les trente jours après que ces amendes auront été déclarées ou demandées ; et si ce paiement n'est pas fait dans le délai spécifié, le dit surintendant pourra alors procéder à la vente du radeau, vaisseau, chaloupe ou abri de chaloupe, aux enchères publiques, mais il sera donné au moins deux semaines d'avis de la vente projetée ; et cet avis sera inséré dans un ou plusieurs des papiers-nouvelles publiés en la cité d'Ottawa, deux semaines au moins avant la date de la vente, prélevant les frais en découlant, ainsi que l'amende ainsi imposée sur le propriétaire ou les propriétaires ou la personne ou les personnes réclamant cette propriété.

Article 18.—Les personnes engagées dans la descente du bois sur la rivière Gatineau, dans le district d'Ottawa susdit, ne devront pas déposer sur les rives du principal cours d'eau, ou aucun de ses tributaires, des billots de sciage ou du bois carré, à la portée des eaux du printemps, ni ne flotteront du bois de construction sur la rivière susdite tant que la glace ne sera pas partie de l'étang près de l'embouchure de la rivière Gatineau, le dit étang étant un réceptable pour le bois de service, et relié par un canal avec l'estacade principale sur la dite rivière Gatineau ; et considérant que durant la saison des eaux basses les vapeurs, barges ou autres embarcations ou des radeaux de bois carré ou de bois scié ne peuvent passer par l'estacade auxiliaire (trip boom) qui forme la partie supérieure de l'estacade de la Gatineau dans le chenal nord de la rivière Gatineau, mais sont obligés de passer par la grande estacade de dérivation sur cette rivière par un chenal plus au sud, la dite estacade sera tenue libre de billots ou bois, et les propriétaires ou personnes en charge de billots ou de bois de construction obstruant la dite estacade pendant la dite saison des eaux basses, alors que les vapeurs, barges ou autres embarcations ou les radeaux de bois carré ou de bois scié ne peuvent passer par l'estacade auxiliaire susdite, seront tenus responsables de tous dommages qui seraient causés aux propriétaires ou personnes en charge de vapeurs ou autres embarcations, ou de radeaux de toute espèce de bois, à raison de détention ou autrement, causée par cette obstruction, en sus de l'amende ci-après mentionnée ; et pendant la saison des hautes eaux dans la dite rivière les propriétaires ou personnes en charge de radeaux ou de bois de construction ne permettront pas qu'il s'accumule ou reste en même temps plus que quinze mille pieds de billots de sciage ou de bois carré ou autre dans la grande estacade de dérivation conduisant au canal, chaque infraction au présent règlement rendant les propriétaires ou personnes en charge de ces billots ou bois passible d'une amende de pas moins de vingt-cinq piastres et de pas plus de cinquante piastres pour tout et chaque jour durant lequel ce règlement sera enfreint, en sus du montant qui pourra être adjugé par le surintendant des travaux de l'Ottawa, pour tous dommages qui pourront avoir été causés aux estacades ou constructions en conséquence de cette infraction.

Article 19.—Durant la saison de la descente du bois et des billots les "entrées" en haut et en bas des constructions de la Gatineau seront ouvertes à cinq heures du matin et fermées à sept heures du soir, selon que le décidera le surintendant ou officier en charge, ou plus à bonne heure ou plus tard, si le dit surintendant, gardien d'estacade ou personne en charge des dites entrées le jugent nécessaire. Et les dites entrées seront continuellement tenues ouvertes pour le passage du bois entre les heures susdites, à l'exception de deux heures pour les repas.

Article 20.—Quand du bois de construction, des billots ou autre bois arrive aux entrées où se fait le triage des pièces (sorting gaps) sur la rivière Gatineau susdite, le propriétaire de ce bois devra de suite le faire enlever. Et si le propriétaire ou les propriétaires ou personnes en charge négligent ou retardent de se conformer au présent règlement, et par ce fait embarrassent le passage du bois de construction, des billots ou autre bois d'un autre propriétaire ou d'autres propriétaires, le surintendant, gardien d'estacade ou son aide à l'entrée supérieure de la Gatineau, ou la personne nommée pour faire exécuter les présents règlements à la décharge de l'étang de la Gatineau dans la rivière Ottawa, ou entrée inférieure, respectivement, est par le présent autorisé à envoyer à la dérive le bois ou les billots qui causent l'embarras, et la perte qui en résultera retombera sur le propriétaire ou les propriétaires de ce bois.

Article 21.—Les officiers ci-après mentionnés sont autorisés à faire exécuter les présents règlements à leurs stations respectives; et le surintendant des travaux de l'Ottawa ou l'officier agissant pour lui dans tout cas de dommages causés par la rupture ou l'encombrement du bois de toute espèce, fixera la somme qui sera payée pour ces dommages, et quelle partie de cette somme sera attribuée à l'entrée d'en haut ou d'en bas respectivement.

Article 22.—Afin de rendre uniforme l'application des droits, tous bois de construction et bois de service seront, sauf dans les cas spécialement prévus par le dit tarif ou quelque modification du dit tarif, classifiés comme suit :—

Article 23.—Le bois carré et flacheux ou à planche sera désigné bois carré, et sera imposé à tant par coupon (crib), et dans le cas où du bois de cette description passe par aucun des travaux autrement qu'en coupons, un nombre de pièces suffisant dans l'opinion du percepteur ou d'un député dûment autorisé par lui pour faire un coupon d'une grandeur ordinaire (ne devant pas toutefois excéder mille pieds cubes) sera compté pour un coupon.

Article 24.—Le bois rond, ou de 12 à 16½ pieds de longueur, communément appelé "bois de sciage," sera imposé à 1,000 pieds mesure de planche, mais dans tous les cas où le mesurage officiel des billots n'est pas fourni au percepteur des droits de glissoire tel que ci-dessus prévu, cinq pièces compteront comme 1,000 pieds mesure de planche.

Article 25.—Le bois méplat ou partiellement équarri, de moins de 13 pouces de diamètre moyen d'une écorce à l'autre, paiera, lorsque mis en coupons, la moitié des taux du bois carré.

Article 26.—Tout bois méplat, rond ou partiellement équarri, de 17 pieds et plus de longueur, sauf tel que prescrit dans l'article 25, paiera par chaque 1,000 pieds mesure de planche ; mais dans tous les cas où le mesurage officiel n'est pas fourni au percepteur des droits de glissoire et d'estacade, tel que ci-après pourvu, trois pièces équivaudront à 1,000 pieds mesure de planche. Les traverses de chemin de fer, de 8 pieds de longueur et moins seront calculées au taux de 40 pièces pour chaque mille pieds mesure de planche. Les piquets de clôture, de 8 pieds de longueur et de moins de 6 pouces de diamètre au petit bout, seront calculés à 80 pièces par 1,000 pieds mesure de planche.

Article 27.—Les autres articles de bois paieront les mêmes taux proportionnels que paie la catégorie d'articles auxquels ils ressemblent le plus en vertu des présents règlements, à la discrétion du percepteur.

Article 28.—Pour le bois scié douze mille pieds mesure de planche seront censés équivaloir à un coupon.

Article 29.—Lorsque du bois à pulpe ou du bois destiné à des fins manufacturières, autre que du bois scié, est descendu en pièces détachées, dix (10) pièces de neuf pouces et moins au petit bout et de treize pieds de longueur équivaudra à une corde, mais pour que ce bois soit traité et calculé à la corde, des spécifications devront être fournies au percepteur des droits de glissoire et d'estacade, spécifiant le nombre de pièces de chaque longueur et diamètre, et à défaut de ces spécifications dix pièces seront comptées comme mille pieds mesure de planche ; ces spécifications seront accompagnées d'une déclaration sous serment spécifiant les fins pour lesquelles le bois est destiné, et que les dimensions et longueurs sont conformes aux registres de mesurage de l'inspecteur-mesureur.

(*b*.) Lorsque du bois à pulpe ou autre est mesuré en pile, radeau ou coupon, et le nombre de cordes constaté, une déclaration assermentée sera exigée du fabricant de ce bois, appuyée de la déclaration assermentée du receveur du bois ou son agent quant au nombre de cordes, et le receveur ou l'acheteur, ou le fabricant, ou chacun d'eux seront tenus de produire le règlement de comptes entre eux concernant ce bois, et une corde sera comptée comme mille pieds mesure de planche.

Article 30.—Nuls bois de construction, billots de sciage, bois de service ou autres articles de bois ne seront transportés au delà d'un rayon de trois milles plus bas que les chutes des Chaudières, à moins que le paiement des péages et droits sur ces bois n'ait d'abord été fait ou garantie à la satisfaction du percepteur des péages et droits ; et tous tels articles ainsi enlevés sur lesquels les dits péages et droits restent impayés pendant 24 heures après qu'ils ont été déplacés, pourront être détenus par le percepteur en vertu du quatrième article de l'acte précité, et le percepteur devra de suite en faire rapport au ministre des Travaux Publics et pourra retenir ces articles jusqu'à ce que les droits de glissoires et tous les frais et dépenses aient été payés, à moins qu'il n'en soit autrement ordonné.

Article 31.—Chaque propriétaire de scierie ou la personne en charge d'une scierie ou l'utilisant, et chaque autre personne faisant le commerce du bois de construction, billots, bois scié ou autres effets de bois, fournira au percepteur des droits et péages le ou avant le trentième jour de juin de chaque année, un état attesté sous serment ou déclaration solennelle en vertu du statut à cet égard, et sur une formule imprimée qui sera fournie par le percepteur sur demande, indiquant les détails ci-dessous énumérés quant aux articles faits ou acquis par lui sauf le bois carré envoyés en radeaux à Québec, à venir jusqu'à la dite date, ou depuis la date couverte par le dernier rapport en vertu du présent ou des articles suivants ; et le ou avant le quinzième jour d'octobre de chaque année, un semblable rapport quant à tous tels articles faits ou acquis par lui subséquemment au trentième jour de juin ou date de son dernier rapport. Ces états ou rapports décriront en détail tous les articles y compris, donnant quant à ces articles respectivement les détails suivants :—

S'ils ont été faits par celui qui fournit le rapport, ou ont été achetés par lui d'autres personnes, et s'ils les a faits lui-même, le nom du contremaître employé par lui, et s'ils les a achetés, le nom du vendeur ;

La rivière ou cours d'eau d'où ils viennent ;

Où se trouvaient ces articles à la date du rapport ;

Les glissoires, estacades ou autres travaux par où ils ont passé ;

La longueur des poteaux de télégraphe et de cèdres ronds, et tels autres détails indiqués sur la formule imprimée fournie par le percepteur ;

Article 32.—Et il fournira des devis en détail de tous billots de sciage, indiquant le nombre de pièces de chaque longueur et diamètre, aussi des spécifications de tous bois rond ou méplat indiquant le nombre de pièces de chaque longueur et diamètre, ce dernier étant mesuré d'une écorce à l'autre ; et dans tous les cas où des billots d'épinette blanche au-dessous d'un diamètre de dix pouces seront déclarés avoir été sortis que dans le but de les convertir en pulpe et payés au taux de la corde, un devis distinct, indiquant les longueurs et diamètres sera fourni, accompagné des déclarations assermentées de l'inspecteur-mesureur de bois qui a mesuré les billots et du teneur de livres ou gérant de la personne ou maison à qui ils appartiennent, sur des formules que fournira le percepteur des droits et péages ; et ce dernier aura accès aux livres et devis originaux de mesurage de tous billots de sciage, etc., d'une maison quelconque, s'il croit désirable ou nécessaire de vérifier quelque rapport fourni par cette maison sous l'empire des présents règlements. Toute personne qui manquera de se conformer aux dispositions du présent article sera, dans les limites fixées par l'article trois du dit acte, chapitre 98 des S.R.C., passible d'une amende de dix piastres par jour pour chacun des premiers trente jours de tel défaut, et pour chaque jour ensuite une amende de vingt-cinq piastres.

Article 33.—Le percepteur des droits et péages pourra en tout temps requérir d'une personne tenue de faire rapport sous l'empire de l'article immédiatement précédant, un état indiquant les articles alors en possession de telle personne, ou les articles faits ou acquis par elle depuis la date de son dernier rapport, et chaque rapport sous l'empire du présent article énoncera, au sujet de ces effets ou marchandises ainsi faits ou acquis, tous les détails mentionnés à l'article immédiatement précédant, ou telle partie de ces détails que spécifiera la réquisition, et chaque rapport exigé en vertu du présent article sera rendu dans les cinq jours ensuivants, sous peine des mêmes amendes prescrites dans l'article immédiatement précédant des présents règlements.

Article 34.—Si le percepteur des droits et péages croit à l'inexactitude d'un rapport exigé en vertu de l'un ou l'autre des deux articles qui précèdent, il pourra le faire corriger et rectifier par la personne qui l'a fait, et à défaut par cette personne de se conformer à cette demande dans les cinq jours ensuivants, elle encourra et paiera les mêmes amendes que celles prescrites par le trente-deuxième article des présents règlements.

Article 35.—Ces droits et péages sur toutes les glissoires et constructions seront payés tel que voulu par l'article 8 des présents règlements, ou sur demande, mais chaque fois avant le 31e jour de décembre de l'année où ces droits se sont accrus, sans préjudice du droit de la couronne d'exiger le paiement à toute date antérieure.

Après cette date le percepteur sera tenu d'employer tous les moyens en son pouvoir pour prélever ces droits.

Article 36.—L'intérêt au taux de 6 pour cent par année sera exigé sur tout le montant des droits restant impayés au 31e jour de décembre.

Article 37.—Les péages suivants seront et sont par le présent imposés, et seront payables sur les billots ou autre bois de construction passant par les travaux publics, en tout ou en partie, sur la rivière Ottawa et ses tributaires :—

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

LE Ministre de la Marine et des Pêcheries soumet pour approbation, un règlement des Commissaires du Havre de Québec, passé en vertu de 12 Victoria, chapitre 14, réglant le passage des vapeurs océaniques dans le havre de Québec.

Le Ministre observe que les agents des principales lignes de vapeur ont été consultés au sujet de ces règlements, et ils ont exprimé l'opinion que la limitation proposée de vitesse, est raisonnable et ne peut sérieusement affecter les vapeurs.

Le comité recommande l'adoption du dit règlement des Commissaires du Havre de Québec.

DEMANDES AU PARLEMENT.

RÈGLES *in re* AVIS DE BILLS PRIVÉS.

Dans le cas de toute demande de bills privés, proprement du ressort législatif du Parlement du Canada suivant les dispositions de l'Acte de l'Amérique Britannique du Nord, 1867, ayant pour objet la concession à une ou plusieurs personnes de certains droits ou privilèges exclusifs ou particuliers, ou le pouvoir de faire quelque chose qui, dans ses effets, pourrait toucher aux droits ou à la propriété d'autrui, ou concerner une classe particulière de la société ; ou ayant pour objet quelque amendement à un acte antérieur,—un avis, énonçant d'une manière claire et intelligible la nature et l'objet de la demande (sauf s'il s'agit de corporations déjà existantes) par les pétitionnaires ou de leur part, est nécessaire et doit être publié comme il suit :—

Dans les provinces de Québec et du Manitoba.

Dans la *Gazette du Canada* en anglais et en français, ainsi que dans un journal anglais et un journal français, du district intéressé, ou en anglais et en français dans le même journal, s'il ne s'en publie qu'un seul dans ce district ; ou s'il n'y paraît pas de journal, alors la publication de l'avis en anglais et en français doit se faire dans un journal du district le plus voisin où il s'en publie.

Dans les autres provinces ou territoires.

Dans la *Gazette du Canada*, et dans un journal du comté, du district ou des comtés-unis intéressés, ou s'il n'y paraît pas de journal alors la publication doit se faire dans un journal du comté ou district le plus voisin où il s'en publie. La publication de ces avis durera, dans chaque cas, la période de deux mois au moins pendant l'intervalle de temps qui s'écoulera entre la clôture de la session précédente et la prise en considération de la pétition. Chaque fois qu'un bill doit opérer dans plus d'une province, territoire ou district, l'avis sera publié dans la *Gazette du Canada* et dans un journal bien établi publié dans chaque province, territoire ou district où le bill doit opérer. Des exemplaires marqués de tous les numéros des journaux reproduisant la première et la dernière insertion de l'avis, devront être transmis au greffier de chaque Chambre, et porter à l'endos " Demande de bill privé."

Si la pétition demande l'autorisation de présenter un bill privé ayant pour objet la construction d'un pont de péage, les pétitionnaires devront aussi, en même temps et de la même manière, donner avis du taux de péages projeté, de l'étendue du privilège, de la hauteur des arches, de l'espace à laisser libre entre les culées ou les piles pour le passage des radeaux et des navires ; et, si c'est un pont mobile, quelles en seront les dimensions.

Toute personne désirant obtenir un bill privé devra, dans les huit jours au moins qui précéderont l'ouverture du parlement, déposer au bureau du greffier de la Chambre dans laquelle le bill doit prendre naissance, une copie de ce bill en langue anglaise ou en langue française, avec une somme suffisante pour en payer la traduction et l'impression. Après la seconde lecture et avant la prise en considération du bill par tout comité, le pétitionnaire aura aussi à payer au greffier du Sénat, ou au comptable de la Chambre des Communes (selon le cas) un honoraire de $200, plus une somme suffisante pour défrayer le coût de l'impression de l'acte dans les Statuts, et remettra le reçu de ce paiement au greffier du comité auquel ce bill aura été renvoyé.

L'honoraire de $200 payable sur tout bill privé, ne sera payé que dans la Chambre où ce bill a pris naissance ; mais les frais de réimpression et de traduction nécessités par ce bill seront payés dans la Chambre où ces frais sont encourus.

Aucune pétition pour l'obtention d'un bill privé ne sera reçue par le Sénat ou par la Chambre des Communes, après les premières trois semaines de la session.

Aucun bill privé ne pourra être présenté au Sénat ou à la Chambre des Communes après les premières quatre semaines de la session.

EDOUARD J. LANGEVIN,
Greffier du Sénat.
JOHN GEORGE BOURINOT,
Greffier des Communes.

RÈGLES ADDITIONNELLES DE LA CHAMBRE DES COMMUNES CONCERNANT LES BILLS PRIVÉS.

Tous les bills privés demandant des actes constitutifs devront être rédigés de manière à y incorporer, en les spécifiant, les *clauses* des Actes généraux concernant les détails qui font l'objet de ces bills ; des raisons spéciales seront données chaque fois que l'on aura l'intention de se départir de ce principe, ou que l'on voudra y introduire d'autres dispositions touchant ces détails ; et une note sera annexée au bill indiquant les dispositions au sujet desquelles l'on entend s'écarter de l'Acte général ; les bills qui ne seront pas rédigés conformément à cette Règle, devront être remodelés par les auteurs et réimprimés à leurs frais, avant qu'aucun comité en examine les clauses.

51*a*. Tous les bills privés pour chartes ou pour modification de chartes de compagnies de chemins de fer seront rédigés conformément au bill-modèle dont copie peut être obtenue du greffier de la Chambre ;

(*a*.) Les dispositions contenues dans un bill quelconque qui ne seront pas conformes au bill-modèle, seront insérées entre crochets, et après avoir été revisées par l'officier compétent, elles seront imprimées ainsi ; et les bills qui ne seront pas rédigés en conformité de cette règle seront renvoyés aux auteurs pour être remodelés avant leur revision et impression ;

(*b*.) Toutes clauses d'actes existants que l'on proposera de modifier, seront imprimées en entier, avec les amendements insérés en leur lieu et place, et entre crochets ;

(*c*.) Toutes dispositions exceptionnelles que l'on proposera d'insérer dans un bill quelconque, seront imprimées dans l'avis publié.

51*b*. Nul bill pour la constitution légale d'une compagnie de chemin de fer ou pour changer le tracé du chemin de fer d'une compagnie déjà constituée ne sera pris en considération par le comité des chemins de fer à moins qu'il n'ait été donné au comité, au moins une semaine avant la prise en considération du bill—

(*a.*) Une carte ou plan à l'échelle de pas moins d'un demi-pouce au mille, indiquant le territoire sur lequel l'on se propose de construire les travaux projetés, ainsi que les lignes de travaux analogues existants ou autorisés, dans les limites du district, ou partie du district que la ligne projetée doit desservir, ou affectant le dit district en aucune manière ; cette carte ou plan devra être signé par l'ingénieur ou toute autre personne qui l'aura fait ;

(*b.*) Un exhibit faisant connaître le montant total du capital que l'on se propose de prélever pour les fins de l'entreprise, et la manière dont on se propose de le prélever, soit au moyen d'actions ordinaires, obligations, débentures ou autres garanties, et le montant respectif de chacune.

JOHN GEORGE BOURINOT,
Greffier des Communes.

ORDRE SPÉCIAL DE LA CHAMBRE DES COMMUNES.

Résolu,—Que le greffier de la Chambre adresse une copie de la Règle 49 modifiée aux personnes qui signifient dans la *Gazette du Canada* leur intention de s'adresser au parlement pour la passation d'un bill privé, ainsi qu'un avis portant que la dite Règle sera strictement appliquée à l'avenir :—

49. Les pétitions pour bills privés ne seront reçues par la Chambre que pendant les trois premières semaines de la session, et les bills privés ne pourront être présentés à la Chambre que pendant les quatre premières semaines de la session ; et tout comité auquel aura été renvoyé un bill privé devra le prendre en considération et en faire rapport à la Chambre avec toute la diligence convenable.

2. Qu'il soit enjoint à tous les comités sur bills privés, dans le cas où les promoteurs ne seraient point prêts à procéder avec leurs mesures quand celles-ci auront été appelées deux fois en deux occasions différentes devant le comité pour y être considérées, de rapporter ces mesures à la Chambre sans délai, faisant connaître les faits, et avec la recommandation que ces bills soient retirés."

JOHN GEORGE BOURINOT,
Greffier des Communes.

SUBSTANCE DES RÈGLES ET FORMES DE PROCÉDER DU SÉNAT CONCERNANT LES BILLS DE DIVORCE.

L'époux qui a l'intention de demander un bill de divorce doit faire connaître cette intention, ainsi que les noms de l'autre époux et la cause du divorce, par avis inséré durant six mois avant la présentation de sa pétition pour obtenir le bill, dans la *Gazette du Canada* et dans deux journaux du district où il avait sa résidence habituelle à l'époque de séparation d'avec son conjoint, s'il résidait alors dans la province de Québec, le Manitoba, la Colombie-Britannique, ou les Territoires du Nord-Ouest,—ou du comté ou des comtés-unis, s'il résidait dans une autre province ; mais si ce nombre de journaux ne s'y trouve pas, l'avis sera publié dans le district, le comté ou les comtés-unis voisins. Dans les provinces de Québec et de Manitoba, les insertions seront faites dans un journal anglais et un journal français, s'il en existe des deux langues dans le district : autrement, elles se feront en anglais et en français au même journal.

Il doit être signifié, à la diligence de l'époux pétitionnaire, un mois au moins avant la présentation de la pétition, une copie de cet avis à l'autre époux en personne, si cela est possible.

Aucune pétition en divorce n'est reçue après l'expiration des trente premiers jours de la session.

Toute pétition en divorce devra être écrite lisiblement et porter la signature du pétitionnaire. Elle énoncera sommairement le fait du mariage, le lieu et l'époque de sa célébration, les noms du célébrant, les griefs qui donnent lieu à la demande de redressement et la nature du redressement demandé, et en outre contiendra assurance qu'il n'y a pas eu réconciliation, collusion ni connivence. Les allégations de la pétition seront appuyées de la déclaration du pétitionnaire, faite en vertu de "l'Acte concernant les serments extra-judiciaires."

Huit jours avant l'ouverture du Parlement, le pétitionnaire déposera au bureau du greffier du Sénat, une copie en langue anglaise ou française du bill de divorce qui doit être présenté, et en même temps une somme suffisante pour payer la traduction et l'impression et tirage à 600 exemplaires anglais et 200 exemplaires français de ce bill.

La pétition en obtention d'un bill de divorce n'est présentée que lorsque le pétitionnaire a versé au bureau du greffier du Sénat une somme de $200.

[*Sanctionné le* 23 *juillet* 1894.]

SA Majesté, par et avec l'avis et le consentement du Sénat et de la Chambre des Communes du Canada, décrète ce qui suit :—

Définitions

"Acte de répartition

"Election partielle."

1. Dans le présent acte,—

(*a.*) L'expression "l'Acte de répartition" signifie l'*Acte à l'effet de répartir de nouveau la représentation à la Chambre des Communes*, formant le chapitre onze des Statuts de 1892, tel que modifié par le chapitre neuf des Statuts de 1893.

(*b.*) L'expression "élection partielle" signifie toute élection qui aura lieu après la revision et la mise à effet de la liste des électeurs pour la présente année mil huit cent quatre-vingt-quatorze, et avant la dissolution du parlement actuel.

Les listes seront préparées comme si l'Acte de répartition était en vigueur.

2. Sauf tel que ci-après prescrit, les listes des électeurs seront dressées, revisées et complétées pour la présente année mil huit cent quatre-vingt-quatorze, et pour toute année subséquente avant la dissolution du parlement actuel, comme si l'Acte de répartition était en vigueur, et pour les districts électoraux et à l'égard de ces districts tels qu'ils seront constitués lorsque le dit acte entrera en vigueur.

Prorogation de délai pour la revision des listes en 1894.

3. Pour les fins de la revision durant la présente année, l'article quinze de l'*Acte du cens électoral*, tel que cet article est décrété par l'article quatre du chapitre huit des Statuts de 1890 et modifié par l'article deux du chapitre dix-huit des Statuts de 1891, se lira et sera interprété comme si les mots "le premier jour de juin de chaque année," dans les première et deuxième lignes, étaient retranchés et remplacés par les mots "le premier jour d'août," et comme si le mot "d'août," dans la quinzième ligne du paragraphe cinq du dit article, était retranché et remplacé par le mot "d'octobre."

Délai prorogé pour attester les listes.

2. Pour les fins de la dite revision, le paragraphe six de l'article vingt et un de l'*Acte du cens électoral*, tel que le dit article est décrété par l'article sept du chapitre huit des Statuts de 1890, se lira et sera interprété comme si les mots "trente-unième jour de décembre de chaque année," dans les troisième et quatrième lignes du dit paragraphe, étaient retranchés et remplacés par les mots "vingt-huitième jour de février mil huit cent quatre-vingt-quinze."

4. Pour les fins de toute revision qui aura lieu avant la dissolution du parlement actuel, et pour les fins de toute élection partielle, chaque arrondissement de votation sera constitué de manière à ne pas comprendre de territoire qui est compris dans plus d'un district électoral tel que maintenant constitué ; et lorsqu'il sera nécessaire pour cela de le faire, l'officier-rapporteur devra, avant de faire la revision définitive des listes d'électeurs, faire une nouvelle subdivision en arrondissements de votation de la manière prescrite par l'*Acte du cens électoral.*

Arrondissements de votation.

2. Pour les fins de toute telle revision et des élections partielles, les arrondissements de votation situés dans des districts électoraux qui seront affectés par l'Acte de répartition seront numérotés et désignés comme arrondissements de votation dans et pour ces districts électoraux respectivement, ainsi que dans et pour les districts électoraux respectivement dans lesquels ils seront situés en vertu de l'Acte de répartition ; et les différentes formules de l'annexe de l'*Acte du cens électoral* seront dans ce cas, lorsqu'il sera nécessaire, modifiées en conséquence.

Dans les districts électoraux affectés par l'Acte de répartition.

3. La liste des électeurs pour tout tel arrondissement de votation contiendra, outre les noms des personnes qui auraient d'ailleurs droit de faire inscrire leurs noms sur cette liste, ceux des personnes, s'il en est, qui auront ce droit à l'égard de propriétés foncières qui seront inscrites comme électeurs dans un autre arrondissement de votation par suite de leur désir de se faire ainsi inscrire en vertu des dispositions de l'article six de l'*Acte du cens électoral*, et qui n'auraient pas d'ailleurs droit de faire inscrire leurs noms sur aucune liste d'électeurs pour le district électoral, tel qu'actuellement constitué, auquel appartient l'arrondissement de votation en premier lieu mentionné.

Electeurs inscrits dans plus d'un arrondissement.

5. Le Gouverneur en conseil pourra en tout temps, après la sanction du présent acte, nommer un reviseur pour tout district électoral à la constitution duquel pourvoit l'Acte de répartition, ou dont les limites sont définies par le dit acte, ou pour toute portion de ce district électoral, ou pour tout tel district ou portion de district électoral et tout autre district ou portion de district électoral que le Gouverneur en conseil jugera à propos d'y annexer à cette fin ; et lors de cette nomination, la juridiction de tout reviseur antérieurement nommé pour ce territoire cessera et prendra fin ; et sa commission sera annulée en tant que cette juridiction et cette commission s'étendent au territoire du nouveau reviseur.

Tuesday, the 17th day of July, 1894.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a Memorandum dated 12th July, 1894, from the Minister of Marine and Fisheries, stating, with reference to the Order in Council of the 9th June, 1877, establishing a pilotage district for the port of Summerside, P.E.I., that representations have been made by merchants and others of Summerside in the district referred to, that there is no necessity now for compulsory pilotage within the district, owing to the efficient system of lights and buoys, which has been established, and that compulsory pilotage is an unnecessary tax upon the trade of the port.

And in no case shall the Government be liable for any damage or loss caused by the breaking away of any work whether through the weakness of the work itself, changing the position of booms, or from over-pressure of logs or timber in contravention of these regulations.

Section 5.—The number of men required at each station shall be regulated by the said Superintendent or other officer in charge of the station who are hereby empowered to employ at the cost and charges of the owners of the timber, saw-logs, etc., the number of men necessary to pass the same in safety over or through such station, when the owner or owners of such timber, saw-logs, etc., has refused or failed to supply such men at the time required by the Superintendent or other officer in charge of the station, and any owner or person in charge of such timber or logs who shall neglect or refuse to comply with this regulation shall incur a penalty of not less than fifty dollars and not exceeding two hundred dollars over and above the payment of the amount at which any injury or damage so done to the works may be estimated by the Superintendent.

Section 9.—The Collector of Slide Dues, or any person or persons duly authorized by him in that behalf, shall, at all hours during the day, have free access, and full power and permission to enter and remain as long as he or they may see fit upon any raft or parcel of timber for the purpose of examining the same, and every facility shall be afforded him or them for ascertaining the number of cribs or the number of pieces and description of timber of which the same is composed, and any person obstructing the Collector of Slide Dues, Slide Master or other persons duly authorized, as aforesaid, in the execution of his or their duty, shall incur a penalty of not less than fifty dollars and not more than two hundred dollars.

Section 10.—The owner or owners as well as the person or persons in charge of any raft or parcel of timber shall be held jointly and severally responsible for any injury or damage done to the slides, booms, piers, or other works connected therewith, by any of the parties in their employment; and it shall and may be lawful for the Superintendent of the works or officer acting in his behalf, to seize and detain such raft or parcel of timber until the injury so done shall be repaired, or until security to the satisfaction of the said Superintendent or such other officer shall have been given for such amount as shall be awarded on account of such damage; and any and every person interfering with the management or supply of water, or with any of the duties of the said Superintendent Slide Master, Boom Master or other officer in charge of said works or any of them without having been duly authorized in writing so to do by the said officers in charge and any and every person doing injury or damage, as aforesaid, to any of the Government works on the River Ottawa or its tributaries or to the booms, slides, gates, piers or other works connected therewith, or aiding or assisting in doing such injury or damage, shall, for the first offence, incur a penalty of not less than fifty dollars and not more than one hundred dollars, over and above payment of the amount which may be awarded for such damages; and, for the second and every subsequent offence, shall incur a penalty of not less than one hundred dollars and not more than two hundred dollars, over and above payment of such damage, the amount of which damage shall, in each case, be ascertained and determined by the Superintendent or person acting in his behalf.

Section 12.—Rafts, cribs and every description of timber shall be held liable for the dues, damages and penalties imposed under these regulations; and the Superintendent or other duly appointed officer is hereby authorized and required to seize and detain any such raft, crib or parcel of timber until payment of such dues, damages and penalties is made, or until the owner or person in charge shall have given satisfactory security for the payment thereof, within thirty days after the same shall have been declared to be incurred, or shall have been demanded; and, in default of such payment being made within the said term of thirty days, then the Superintendent or other duly appointed officer, may proceed to sell by public auction any such raft, crib or parcel of timber, but at least two weeks' notice of the day of the intended sale by auction shall in the meantime, have been given and have been duly inserted in one or more of the public newspapers published at the nearest place from the said works, and a copy of such notice shall also have been placarded during the same time (two weeks before the intended sale) in a public and conspicuous place at or near the said works where the raft, crib or timber is lying; and if the costs attendant on such auction sale, as well as all other costs, damages and penalties imposed or awarded, cannot be realized from the timber so seized and sold, the same shall be recoverable from the owner of said raft, crib or parcel of timber.

Section 13.—No rafts of round, square or flatted timber, or saw-logs, shall be allowed to be banded up, retained or held within the sheet of water bounded by the Ottawa Slide and the south shore of Victoria Island to the eastern extremity of the same, and extending easterly to a mark on the south side of Pine Tree Island, thence in a southerly direction to a mark at the water's edge of the River Ottawa, opposite the centre of Kent Street, in the City of Ottawa; thence along the south shore of the said river to the foot of the slide aforesaid.

Section 14.—But in case of cribs of timber or saw-logs being damaged or broken up in passing the slide they may be repaired or re-rafted within the aforesaid limits, if, in the opinion of the Superintendent of the works, such repairing or re-rafting be necessary. But in no case shall they be allowed to remain within the said limits longer than 48 hours after passing the slide.

Section 15.—Every violation of the preceding section or encroachment on said limits, shall subject the owner, person or persons in charge of such raft to a penalty of not less than twenty-five dollars and not exceeding fifty dollars.

Section 16.—No steamboat, barge or other craft, or boat-house, during the season of running timber shall be allowed to moor within the said limits in a position that obstructs a free outlet from the slide; and in all cases vessels loading or unloading, must be brought to the wharves or landing places and lie parallel with the current, but in no case shall there be more than two vessels abreast of each other, under a penalty, for every offence, of not less than fifteen dollars nor more than fifty dollars.

Section 17.—Rafts, vessels or other craft, or boat-house, as aforesaid, shall be held liable for the penalty imposed under these regulations; and the Superintendent of the works is authorized and required to seize and detain any such raft, vessel, barge, boat, or boat-house, until payment of such penalty, or until the owner or person in charge shall give satisfactory security for the payment thereof, within thirty days after such penalties shall have been declared or demanded; and in default of such payment being made within such specified time, then the said Superintendent may proceed to sell by public auction any such raft, vessel, boat, or boat-house, after having first given two weeks' notice of the day of such intended sale; such notice to be inserted in one or more of the public newspapers published in the City of Ottawa at least two clear weeks prior to the day of sale, levying the cost attendant thereon, as well as the fine so imposed, upon the owner or owners or person or persons claiming such property.

Section 18.—Persons engaged in "driving" timber down the Gatineau River, in the Ottawa district aforesaid, shall not deposit on the banks of the main stream, or any of its tributaries, any saw-logs or square timber, within reach of the spring floods, nor float any timber down the river aforesaid until the ice has left the pond near the mouth of the Gatineau River, the said pond being a receptacle for lumber, and connected with the main boom on said Gatineau River by a canal; and whereas during the season of low water, steamers, barges, or other river craft or rafts of square timber or sawed lumber, cannot pass through the "trip" boom forming the upper portion of the Gatineau Boom in the north channel of the Gatineau River, but have to be passed through the main guide boom in that river by a more southerly

channel, the said boom shall be kept clear of logs or timber, and the owners or persons in charge having any logs or timber obstructing the said boom, during the said season of low water, when steamers, barges, or other river craft or rafts of square timber or sawed lumber cannot pass through the "trip" boom aforesaid, shall be held liable for all damages that may be caused to the owners or persons in charge of steamers, or other river craft, or rafts of any description of timber, on account of detention, or otherwise, by such obstruction, over and above the penalty hereinafter mentioned; and during the season of high water in the said river the owners or persons in charge of rafts or timber shall not allow more than fifteen thousand pieces of saw-logs or square or other timber to accumulate or be in the main guide boom leading to the canal at the same time; every violation of this regulation shall subject the owners or persons in charge of such logs or timber to a penalty of not less than twenty-five dollars and not more than fifty dollars for each and every day during which the present regulation shall be violated, over and above the amount that may be awarded by the Superintendent of the "Ottawa River Works"; for any damage that may be done to the booms or works in consequence of such violation.

Section 19.—The gaps at the Upper and Lower Boom of the Gatineau works during the season for running timber and logs shall be open at five o'clock in the morning and close at seven o'clock in the evening if so directed by the Superintendent or officer in charge or at an earlier or later hour, if found necessary by the said Superintendent, Boom Master, or person in charge of the said gaps. And the said gaps shall be continually kept open for running between the hours named with the exception of two hours for meals.

Section 20.—When any timber, logs or other lumber arrive at the Sorting Gaps on the Gatineau River aforesaid, the owner of such timber, logs or other lumber shall at once cause the removal thereof. In the case of neglect or delay on the part of the owner or owners or persons in charge thereof to comply with this regulation, whereby the passage of the timber, logs or other lumber of other owner or owners might or should be impeded, the Superintendent, Boom Master, or his assistant at the Gatineau or Upper Gap, or the person appointed to carry out these regulations at the outlet of the Gatineau Pond, in the Ottawa River or Lower Gap, respectively, is hereby empowered to turn adrift the timber or logs causing the impediment, and the loss resulting therefrom shall fall upon its owner or owners.

Section 21.—The officers hereinbefore mentioned shall have full power to enforce these regulations at their respective stations; and the Superintendent of the "Ottawa River Works" or officer acting in his behalf in any case of damages on account of breakages or overcrowding the timber of any description, shall determine what damages shall be paid on account thereof, and in what proportions such damages shall be paid at either the Upper or Lower Gap.

Section 24.—Round timber or from 12 to 16½ feet in length, commonly called "saw-logs" shall be charged for by the 1,000 feet board measure, but in all cases where the Culler's measurement of the logs is not furnished to the Collector of Slide and Boom Dues as hereinafter provided five pieces shall be charged for as 1,000 feet B.M.

Section 29.—When pulp wood or wood intended for manufacturing purposes other than sawn lumber is driven loose, ten (10) pieces of nine inches and under at the small end and thirteen feet in length shall be held to equal one cord, but to permit such wood to be treated and charged by the cord, specifications must be furnished to the Collector of Slide and Boom Dues showing the number of pieces of each length and diameter, and failing such specifications ten pieces shall be charged as one thousand feet B.M.; such specifications shall be accompanied by an affidavit stating the purpose for which the wood is intended and that the sizes and lengths are according to their Culler's books of measurement.

AT THE GOVERNMENT HOUSE AT OTTAWA.

Thursday, the 26th day of July, 1894.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

WHEREAS complaints have been made that a great destruction of fish occurs in the Chiputneticook or Schoodie Lakes, a chain of lakes on the Chiputneticook River, a branch of the Ste. Croix, forming the boundary between the State of Maine and the Province of New Brunswick ; and that these waters, which are said to be frequented by pickerel, speckled trout, salmon, " toag " (a species of salmon) and other fish are unmercifully netted.

And whereas under Section 52 of the Fishery and Game Laws for the State of Maine, any one fishing with nets in the above waters is liable to a fine of $25 for the offence, and of $10 for each salmon or land-locked salmon, and of $1 for each and every other fish so taken ; but as no adequate provisions exist on the Canadian side of the Lakes, the local fishery officers find themselves at a disadvantage, and the beneficial effects resulting from a total prohibition of netting in United States waters are thus nullified,—

His Excellency, in virtue of the powers conferred upon him by Section 16 of Chapter 95 of the Revised Statutes of Canada, intituled " The Fisheries Act, " and by and with the advice of the Queen's Privy Council for Canada, is pleased to make the following regulations :—

" Fishing by means of nets of any kind, without lease or license from the Minister of Marine and Fisheries, is prohibited in the waters of Chiputneticook or Schoodie Lakes in the Province of New Brunswick."

JOHN J. McGEE,
Clerk of the Privy Council.

The lantern heretofore attached to the frame work of the superstructure of the buoy is now maintained on top of this beacon, and it is hoped that in consequence of the greater stability of the beacon the light will be more reliable than it was when on the buoy.

The light will be as heretofore fixed red, exhibited from a lantern with pressed glass lens, and should be visible from all points of approach three miles.

This notice affects Admiralty charts Nos. 576, 1897*b*, 1911, 1917, 2531 and 2689, and Canadian List of Lights and Fog Signals No. 1169.

The light will be as heretofore fixed white, exhibited from a lantern, with pressed glass lens, and should be visible from all points of approach three miles.

This notice affects Admiralty charts Nos. 576, 1897*b*, 1911, 1917, 2531 and 2689, and Canadian List of Lights and Fog Signals No. 1170.

(true). The range line passes about 750 feet to the eastward of Mamajuda Light (about 350 feet to the eastward of the curve of 18 feet depth abreast of that light).

Each structure is a square pyramidal open framework of wood, painted brown, with a small white house, with red roof, in its base, and is surmounted by a white octagonal lantern with a black roof.

The focal plane of the front light will be 45 feet above the mean level of the river, and the structure from which the light will be shown stands on a platform on piles, in about 3½ feet of water, about 175 feet from the easterly shore line of the island, and about 1,350 feet N. 12° 03' E. Notice is given by the Lighthouse Board of the United States of America that, on or about 16th July, 1894, a fixed red lens-lantern light would be established in the structure recently erected on Mamajuda Shoal, in about 3½ feet of water, about 600 feet N. 8° 13' E. (true) from Mamajuda Light, Detroit River, Michigan.

The focal plane of the light will be 28 feet above the mean level of the river. The light will illuminate 120° of the horizon lying between N. 81° 47' W. (true) and S. 21° 47' E. (true), or 90° to the eastward and 30° to the westward of the range line.

With Mamajuda Light, as a rear light, the light forms a range to mark the line of best water passing about 950 feet to the eastward of Grassy Island Light (about 350 feet to the eastward of the curve of 18 feet depth abreast of Grassy Island Light) to a point about ¾ mile from the new light.

The structure is a white, square, pyramidal tower on a platform supported on piles, and is surmounted by an octagonal lantern.

Parts II and III of this notice affect Admiralty Charts Nos. 332, 490 and 678.

IL plaît à Son Excellence, en vertu des dispositions de "l'Acte des Travaux Publics," chapitre 36 des Statuts Revisés, et du chapitre 98 des Statuts Revisés, intitulé "Acte concernant les péages sur les constructions de l'Etat pour la descente du bois," et par et avec l'avis du Conseil privé de la Reine pour le Canada, de faire les règles et règlements suivants pour la régie, entretien, bon usage et protection des glissoires du gouvernement et autres travaux construits dans le but de faciliter la descente du bois de charpente et de service, et des billots sur la rivière Ottawa et ses tributaires, et pour la perception des droits et péages pour leur usage, et d'imposer et autoriser la perception sur les dits travaux des droits et péages ci-après mentionnés ; les présentes règles, règlements, péages et droits remplaceront toutes autres règles, règlements, péages et droits autrefois en vigueur ou imposés sur ces travaux, et auront pleine force et vigueur à compter du 15e jour d'avril 1894.

JOHN J. McGEE,
Greffier du Conseil privé.

RÈGLEMENTS.

NOTE.—Les mots "radeaux ou lot de bois" partout où ils se rencontrent dans les présents règlements, seront censés signifier les billots de sciage, traverses de chemin de fer et toutes autres espèces d'effets en bois, aussi bien que le bois équarri et méplat.

Article 1.—Les glissoires, estacades et autres constructions fédérales s'y rattachant dans le district de l'Ottawa, seront placés sous le contrôle et la régie du surintendant des travaux du district, ou, s'il n'y a pas de surintendant, ou en son absence, sous le contrôle et la régie du gardien de glissoire, sous-gardien de glissoire, gardien d'estacades ou autre officier alors en charge à aucune des stations ; et ces officiers, et nuls autres, auront le pouvoir de régler l'alimentation de l'eau nécessaire pour le passage des bois de construction, de répartir l'espace accordé pour la mise en radeau ou l'amarrage du bois, de déterminer la quantité de bois qui pourra passer chaque jour dans les glissoires ou les estacades, d'établir la somme qui pourra être due par les propriétaires de bois ou les personnes qui en ont la charge, pour les dommages qui pourraient être faits à quelqu'un des ouvrages, d'imposer des amendes ou pénalités pour infraction aux règlements des glissoires, de saisir le bois et de le détenir et vendre aux enchères publiques, tel que ci-dessous prescrit, et de recouvrer ces droits, amendes ou indemnités lorsque les propriétaires du bois ou les personnes qui en ont la charge refuseront ou négligeront de les payer ; et les ordres du dit surintendant des travaux, gardien de glissoire, sous-gardien de glissoire ou de tel autre officier autorisé comme susdit, devront toujours être suivis et exécutés par les propriétaires du bois, ou leurs employés, sous peine, en cas de refus ou négligence de ce conformer à ces ordres, des amendes et pénalités ci-dessous imposées suivant le cas.

Article 2.—Il ne sera permis à aucun radeau ou lot de bois d'entrer dans une glissoire ou estacade de l'Etat avec l'intention de la descendre, sans que le propriétaire ou la personne en charge de ce radeau ou lot de bois ait d'abord donné avis au surintendant, gardien de glissoire, sous-gardien de glissoire, gardien d'estacade ou autre officier en charge de la station comme susdit, et en ait obtenu la permission, sous peine d'une amende de pas moins de quatre piastres et n'excédant pas vingt piastres.

Article 3.—Le propriétaire ou la personne en charge d'un radeau ou lot de bois, avant d'entrer dans aucune des glissoires de l'Etat, avec l'intention de la descendre, devra faire un rapport exact au gardien de glissoire ou à la personne agissant en cette qualité, de ce radeau ou lot de bois, énonçant le nombre de coupons, et l'espèce de bois composant ce radeau ou lot de bois, ainsi que le nom et la désignation du propriétaire ou des propriétaires, et les marques et tous autres détails s'y rapportant sous peine d'une amende de pas moins de vingt piastres, et n'excédant pas deux cents piastres, pour refus ou négligence de faire ce rapport.

Article 4.—A l'arrivée de toute espèce de bois à ou près de quelque glissoire, estacade ou autre ouvrage de l'Etat, le propriétaire ou la personne qui en aura la charge enverra immédiatement un nombre d'hommes suffisant pour faire passer ce bois dans la dite glissoire, estacade ou autre ouvrage, et ne laissera pas accumuler ce bois à la tête de la dite glissoire, estacade ou autre ouvrage, et ne nuira pas au passage d'autre bois destiné à entrer ou sortir de la dite glissoire, estacade ou autre ouvrage, et ne changera pas la position d'aucune estacade ou ouvrage sans en avoir d'abord obtenu la permission par écrit du surintendant ou autre officier en charge des ouvrages, et toute personne qui fera un tel changement sans autorisation sera passible d'une amende de pas moins de cent piastres et n'excédant pas deux cents piastres pour chaque contravention ; et s'il survient un encombrement ou refoulement de bois dans quelque glissoire, estacade ou autre ouvrage, ou dans son voisinage, le propriétaire ou la personne qui en a la charge devra immédiatement défaire cet encombrement ou enlever l'obstacle, sous la direction du gardien de glissoire, gardien d'estacade, ou autre officier agissant en cette capacité ; et si le propriétaire ou la personne ayant la charge du bois refuse ou néglige de l'enlever ou défaire dans les vingt-quatre heures, le gardien de glissoire, gardien d'estacade ou officier, ou la personne autorisée par lui à cet effet, pourra le faire enlever ou défaire aux frais, risques et dépens des propriétaires du bois, qui seront passibles d'une amende de pas moins de cinquante piastres, ni de plus de deux cents piastres, pour chaque jour durant lequel leur bois empêchera le passage d'autre bois, en sus du montant qui pourra être taxé par le surintendant, gardien de glissoire ou autre officier en charge des travaux, tant pour les frais occasionnés par l'enlèvement de l'obstacle que pour tout dommage qui pourra avoir été causé par suite de ce refus ou de cette négligence. Et le gouvernement ne sera dans aucun cas responsable des dommages ou perte causés par la rupture de toute construction soit à cause de la faiblesse de l'ouvrage même, soit par le changement de position des estacades, ou de la trop grande pression des billots ou du bois en contravention des présents règlements.

Article 5.—Le nombre des hommes nécessaires à chaque station sera déterminé par le dit surintendant ou autre officier en charge de la station, qui sont par le présent autorisés à employer, aux frais et dépens des propriétaires du bois de construction, billots, etc., le nombre d'hommes nécessaire pour les passer en sûreté sur et par cette station, dans le cas où le propriétaire de ces bois, billots, etc., négligerait de fournir ces hommes au temps voulu par le surintendant ou autre officier en charge de la station ; et tout propriétaire ou personne en charge de ces bois ou billots qui négligera ou refusera de se conformer au présent règlement, encourra une amende de pas moins de cinquante piastres, ni de plus de deux cents piastres, en sus du paiement de tout montant auquel le dommage fait sera évalué par le surintendant.

Article 6.—Si le propriétaire ou personne en charge d'un lot de bois, ou de billots, manque ou néglige de fournir le nombre d'hommes voulu par le dit surintendant, ou autre officier dûment autorisé, en vertu des présents règlements, le dit surintendant ou autre officier en charge de la station, pourra employer le nombre voulu d'hommes aux frais du propriétaire du bois de construction, billots, etc., et les frais ainsi encourus seront une première charge sur le dit bois, billots, etc., lequel pourra être saisi et détenu par le dit surintendant ou autre officier autorisé jusqu'à ce que tous les frais et charges ainsi encourus soient payés, ou la perception pourra s'en faire de la manière établie par la loi pour la perception des droits de glissoire et d'estacade ordinaires.

Article 7.—Nul train ou lot de bois ne sera amarré ou assemblé plus près de l'entrée ou de la sortie d'aucune glissoire, estacade ou autre ouvrage de l'Etat que l'endroit indiqué par le surintendant ou autre officier en charge ou spécialement désigné dans les présents règlements ; et lorsqu'il sera donné permission aux propriétaires ou personnes ayant la charge d'un train ou lot de bois de placer un train ou lot de bois dans ou près des glissoires, estacades ou autres ouvrages, les propriétaires ou personnes ayant charge de ce train, ou lot de bois ne devront en aucun cas prendre plus d'espace, ou un autre espace, ou le prendre ailleurs, que l'espace ou l'endroit indiqué par le surintendant ou autre officier chargé de la régie des ouvrages, et devront en tout temps, lorsqu'ils en recevront l'ordre déplacer le dit train ou lot de bois, et les mettre ailleurs ou les enlever complètement aussitôt qu'ils en seront requis par le dit surintendant ou le gardien de glissoire ou autre officier chargé de la régie des ouvrages, à peine d'une amende de pas moins de vingt-cinq piastres, ni plus de cinquante piastres, en cas de refus ou négligence de la part des dits propriétaires ou personnes ayant charge du bois ou trains de bois, de se conformer aux dispositions du présent article.

Article 8.—Le propriétaire ou les propriétaires ou la personne ayant charge d'un train ou lot de bois devra, avant de le sortir d'une glissoire, estacade ou ouvrage public s'y rattachant, souscrire et remettre au surintendant, gardien de glissoire, sous-gardien de glissoire ou autre officier, selon le cas, dûment autorisé à cet effet, une déclaration en duplicata certifiant le nombre et la description des radeaux ou du bois ainsi passé, et le nombre et la dimension moyenne de chaque classe, s'il en est requis, et paiera les droits de glissoire, ou en garantira le paiement à la satisfaction du percepteur des droits de glissoire, à peine d'une amende de pas moins de vingt piastres, ni de plus de deux cents piastres, et paiera de plus le double du montant des droits qui autrement auraient été payables, sur tout train ou lot de bois qui passera dans la glissoire sans cette déclaration.

Article 9.—Le percepteur des droits de glissoire, ou toute personne dûment autorisée par lui à cet effet, aura, à toute heure du jour, libre accès et plein pouvoir et permission d'aller et rester aussi longtemps qu'il ou elle le jugera à propos, sur tout train ou lot de bois dans le but de l'inspecter, et toute facilité lui sera donnée pour constater le nombre de radeaux ou le nombre de morceaux et l'espèce de bois dont ils sont composés ; et toute personne qui entravera le percepteur des droits de glissoire, le gardien de glissoire ou autre officier dûment autorisés comme il est dit plus haut, dans l'exécution de leurs devoirs, encourra une amende de pas moins de cinquante piastres, ni de plus de deux cents piastres.

Article 10.—Le propriétaire ou les propriétaires, ainsi que la personne ou les personnes ayant charge d'un train ou lot de bois, seront responsables conjointement et séparément de tout dommage fait aux glissoires, estacades, piliers, jetées ou autres ouvrages s'y rattachant, par les hommes employés par lui ; et il sera loisible au surintendant des travaux ou à l'officier agissant en son nom, de saisir ou de détenir ce train ou lot de bois, jusqu'à ce que le dommage ainsi causé ait été réparé, ou jusqu'à ce qu'une garantie ait été donnée, à sa satisfaction, pour le montant qui sera taxé pour la réparation de ce dommage ; et quiconque entravera ou gênera la régie ou l'alimentation d'eau, ou l'exécution des devoirs des dits surintendant, gardien de glissoire, gardien d'estacade, ou autre officier en charge des dits travaux ou aucun d'eux, sans avoir été dûment autorisé par les dits officiers en charge à le faire, et quiconque fera ou causera quelque dommage, comme susdit, à quelque glissoire de l'Etat sur la rivière Ottawa ou ses tributaires, ou aux estacades, glissoires, portes ou piliers s'y rattachant, ou qui aidera à faire ou causer pareil dommage, encourra pour la première offense, une amende de pas moins de cinquante piastres, ni de plus de cent piastres, en sus du paiement du montant auquel sera taxé le dommage, et, pour chaque récidive, une amende de pas moins de cent piastres, ni de plus de deux cents piastres, en sus du paiement de l'indemnité de ce dommage, dont le montant sera, dans chaque cas, constaté et taxé par le surintendant ou la personne agissant en ses lieu et place.

Article 11.—Il sera loisible au percepteur des droits de glissoire, son adjoint ou son assistant, ou à la personne dûment autorisée par lui à cet effet, de se rendre sur tout train ou lot de bois qui aura été sorti de quelque glissoire, estacade ou autre ouvrage fédéral sans que les droits de glissoire sur ce bois, le montant taxé pour dommage, ou amendes ou pénalités, s'il en est, n'aient été préalablement payés ou garantis à sa satisfaction, et de le saisir et détenir aux risques, frais et dépens du ou des propriétaires ; et quiconque entravera le percepteur des droits de glissoire, ou autre personne dûment autorisée comme susdit, dans l'exécution de son devoir, encourra une amende de pas moins de vingt piastres, ni de plus de deux cents piastres.

Article 12.—Les trains, radeaux et toute espèce de bois seront tenus responsables des droits, indemnités de dommage et amendes imposés par ces règlements ; et le surintendant ou autre officier dûment nommé est par le présent autorisé et requis de saisir et détenir tout tel train, radeau ou lot de bois, jusqu'à parfait paiement des droits, indemnités de dommage ou amendes, ou jusqu'à ce que le propriétaire ou la personne qui a charge du bois en ait garanti le paiement d'une manière satisfaisante, dans les trente jours après qu'ils auront été déclarés encourus ou demandés ; et, si ce paiement n'est pas fait dans les trente jours, le dit surintendant ou autre officier dûment autorisé pourra alors procéder à la vente du train, radeau ou lot de bois, aux enchères publiques ; mais il sera donné au moins deux semaines d'avis de la date de la vente projetée, et cet avis sera publié dans l'un ou plusieurs des journaux publiés en l'endroit le plus rapproché des dits travaux, et une copie de cet avis sera aussi affichée pendant le même espace de temps (c'est-à-dire pendant deux semaines avant la vente projetée), dans un endroit public et apparent des dits travaux, ou auprès, où se trouve le train, radeau ou lot de bois ; et si les frais entraînés par cette vente ainsi que tous les autres frais, dommages et amendes imposés ou taxés, ne peuvent être réalisés sur le bois ainsi saisi et vendu, ils seront recouvrés du propriétaire du train, radeau ou lot de bois.

Article 13.—Nul train de bois rond, équarri, ou méplat, ou de billots de sciage ne sera assemblé, retenu ou gardé en dedans de la nappe d'eau bornée par la glissoire d'Ottawa et la rive sud de l'île Victoria jusqu'à son extrémité est, et s'étendant à l'est jusqu'à une marque sur le côté sud de l'île du Pin, de là dans une direction sud jusqu'à une marque sur le bord de l'eau de la rivière Ottawa, vis-à-vis le centre de la rue Kent, dans la cité d'Ottawa ; de là le long de la rive sud de la dite rivière jusqu'au pied de la glissoire susdite.

Article 14.—Mais dans le cas où des coupons de bois ou des billots de sciage seraient endommagés ou brisés en passant la glissoire, ils pourront être réparés ou rassemblés dans les susdites limites, si le surintendant des travaux est d'opinion que cette réparation ou assemblage est nécessaire. Mais ils ne pourront dans aucun cas rester dans les dites limites plus que 48 heures après avoir passé la glissoire.

Article 15.—Chaque violation de l'article qui précède, ou empiétement sur les dites limites, rendra le propriétaire, la personne ou les personnes en charge de ce radeau passible d'une amende de pas moins de vingt-cinq piastres et de pas plus de cinquante piastres.

Article 16.—Nul bateau à vapeur, barge ou autre embarcation, ou abri de chaloupe, pendant la saison de la descente du bois, ne pourra s'amarrer dans les dites limites de manière à obstruer la libre sortie de la glissoire ; et dans tous les cas les vaisseaux chargeant ou déchargeant devront être amenés aux quais ou débarcadères et prendront une position parallèle au courant, mais il ne devra jamais y avoir plus de deux vaisseaux de front, sous peine, pour chaque contravention, d'une amende de pas moins de quinze piastres ni de plus de cinquante piastres.

Article 17.—Les dits radeaux, vaisseaux ou autres embarcations, ou abris de chaloupe, seront tenus responsables des amendes imposées par ces règlements ; et le surintendant des travaux est par le présent autorisé et requis de saisir et détenir tout tel radeau, vaisseau, barge, chaloupe ou abri de chaloupe jusqu'à parfait paiement des amendes, ou jusqu'à ce que le propriétaire ou la personne qui a charge en ait garanti le paiement d'une manière satisfaisante, dans les trente jours après que ces amendes auront été déclarées ou demandées ; et si ce paiement n'est pas fait dans le délai spécifié, le dit surintendant pourra alors procéder à la vente du radeau, vaisseau, chaloupe ou abri de chaloupe, aux enchères publiques, mais il sera donné au moins deux semaines d'avis de la vente projetée ; et cet avis sera inséré dans un ou plusieurs des papiers-nouvelles publiés en la cité d'Ottawa, deux semaines au moins avant la date de la vente, prélevant les frais en découlant, ainsi que l'amende ainsi imposée sur le propriétaire ou les propriétaires ou la personne ou les personnes réclamant cette propriété.

Article 18.—Les personnes engagées dans la descente du bois sur la rivière Gatineau, dans le district d'Ottawa susdit, ne devront pas déposer sur les rives du principal cours d'eau, ou aucun de ses tributaires, des billots de sciage ou du bois carré, à la portée des eaux du printemps, ni ne flotteront du bois de construction sur la rivière susdite tant que la glace ne sera pas partie de l'étang près de l'embouchure de la rivière Gatineau, le dit étang étant un réceptable pour le bois de service, et relié par un canal avec l'estacade principale sur la dite rivière Gatineau ; et considérant que durant la saison des eaux basses les vapeurs, barges ou autres embarcations ou des radeaux de bois carré ou de bois scié ne peuvent passer par l'estacade auxiliaire (trip boom) qui forme la partie supérieure de l'estacade de la Gatineau dans le chenal nord de la rivière Gatineau, mais sont obligés de passer par la grande estacade de dérivation sur cette rivière par un chenal plus au sud, la dite estacade sera tenue libre de billots ou bois, et les propriétaires ou personnes en charge de billots ou de bois de construction obstruant la dite estacade pendant la dite saison des eaux basses, alors que les vapeurs, barges ou autres embarcations ou les radeaux de bois carré ou de bois scié ne peuvent passer par l'estacade auxiliaire susdite, seront tenus responsables de tous dommages qui seraient causés aux propriétaires ou personnes en charge de vapeurs ou autres embarcations, ou de radeaux de toute espèce de bois, à raison de détention ou autrement, causée par cette obstruction, en sus de l'amende ci-après mentionnée ; et pendant la saison des hautes eaux dans la dite rivière les propriétaires ou personnes en charge de radeaux ou de bois de construction ne permettront pas qu'il s'accumule ou reste en même temps plus que quinze mille pieds de billots de sciage ou de bois carré ou autre dans la grande estacade de dérivation conduisant au canal, chaque infraction au présent règlement rendant les propriétaires ou personnes en charge de ces billots ou bois passible d'une amende de pas moins de vingt-cinq piastres et de pas plus de cinquante piastres pour tout et chaque jour durant lequel ce règlement sera enfreint, en sus du montant qui pourra être adjugé par le surintendant des travaux de l'Ottawa, pour tous dommages qui pourront avoir été causés aux estacades ou constructions en conséquence de cette infraction.

Article 19.—Durant la saison de la descente du bois et des billots les "entrées" en haut et en bas des constructions de la Gatineau seront ouvertes à cinq heures du matin et fermées à sept heures du soir, selon que le décidera le surintendant ou officier en charge, ou plus à bonne heure ou plus tard, si le dit surintendant, gardien d'estacade ou personne en charge des dites entrées le jugent nécessaire. Et les dites entrées seront continuellement tenues ouvertes pour le passage du bois entre les heures susdites, à l'exception de deux heures pour les repas.

Article 20.—Quand du bois de construction, des billots ou autre bois arrive aux entrées où se fait le triage des pièces (sorting gaps) sur la rivière Gatineau susdite, le propriétaire de ce bois devra de suite le faire enlever. Et si le propriétaire ou les propriétaires ou personnes en charge négligent ou retardent de se conformer au présent règlement, et par ce fait embarrassent le passage du bois de construction, des billots ou autre bois d'un autre propriétaire ou d'autres propriétaires, le surintendant, gardien d'estacade ou son aide à l'entrée supérieure de la Gatineau, ou la personne nommée pour faire exécuter les présents règlements à la décharge de l'étang de la Gatineau dans la rivière Ottawa, ou entrée inférieure, respectivement, est par le présent autorisé à envoyer à la dérive le bois ou les billots qui causent l'embarras, et la perte qui en résultera retombera sur le propriétaire ou les propriétaires de ce bois.

Article 21.—Les officiers ci-après mentionnés sont autorisés à faire exécuter les présents règlements à leurs stations respectives ; et le surintendant des travaux de l'Ottawa ou l'officier agissant pour lui dans tout cas de dommages causés par la rupture ou l'encombrement du bois de toute espèce, fixera la somme qui sera payée pour ces dommages, et quelle partie de cette somme sera attribuée à l'entrée d'en haut ou d'en bas respectivement.

Article 22.—Afin de rendre uniforme l'application des droits, tous bois de construction et bois de service seront, sauf dans les cas spécialement prévus par le dit tarif ou quelque modification du dit tarif, classifiés comme suit :—

Article 23.—Le bois carré et flacheux ou à planche sera désigné bois carré, et sera imposé à tant par coupon (crib), et dans le cas où du bois de cette description passe par aucun des travaux autrement qu'en coupons, un nombre de pièces suffisant dans l'opinion du percepteur ou d'un député dûment autorisé par lui pour faire un coupon d'une grandeur ordinaire (ne devant pas toutefois excéder mille pieds cubes) sera compté pour un coupon.

Article 24.—Le bois rond, ou de 12 à 16½ pieds de longueur, communément appelé "bois de sciage," sera imposé à 1,000 pieds mesure de planche, mais dans tous les cas où le mesurage officiel des billots n'est pas fourni au percepteur des droits de glissoire tel que ci-dessus prévu, cinq pièces compteront comme 1,000 pieds mesure de planche.

Article 25.—Le bois méplat ou partiellement équarri, de moins de 13 pouces de diamètre moyen d'une écorce à l'autre, paiera, lorsque mis en coupons, la moitié des taux du bois carré.

Article 26.—Tout bois méplat, rond ou partiellement équarri, de 17 pieds et plus de longueur, sauf tel que prescrit dans l'article 25, paiera par chaque 1,000 pieds mesure de planche ; mais dans tous les cas cas où le mesurage officiel n'est pas fourni au percepteur des droits de glissoire et d'estacade, tel que ci-après pourvu, trois pièces équivaudront à 1,000 pieds mesure de planche. Les traverses de chemin de fer, de 8 pieds de longueur et moins seront calculées au taux de 40 pièces pour chaque mille pieds mesure de planche. Les piquets de clôture, de 8 pieds de longueur et de moins de 6 pouces de diamètre au petit bout, seront calculés à 80 pièces par 1,000 pieds mesure de planche.

Article 27.—Les autres articles de bois paieront les mêmes taux proportionnels que paie la catégorie d'articles auxquels ils ressemblent le plus en vertu des présents règlements, à la discrétion du percepteur.

Article 28.—Pour le bois scié douze mille pieds mesure de planche seront censés équivaloir à un coupon.

Article 29.—Lorsque du bois à pulpe ou du bois destiné à des fins manufacturières, autre que du bois scié, est descendu en pièces détachées, dix (10) pièces de neuf pouces et moins au petit bout et de treize pieds de longueur équivaudra à une corde, mais pour que ce bois soit traité et calculé à la corde, des spécifications devront être fournies au percepteur des droits de glissoire et d'estacade, spécifiant le nombre de pièces de chaque longueur et diamètre, et à défaut de ces spécifications dix pièces seront comptées comme mille pieds mesure de planche ; ces spécifications seront accompagnées d'une déclaration sous serment spécifiant les fins pour lesquelles le bois est destiné, et que les dimensions et longueurs sont conformes aux registres de mesurage de l'inspecteur-mesureur.

(*b.*) Lorsque du bois à pulpe ou autre est mesuré en pile, radeau ou coupon, et le nombre de cordes constaté, une déclaration assermentée sera exigée du fabricant de ce bois, appuyée de la déclaration assermentée du receveur du bois ou son agent quant au nombre de cordes, et le receveur ou l'acheteur, ou le fabricant, ou chacun d'eux seront tenus de produire le règlement de comptes entre eux concernant ce bois, et une corde sera comptée comme mille pieds mesure de planche.

Article 30.—Nuls bois de construction, billots de sciage, bois de service ou autres articles de bois ne seront transportés au delà d'un rayon de trois milles plus bas que les chutes des Chaudières, à moins que le paiement des péages et droits sur ces bois n'ait d'abord été fait ou garantie à la satisfaction du percepteur des péages et droits ; et tous tels articles ainsi enlevés sur lesquels les dits péages et droits restent impayés pendant 24 heures après qu'ils ont été déplacés, pourront être détenus par le percepteur en vertu du quatrième article de l'acte précité, et le percepteur devra de suite en faire rapport au ministre des Travaux Publics et pourra retenir ces articles jusqu'à ce que les droits de glissoires et tous les frais et dépenses aient été payés, à moins qu'il n'en soit autrement ordonné.

Article 31.—Chaque propriétaire de scierie ou la personne en charge d'une scierie ou l'utilisant, et chaque autre personne faisant le commerce du bois de construction, billots, bois scié ou autres effets de bois, fournira au percepteur des droits et péages le ou avant le trentième jour de juin de chaque année, un état attesté sous serment ou déclaration solennelle en vertu du statut à cet égard, et sur une formule imprimée qui sera fournie par le percepteur sur demande, indiquant les détails ci-dessous énumérés quant aux articles faits ou acquis par lui sauf le bois carré envoyés en radeaux à Québec, à venir jusqu'à la dite date, ou depuis la date couverte par le dernier rapport en vertu du présent ou des articles suivants ; et le ou avant le quinzième jour d'octobre de chaque année, un semblable rapport quant à tous tels articles faits ou acquis par lui subséquemment au trentième jour de juin ou date de son dernier rapport. Ces états ou rapports décriront en détail tous les articles y compris, donnant quant à ces articles respectivement les détails suivants :—

S'ils ont été faits par celui qui fournit le rapport, ou ont été achetés par lui d'autres personnes, et s'ils les a faits lui-même, le nom du contremaître employé par lui, et s'ils les a achetés, le nom du vendeur ;

La rivière ou cours d'eau d'où ils viennent ;

Où se trouvaient ces articles à la date du rapport ;

Les glissoires, estacades ou autres travaux par où ils ont passé ;

La longueur des poteaux de télégraphe et de cèdres ronds, et tels autres détails indiqués sur la formule imprimée fournie par le percepteur ;

Article 32.—Et il fournira des devis en détail de tous billots de sciage, indiquant le nombre de pièces de chaque longueur et diamètre, aussi des spécifications de tous bois rond ou méplat indiquant le nombre de pièces de chaque longueur et diamètre, ce dernier étant mesuré d'une écorce à l'autre ; et dans tous les cas où des billots d'épinette blanche au-dessous d'un diamètre de dix pouces seront déclarés avoir été sortis que dans le but de les convertir en pulpe et payés au taux de la corde, un devis distinct, indiquant les longueurs et diamètres sera fourni, accompagné des déclarations assermentées de l'inspecteur-mesureur de bois qui a mesuré les billots et du teneur de livres ou gérant de la personne ou maison à qui ils appartiennent, sur des formules que fournira le percepteur des droits et péages ; et ce dernier aura accès aux livres et devis originaux de mesurage de tous billots de sciage, etc., d'une maison quelconque, s'il croit désirable ou nécessaire de vérifier quelque rapport fourni par cette maison sous l'empire des présents règlements. Toute personne qui manquera de se conformer aux dispositions du présent article sera, dans les limites fixées par l'article trois du dit acte, chapitre 98 des S.R.C., passible d'une amende de dix piastres par jour pour chacun des premiers trente jours de tel défaut, et pour chaque jour ensuite une amende de vingt-cinq piastres.

Article 33.—Le percepteur des droits et péages pourra en tout temps requérir d'une personne tenue de faire rapport sous l'empire de l'article immédiatement précédant, un état indiquant les articles alors en possession de telle personne, ou les articles faits ou acquis par elle depuis la date de son dernier rapport, et chaque rapport sous l'empire du présent article énoncera, au sujet de ces effets ou marchandises ainsi faits ou acquis, tous les détails mentionnés à l'article immédiatement précédant, ou telle partie de ces détails que spécifiera la réquisition, et chaque rapport exigé en vertu du présent article sera rendu dans les cinq jours ensuivants, sous peine des mêmes amendes prescrites dans l'article immédiatement précédant des présents règlements.

Article 34.—Si le percepteur des droits et péages croit à l'inexactitude d'un rapport exigé en vertu de l'un ou l'autre des deux articles qui précèdent, il pourra le faire corriger et rectifier par la personne qui l'a fait, et à défaut par cette personne de se conformer à cette demande dans les cinq jours ensuivants, elle encourra et paiera les mêmes amendes que celles prescrites par le trente-deuxième article des présents règlements.

Article 35.—Ces droits et péages sur toutes les glissoires et constructions seront payés tel que voulu par l'article 8 des présents règlements, ou sur demande, mais chaque fois avant le 31e jour de décembre de l'année où ces droits se sont accrus, sans préjudice du droit de la couronne d'exiger le paiement à toute date antérieure.

Après cette date le percepteur sera tenu d'employer tous les moyens en son pouvoir pour prélever ces droits.

Article 36.—L'intérêt au taux de 6 pour cent par année sera exigé sur tout le montant des droits restant impayés au 31e jour de décembre.

Article 37.—Les péages suivants seront et sont par le présent imposés, et seront payables sur les billots ou autre bois de construction passant par les travaux publics, en tout ou en partie, sur la rivière Ottawa et ses tributaires :—

DEMANDES AU PARLEMENT.

RÈGLES *in re* AVIS DE BILLS PRIVÉS.

Dans le cas de toute demande de bills privés, proprement du ressort législatif du Parlement du Canada suivant les dispositions de l'Acte de l'Amérique Britannique du Nord, 1867, ayant pour objet la concession à une ou plusieurs personnes de certains droits ou privilèges exclusifs ou particuliers, ou le pouvoir de faire quelque chose qui, dans ses effets, pourrait toucher aux droits ou à la propriété d'autrui, ou concerner une classe particulière de la société ; ou ayant pour objet quelque amendement à un acte antérieur,—un avis, énonçant d'une manière claire et intelligible la nature et l'objet de la demande (sauf s'il s'agit de corporations déjà existantes) par les pétitionnaires ou de leur part, est nécessaire et doit être publié comme il suit :—

Dans les provinces de Québec et du Manitoba.

Dans la *Gazette du Canada* en anglais et en français ainsi que dans un journal anglais et un journal français, du district intéressé, ou en anglais et en français dans le même journal, s'il ne s'en publie qu'un seul dans ce district ; ou s'il n'y paraît pas de journal, alors la publication de l'avis en anglais et en français doit se faire dans un journal du district le plus voisin où il s'en publie.

Dans les autres provinces ou territoires.

Dans la *Gazette du Canada*, et dans un journal du comté, du district ou des comtés-unis intéressés, ou s'il n'y paraît pas de journal alors la publication doit se faire dans un journal du comté ou district le plus voisin où il s'en publie. La publication de ces avis durera, dans chaque cas, la période de deux mois au moins pendant l'intervalle de temps qui s'écoulera entre la clôture de la session précédente et la prise en considération de la pétition. Chaque fois qu'un bill doit opérer dans plus d'une province, territoire ou district, l'avis sera publié dans la *Gazette du Canada* et dans un journal bien établi publié dans chaque province, territoire ou district où le bill doit opérer. Des exemplaires marqués de tous les numéros des journaux reproduisant la première et la dernière insertion de l'avis, devront être transmis au greffier de chaque Chambre, et porter à l'endos "Demande de bill privé."

Si la pétition demande l'autorisation de présenter un bill privé ayant pour objet la construction d'un pont de péage, les pétitionnaires devront aussi, en même temps et de la même manière, donner avis du taux de péages projeté, de l'étendue du privilège, de la hauteur des arches, de l'espace à laisser libre entre les culées ou les piles pour le passage des radeaux et des navires ; et, si c'est un pont mobile, quelles en seront les dimensions.

Toute personne désirant obtenir un bill privé devra, dans les huit jours au moins qui précéderont l'ouverture du parlement, déposer au bureau du greffier de la Chambre dans laquelle le bill doit prendre naissance, une copie de ce bill en langue anglaise ou en langue française, avec une somme suffisante pour en payer la traduction et l'impression. Après la seconde lecture et avant la prise en considération du bill par tout comité, le pétitionnaire aura aussi à payer au greffier du Sénat, ou au comptable de la Chambre des Communes (selon le cas) un honoraire de $200, plus une somme suffisante pour défrayer le coût de l'impression de l'acte dans les Statuts, et remettra le reçu de ce paiement au greffier du comité auquel ce bill aura été renvoyé.

L'honoraire de $200 payable sur tout bill privé, ne sera payé que dans la Chambre où ce bill a pris naissance ; mais les frais de réimpression et de traduction nécessités par ce bill seront payés dans la Chambre où ces frais sont encourus.

Aucune pétition pour l'obtention d'un bill privé ne sera reçue par le Sénat ou par la Chambre des Communes, après les premières trois semaines de la session.

Aucun bill privé ne pourra être présenté au Sénat ou à la Chambre des Communes après les premières quatre semaines de la session.

EDOUARD J. LANGEVIN,
Greffier du Sénat.

JOHN GEORGE BOURINOT,
Greffier des Communes.

RÈGLES ADDITIONNELLES DE LA CHAMBRE DES COMMUNES CONCERNANT LES BILLS PRIVÉS.

Tous les bills privés demandant des actes constitutifs devront être rédigés de manière à y incorporer, en les spécifiant, les *clauses* des Actes généraux concernant les détails qui font l'objet de ces bills ; des raisons spéciales seront données chaque fois que l'on aura l'intention de se départir de ce principe, ou que l'on voudra y introduire d'autres dispositions touchant ces détails ; et une note sera annexée au bill indiquant les dispositions au sujet desquelles l'on entend s'écarter de l'Acte général ; les bills qui ne seront pas rédigés conformément à cette Règle, devront être remodelés par les auteurs et réimprimés à leurs frais, avant qu'aucun comité en examine les clauses.

51*a*. Tous les bills privés pour chartes ou pour modification de chartes de compagnies de chemins de fer seront rédigés conformément au bill-modèle dont copie peut être obtenue du greffier de la Chambre ;

(*a*.) Les dispositions contenues dans un bill quelconque qui ne seront pas conformes au bill-modèle, seront insérées entre crochets, et après avoir été revisées par l'officier compétent, elles seront imprimées ainsi ; et les bills qui ne seront pas rédigés en conformité de cette règle seront renvoyés aux auteurs pour être remodelés avant leur revision et impression ;

(*b*.) Toutes clauses d'actes existants que l'on proposera de modifier, seront imprimées en entier, avec les amendements insérés en leur lieu et place, et entre crochets ;

(*c*.) Toutes dispositions exceptionnelles que l'on proposera d'insérer dans un bill quelconque, seront imprimées dans l'avis publié.

51*b*. Nul bill pour la constitution légale d'une compagnie de chemin de fer ou pour changer le tracé du chemin de fer d'une compagnie déjà constituée ne sera pris en considération par le comité des chemins de fer à moins qu'il n'ait été donné au comité, au moins une semaine avant la prise en considération du bill—

(*a.*) Une carte ou plan à l'échelle de pas moins d'un demi-pouce au mille, indiquant le territoire sur lequel l'on se propose de construire les travaux projetés, ainsi que les lignes de travaux analogues existants ou autorisés, dans les limites du district, ou partie du district que la ligne projetée doit desservir, ou affectant le dit district en aucune manière ; cette carte ou plan devra être signé par l'ingénieur ou toute autre personne qui l'aura fait ;

(*b.*) Un exhibit faisant connaître le montant total du capital que l'on se propose de prélever pour les fins de l'entreprise, et la manière dont on se propose de le prélever, soit au moyen d'actions ordinaires, obligations, débentures ou autres garanties, et le montant respectif de chacune.

JOHN GEORGE BOURINOT,
Greffier des Communes.

ORDRE SPÉCIAL DE LA CHAMBRE DES COMMUNES.

Résolu,—Que le greffier de la Chambre adresse une copie de la Règle 49 modifiée aux personnes qui signifient dans la *Gazette du Canada* leur intention de s'adresser au parlement pour la passation d'un bill privé, ainsi qu'un avis portant que la dite Règle sera strictement appliquée à l'avenir :—

49. Les pétitions pour bills privés ne seront reçues par la Chambre que pendant les trois premières semaines de la session, et les bills privés ne pourront être présentés à la Chambre que pendant les quatre premières semaines de la session ; et tout comité auquel aura été renvoyé un bill privé devra le prendre en considération et en faire rapport à la Chambre avec toute la diligence convenable.

2. Qu'il soit enjoint à tous les comités sur bills privés, dans le cas où les promoteurs ne seraient point prêts à procéder avec leurs mesures quand celles-ci auront été appelées deux fois en deux occasions différentes devant le comité pour y être considérées, de rapporter ces mesures à la Chambre sans délai, faisant connaître les faits, et avec la recommandation que ces bills soient retirés."

JOHN GEORGE BOURINOT,
Greffier des Communes.

SUBSTANCE DES RÈGLES ET FORMES DE PROCÉDER DU SÉNAT CONCERNANT LES BILLS DE DIVORCE.

L'époux qui a l'intention de demander un bill de divorce doit faire connaître cette intention, ainsi que les noms de l'autre époux et la cause du divorce, par avis inséré durant six mois avant la présentation de sa pétition pour obtenir le bill, dans la *Gazette du Canada* et dans deux journaux du district où il avait sa résidence habituelle à l'époque de séparation d'avec son conjoint, s'il résidait alors dans la province de Québec, le Manitoba, la Colombie-Britannique, ou les Territoires du Nord-Ouest,—ou du comté ou des comtés-unis, s'il résidait dans une autre province ; mais si ce nombre de journaux ne s'y trouve pas, l'avis sera publié dans le district, le comté ou les comtés-unis voisins. Dans les provinces de Québec et de Manitoba, les insertions seront faites dans un journal anglais et un journal français, s'il en existe deux langues dans le district : autrement, elles se feront en anglais et en français au même journal.

Il doit être signifié, à la diligence de l'époux pétitionnaire, un mois au moins avant la présentation de la pétition, une copie de cet avis à l'autre époux en personne, si cela est possible.

Aucune pétition en divorce n'est reçue après l'expiration des trente premiers jours de la session.

Toute pétition en divorce devra être écrite lisiblement et porter la signature du pétitionnaire. Elle énoncera sommairement le fait du mariage, le lieu et l'époque de sa célébration, les noms du célébrant, les griefs qui donnent lieu à la demande de redressement et la nature du redressement demandé, et en outre contiendra assurance qu'il n'y a pas eu réconciliation, collusion ni connivence. Les allégations de la pétition seront appuyées de la déclaration du pétitionnaire, faite en vertu de "l'Acte concernant les serments extra-judiciaires."

Huit jours avant l'ouverture du Parlement, le pétitionnaire déposera au bureau du greffier du Sénat, une copie en langue anglaise ou française du bill de divorce qui doit être présenté, et en même temps une somme suffisante pour payer la traduction et l'impression et tirage à 600 exemplaires anglais et 200 exemplaires français de ce bill.

La pétition en obtention d'un bill de divorce n'est présentée que lorsque le pétitionnaire a versé au bureau du greffier du Sénat une somme de $200.

La pétition, au moment de sa présentation, doit être accompagnée de la preuve de la publication d'avis, d'une déclaration qu'il a été signifié une copie de l'avis, et d'une copie du bill qui doit être présenté.

Additional plans in the case of certain canals.

6. In the case of all ditches or canals carrying more than twenty-five cubic feet of water per second, in addition to the above information the applicants shall furnish the following maps or plans:

(*a.*) A longitudinal profile of the ditch, showing the bottom and the proposed surface water line. The horizontal scale of this plan shall be not less than one inch to four hundred feet, and the vertical scale not less than one inch to twenty feet;

(*b.*) A plan showing cross-sections at a sufficient number of points to fully illustrate all the different forms which the ditch when constructed will take, particularly on side-hills or elsewhere where any portion of the water is to be conveyed in fill. When water is to be conveyed in cut there shall also be shown on this plan cross-sections at points where the shortest horizontal distance from either side of the bottom of the ditch to the surface of the ground is less than double the bottom width of the ditch at that point. The plan shall be drawn on a horizontal and vertical scale of one inch to twenty feet.

Plans of works in connection with reservoirs.

7. Plans of any dams, cribs, embankments or other works proposed to obstruct any river, stream, lake or other source of water supply, or in order to create a pond, reservoir or basin of water anywhere, or which may have that effect, shall be prepared on a longitudinal scale of not less than one inch to one hundred feet, and for cross-sections on a scale of not less than one inch to twenty feet, and shall show what material is intended to be used and how placed in such works. The timber, brush, stone, brick or other material used in such works shall be shown in detail on a plan, the scale of which shall be not less than one inch to four feet.

Plans of ground under reservoirs.

Cross-section maps or plans showing the surface of the ground under such pond, reservoir or basin of water, and also the surface of the water proposed to be held therein; the horizontal scale of the said maps or plans shall be not less than one inch to one hundred feet; and the vertical scale shall be not less than one inch to twenty feet; and a sufficient number of lines of levels shall be shown, so that the contents of the pond, reservoir or basin of water may be accurately determined. If the maps or plans show the levels by contour lines, they shall be on a scale sufficiently large that the contour lines, showing a vertical distance between them not exceeding one foot, may be accurately delineated. The maps or plans shall have sufficient information to show clearly the property likely to be affected by the creation of such ponds, reservoirs or basins of water, and the manner in which affected, and shall show in detail such other particulars as the Minister or the Governor in Council sees fit to order; and there shall also be furnished a plan, on a scale of not less than one inch to four feet, showing the proposed manner of controlling and drawing off the water from any such pond, reservoir, or basin.

Filing of memorial and plans with Minister and with agent.

13. The memorial and maps or plans shall be made in duplicate and signed by the applicant, or, if the applicant is a company, by the executive officers thereof,—such of the maps or plans as are intended to show the land to be affected by the works being also signed and certified correct by a Dominion land surveyor,—and shall be filed, one copy with the Minister and the other copy with the agent, and the same or a true copy thereof shall be open for examination by the public at all times in the Department of the Interior at Ottawa, and at the office of the agent.

2. In any case where he thinks proper, the Minister may direct that a copy be also filed in such other place or with such other official or person as he names for that purpose, and such copy also shall be open to public inspection.

3. Public notice of such filing,—which notice shall contain a statement of the nature of the rights applied for and the general location and character of the proposed works,—shall forthwith be given by the applicant in the *Canada Gazette*, and not less than once a week in some newspaper published in the neighbourhood of the proposed works and to be named by the agent, for a period of not less than thirty days nor more than ninety days, as the Minister determines,—within which time all objections to the proposed works shall be forwarded to the Minister.

Notice of filing.

4. The Minister shall consider all objections filed and report thereon to the Governor in Council, who may thereupon by Order in Council authorize the construction of the said works with such changes or variations as are deemed necessary.

Proceedings thereupon.

14. Any works authorized under this Act shall, if the Minister so determines, be constructed subject to inspection during construction from time to time, and on completion, and at any time thereafter, by an officer to be named by the Minister; and the cost of such inspection or such portion thereof as the Minister decides shall be borne by the company constructing such works.

Inspection of works.

2. Should any person residing on or owning land in the neighbourhood of any works, either completed or in course of construction, apply to the Minister in writing desiring an inspection of such works, the Minister may order an inspection thereof.

Inspection on application of proprietor near works.

3. The Minister may require the applicant for inspection to make a deposit of such sum of money as the Minister thinks necessary to pay the expenses of an inspection, and in case the application appears to him not to have been justified may cause the whole or part of the expenses to be paid out of such deposit.

5. Upon any inspection under the provisions of this section the Minister may order the company to make any addition or alteration which he considers necessary for their security to or in any works of the company, and non-compliance with such order may be dealt with in the same manner as is provided with respect to an order of the Minister under section thirty-four of this Act.

Works to be made secure.

15. No work shall be commenced until the approval of the Governor in Council has been signified by public notice in the *Canada Gazette* and some newspaper published in the neighbourhood of the proposed works and named by the Minister, which notice shall set forth the particulars mentioned in the memorial, with such changes or variations as the Governor in Council sees fit to order, and shall specify a time within which such works shall be completed. Such notice shall be published in not less than two successive issues of such newspaper, and shall be the authority for proceeding with the work. A copy of the notice shall also be recorded in a book specially kept for that purpose by the agent in the office for his district, and this record shall remain open for public inspection. If either the lands on which the water is to be applied or the waters to be used therefor are not confined to the territory assigned to any one agent, a record must be filed with each agent in whose territory any part thereof is situate.

Public notice to be given before commencing works.

2. Any changes and variations ordered by the Governor in Council regarding the plans of the proposed works must be filed by the applicant in the office of the agent, and shall form a portion of the record open for public inspection.

Deviation from plans.

3. No material deviation from the plans filed shall be made without permission, and any question arising as to whether any deviation is material or otherwise shall be decided by the Minister or such officer as he designates.

When works may be commenced.

16. The company, immediately after the last publication of such last mentioned notice, may proceed with the execution and construction of the works authorized, and for the purposes of such execution and construction shall have the powers conferred by *The Railway Act* upon railway companies so far as the same are applicable to the undertaking of the company and are not inconsistent with the provisions of this Act or with the authority given to the company, the provision conferring such powers being taken for this purpose to refer to any work of the company where in the said Act they refer to the railway.

Time for commencing works limited.

17. The construction of any work authorized under this Act shall be commenced not later than two months after the last publication of such last-mentioned notice, unless such two months expire between the first day of November and the first day of May following, in which case the time of commencement shall not be later than the first day of May following, and shall proceed continuously until sufficiently completed to supply water to all applicants within the area described in the authorization, provided there is sufficient water available for that purpose; and the Minister or such officer as he designates, shall be the sole arbiter as to whether the work is being prosecuted with sufficient vigour.

Extension of time in case of disaster.

2. Should any unforeseen disaster intervene to prevent the construction or completion of the works within the time limited, or for any other reasons which he deems sufficient, the Governor in Council may authorize an extension of time for the commencement or completion of the works.

Forfeiture of rights if works are not completed within time limited.

3. Upon the expiration of the time limited for the completion of the works, the rights granted to the company shall cease and determine, except in so far as they are necessary for effectually operating the works then completed; and any works at the date of such forfeiture constructed or acquired by it may be taken over and operated or disposed of by the Governor in Council in the manner and upon the terms hereinafter provided.

Company's rights limited by capacity of works.

18. When any works for carrying water are not of sufficient capacity to carry the quantity of water acquired by their owner, his exclusive right shall be limited to the quantity which such ditch, flume or other contrivance is capable of carrying; and in case of dispute as to such quantity the Minister may order an inspection of the works; and the report and finding of the inspecting officer as to the capacity thereof shall, for the purposes of this section, be final and conclusive.

Priority of right.

Settlement of disputes.

19. Companies which acquire the right to use or divert water from any river or other source of supply shall, subject to the provisions of section eight, have priority among themselves according to the date of their licenses or authorizations, so that each company shall be entitled to receive the whole of the supply to which its license or authorization entitles it, or to the amount of water which its works will carry, or to the amount of water required by the land on which it is applied, whichever is the smaller amount, before any company whose license or authorization is of a later date has any claim to a supply; and should complaint be made to the Minister, or to an officer authorized by him to receive such complaints, that any company is receiving water from such source of supply to which another company is entitled by virtue of priority of right, and that the company having such priority of right is not receiving the supply to which it is entitled, some officer to be named by the Minister or the officer to whom complaint is so made, as the case may be, shall inquire into the circumstances of the case, and if he finds that there is ground for the complaint shall cause the head-gates of the ditch or other works of the company which is receiving an undue supply of water to be closed so that the supply to which the other company is entitled shall pass and flow to its works.

Information to be afforded to inspecting engineer.

20. Every company and the officers and directors thereof shall afford to any inspecting officer such information as is within their knowledge and power in all matters inquired into by him, and shall submit to such inspecting officer all plans, specifications, drawings and documents relating to the construction, repair or state of repairs of the works or any portion thereof.

Lands required for the works of the company, as shown by the maps and plans filed, in whomsoever they are vested, whether in Her Majesty or in any company under this Act, or in any railway company, or in any other person whomsoever, or any interest in or right or privilege with regard to such land which is so required, may be taken and acquired by the company; and to this end all the provisions of *The Railway Act* which and so far as they are applicable to such taking and acquisition, shall apply as if they were included in this Act, the Minister of the Interior and the Department of the Interior being substituted for the Minister of Railways and Canals and the Department of Railways and Canals, respectively, wherever in the provisions of the said Act the latter Minister and Department are referred to: Provided, that the Minister of the Interior may impose such terms and conditions as he thinks proper in the public interest in connection with the acquisition under this section of any lands which are vested in any company under this Act, or in any railway company, or of any interest in such lands or any right or privilege affecting such lands.

Compensation for damages.

2. All the provisions of *The Railway Act* which are applicable shall in like manner apply to fixing the amount of and the payment of compensation for damages to lands arising out of the construction or maintenance of the works of the company or the exercise of any of the powers granted to the company under this Act.

Maps, &c., to be duly certified.

22. All maps, plans and books of reference showing the lands required by the company for any purpose in connection with the construction or maintenance of its works must be signed and certified correct by a duly qualified Dominion land surveyor.

Penalty for obstructing engineer or surveyor.

24. Every person who interrupts, molests or hinders in his work any engineer or Dominion land surveyor engaged in making surveys or levels, or in other operations in connection with any work authorized under this Act, is guilty of an offence, and liable on summary conviction to a penalty not exceeding twenty dollars, or to imprisonment for a term not exceeding two months, or both.

Penalty for improper diversion of water by company.

25. No company authorized to divert the water of any river, stream, lake or other waters shall divert more water than the quantity actually required for the purpose authorized, and any company or officer or employee thereof so doing shall be guilty of an offence punishable on summary conviction by a fine not exceeding five dollars per day, or fraction of a day, for each unit or fraction of a unit of water so diverted.

Disputes as to quantity of water diverted.

2. In case of dispute as to the quantity of water diverted, the Minister may order an inspection of the works of the company by an officer named by him for that purpose; and for the purposes of this section the report and finding of such officer as to the quantity diverted shall be final and conclusive.

Penalty for improper diversion by any person.

26. Every person who, without authority, takes or diverts any water from any river, stream, lake or other waters or from any works authorized under this Act, or who takes or diverts therefrom any greater quantity of water than he is entitled to, is guilty of an offence and liable upon summary conviction to a fine not exceeding five dollars per day or fraction of a day for each unit or fraction of a unit of water improperly diverted, or to imprisonment for a term not exceeding thirty days, or to both, and upon indictment to a fine not exceeding five dollars per day or fraction of a day for each unit or fraction of a unit of water improperly diverted, or to imprisonment for a term not exceeding thirty days, or to both.

Forfeiture of company's rights by waste or non-user.

27. When any company abandons or ceases to use any waters acquired by it for the purposes for which they were acquired, and any charge of such abandonment or ceasing to use water is made to the Minister, such charge may be enquired into by him or by any person or officer appointed by him for that purpose; and the Minister shall submit his report upon such enquiry to the Governor in Council, and the Governor in Council may make such order in the premises as he deems just and proper; and if the Governor in Council should, as he may, by such order declare a forfeiture of the right of the company offending to the use of the water authorized, the right so ordered or declared to be forfeited shall cease and determine.

Disposal of surplus water to applicants.

28. Any company having the right to the use of water for irrigation or other purposes shall dispose of any surplus water flowing in its works which is not being utilized or used for the purposes authorized, to any person applying therefor for irrigation purposes and tendering payment for one month in advance at the regular prices.

Payment by applicant.

2. Persons so applying shall pay an amount equal to the cost and expense of the works required to convey the surplus water to them, or shall themselves construct such works; and until this is done the delivery of surplus water need not be made.

Quantity of water to which applicant is entitled.

3. When the necessary works have been constructed and the payment or tender herein provided for has been made, the applicant shall be entitled to the use of so much of the surplus water as such works have the capacity to carry.

Limitation.

4. Nothing in this section shall be construed to give to any person acquiring the right to use surplus water any right to the said surplus water when it is needed by the company for the purposes authorized, or to waste or sell or dispose thereof after being used by him, or shall prevent the original owners from retaking, selling or disposing thereof in the usual or customary manner after it has been so used as aforesaid.

29. No company undertaking to sell water conveyed by its works shall, subsequent to the first four years after the construction of such works as are necessary to convey the water to the user, discriminate between the users of such water regarding the price thereof.

No discrimination in prices after stated time.

2. If from any cause the whole amount of water agreed to be supplied by a company is not available, then each user shall have furnished to him by the company so much water as shall bear to the available water the same proportion as his usual supply bears to the whole amount agreed to be furnished.

If supply of water is insufficient.

3. Any company violating these provisions shall be guilty of an offence against this Act and liable upon summary conviction to a fine not exceeding one thousand dollars for each and every such offence, or to imprisonment for a period not exceeding two months, or to both.

Storage of water.

2. Should there be any works for the carriage of water which are not being utilized to their full capacity by their owner, and which can with advantage be utilized to carry the whole or any portion of the water desired to be stored any portion of the distance it is required to be so carried or conducted, without interfering with the use made of the said works by their owner, then the said works shall be placed at the disposal of the company desiring to so use it; and if the parties cannot agree to the compensation to be paid for such service, the Minister may fix the rate to be paid therefor.

Utilization for that purpose of existing works.

31. Any person or company constructing any works under the provisions of this Act, shall during such construction keep open for safe and convenient travel all public highways theretofore publicly travelled as such, when they are crossed by such works, and shall, before water is diverted into, conveyed or stored by any such works extending into or crossing any such highway, construct, to the satisfaction of the Minister, a substantial bridge, not less than fourteen feet in breadth, with proper and sufficient approaches thereto, over such works; and every such bridge and the approaches thereto shall be always thereafter maintained by such person or company.

Short title. **1.** This Act may be cited as *The Electrical Units Act.*

Units established. **2.** The units of electrical measure for Canada shall be the following:—

Ohm. (*a.*) As a unit of resistance, the ohm, which is based upon the ohm equal to 10^9 units of resistance of the centimetre-gramme-second system of electro-magnetic units, and is represented by the resistance offered to an unvarying electric current by a column of mercury, at the temperature of melting ice 14.4521 grammes in mass, of a constant cross-sectional area and of the length of 106.3 centimetres.

Ampere. (*b.*) As a unit of current, the ampere, which is one tenth of the unit of current of the centimetre-gramme-second system of electro-magnetic units, and is represented sufficiently well for practical use by the unvarying current which, when passed through a solution of nitrate of silver in water, and in accordance with the specification contained in schedule one to this Act, deposits silver at the rate of 0·001118 of a gramme per second.

Volt. (*c.*) As a unit of electro-motive force, the volt, which is the electro-motive force that, steadily applied to a conductor whose resistance is one ohm, will produce a current of one ampere, and which is represented sufficiently well for practical use by $\frac{1000}{1434}$ of the electro-motive force between the poles or electrodes of the voltaic cell known as Clark's cell, at a temperature of 15° centigrade and prepared in accordance with the specification contained in schedule two to this Act.

Coulomb. (*d.*) As a unit of quantity, the coulomb, which is the quantity of electricity transferred by a current of one ampere in one second.

Farad. (*e.*) As a unit of capacity, the farad, which is the capacity of a condenser charged to a potential of one volt by one coulomb.

Joule. (*f.*) As a unit of work, the joule, which is equal to 10^7 units of work in the centimetre-gramme-second system, and is represented sufficiently well for practical use by the energy expended in one second by one ampere in one ohm.

Watt. (*g.*) As a unit of power, the watt, which is equal to 10^7 units of power in the centimetre-gramme-second system, and is represented sufficiently well for practical use by the work done at the rate of one joule per second.

(*h.*) As the unit of induction, the henry, which is the induction in a circuit when the electro-motive force induced in that circuit is one volt, while the inducing current varies at the rate of one ampere per second. Henry.

3. The units of electrical measure described in the next preceding section, or such standard apparatus as is necessary to produce them, shall be deposited in the Department of Inland Revenue and shall form part of the system of standards of measure and weight established by *The Weights and Measures Act.*

Units and apparatus to be in Department of Inland Revenue.

SCHEDULE ONE.

In the following specification, the term silver voltameter means the arrangement of apparatus by means of which an electric current is passed through a solution of nitrate of silver in water. The silver voltameter measures the total electrical quantity which has passed during the time of the experiment; and by noting this time, the time-average of the current, or, if the current has been kept constant, the current itself, can be deduced.

In employing the silver voltameter to measure currents of about one ampere, the following arrangements should be adopted. The cathode on which the silver is to be deposited should take the form of a platinum bowl not less than 10 centimetres in diameter and from 4 to 5 centimetres in depth. The anode should be a plate of pure silver 30 square centimeters in area and 2 or 3 millemetres in thickness. This is supported horizontally in the liquid near the top of the solution by a platinum wire passed through holes in the plate at opposite corners. To prevent the disintegrated silver which is formed on the anode from falling on to the cathode, the anode should be wrapped round with pure filter paper, secured at the back with sealing wax.

The liquid should consist of a neutral solution of pure silver nitrate, containing about 15 parts by weight of the nitrate to 85 parts of water.

The resistance of the voltameter changes somewhat as the current passes. To prevent these changes having too great an effect on the current, some resistance besides that of the voltameter should be inserted in the circuit. The total metallic resistance of the circuit should not be less than 10 ohms.

SCHEDULE TWO.

The cell consists of zinc and mercury in a saturated solution of zinc sulphate and mercurous sulphate in water, prepared with mercurous sulphate in excess, and is conveniently contained in a cylindrical glass vessel.

The mercury.—To secure purity it should be first treated with acid in the usual manner, and subsequently distilled *in vacuo.*

The zinc.—Take a portion of a rod of pure re-distilled zinc, solder to one end a piece of copper wire, clean the whole with glass paper, carefully removing any loose pieces of the zinc. Just before making up the cell, dip the zinc into dilute sulphuric acid, wash with distilled water, and dry with a clean cloth or filter paper.

The zinc sulphate solution.—Prepare a saturated solution of pure ("pure re-crystallized") zinc sulphate by mixing in a flask distilled water with nearly twice its weight of crystals of pure zinc sulphate, and adding zinc oxide in the proportion of about 2 per cent by weight of the zinc sulphate crystals to neutralise any free acid. The crystals should be dissolved with the aid of gentle heat, but the temperature to which the solution is raised should not exceed 30° C. Mercurous sulphate treated as hereinafter described, should be added in the proportion of about 12 per cent by weight of the zinc sulphate crystals, and the solution filtered, while still warm, into a stock bottle. Crystals should form as it cools.

The mercurous sulphate.—Take mercurous sulphate, purchased as pure, and wash it thoroughly with cold distilled water by agitation in a bottle; drain off the water, and repeat the process at least twice. After the last washing, drain off as much of the water as possible.

Mix the washed mercurous sulphate with the zinc sulphate solution, adding sufficient crystals of zinc sulphate from the stock bottle to ensure saturation, and a small quantity of pure mercury. Shake these up well together to form a paste of the consistence of cream. Heat the paste, but not above a temperature of 30° C. Keep the paste for an hour at this temperature, agitating it from time to time; then allow it to cool, continuing to shake it occasionally while cooling. Crystals of zinc sulphate should then be distinctly visible, and should be distributed throughout the mass. If this is not the case, add more crystals from the stock bottle, and repeat the whole process. This method ensures the formation of a saturated solution of zinc and mercurous sulphates in water.

Contact is made with the mercury by means of a platinum wire about No. 22 gauge. This is protected from contact with the other materials of the cell by being sealed in a glass tube. The ends of the wire project from the ends of the tube; one end forms the terminal; the other end and a portion of the glass tube dip into the mercury.

CHAP. 39.

Pressure to be declared.

2. The variation of pressure at any purchaser's terminals shall not under any conditions of the supply which the purchaser is entitled to receive, nor at any time, exceed three per cent from the declared constant pressure, whether such variation is due to the resistance of the service lines or apparatus belonging to the contractors, or to any action or effect produced by such apparatus, for which the purchaser cannot be shown to be responsible, or partly to a variation of pressure in the distributing mains from which the supply is taken.

3. The contractors shall not be liable for any variation of pressure caused by unavoidable accident to the generating plant or apparatus, or by the uncontrollable condition of the elements.

Accidental variation.

5. The contractors shall be responsible for all electric lines, fittings and apparatus, belonging to them or under their control upon the purchaser's premises, being maintained in a proper condition and in all respects fit for supplying energy; but they shall not be responsible for any damages arising from the use of the electric current in lines, fittings and apparatus not belonging to them or under their control.

6. If the contractors are reasonably satisfied, after making all proper examination by testing or otherwise, that at some part of a circuit a connection with the earth exists of such resistance as to be a source of danger, and that such connection does not exist at any part of the circuit belonging to the contractors, any officer of the contractors duly authorized by them in writing, may, for the purpose of discovering whether such connection with the earth exists at any part of the wires upon any purchaser's premises, at all reasonable times, after giving one hour's notice of his intention to do so, enter such premises and disconnect the purchaser's wires from the service lines, and may require the purchaser to permit him to inspect and test the wires and fittings belonging to the purchaser and forming part of the circuit.

7. If on such testing the officer discovers that a connection exists between the purchaser's wires and the earth, and that such connection has an electrical resistance not exceeding five thousand ohms, or if the purchaser does not give all due facilities for such inspection and testing, the contractors shall forthwith discontinue the supply of energy to his premises, giving immediate notice of such discontinuance to the purchaser, and shall not recommence such supply until they are satisfied that such connection with the earth has been removed.

Discontinuance of supply in such case.

8. If any purchaser is dissatisfied with the action of the contractors, either as to the mode of making the test or in discontinuing the supply of electricity to his premises, the wires and fittings of such purchaser may, on his application to the department, be tested for the existence of such connection with the earth by an electric light inspector.
